

# SHIFTS BLAME IN BRIBE 'TIP' TO BREWERY

Ohio State Official Charges  
U. S. Dry Officer Pro-  
posed Deal.

COLUMBUS, O., Feb. 1.—John F. Eckhart, assistant federal prohibition commissioner, "suggested" that the Jackson brewery, Cincinnati, be tipped off when raids or inspections were contemplated, Bert B. Buckley, state treasurer, declared today in defending himself against charges of bribery.

Buckley, on trial on charges of attempting to bribe Eckhart, resumed the witness stand when court reconvened this morning.

He also hurried "the lie" at John L. Schrimper, Cincinnati attorney, and Joseph Sperber, brewmaster of the brewery, who were jointly indicted with him.

Schrimper and Sperber pleaded guilty and Schrimper has appeared as a government witness.

Another federal witness was Adolph Gruber, a lawyer who was named a co-conspirator, but was not indicted.

Buckley testified Eckhart suggested the "tip-off" system when the dry agent was a candidate for state prohibition commissioner. Eckhart thus hoped to obtain the support of Schrimper and Gruber whom he believed powerful politically in Cincinnati, the treasurer testified.

Previously, on direct testimony, Eckhart and Schrimper testified Buckley plotted to divide "protection money" of \$5 a half barrel on beer manufactured in the brewery.

Schrimper and Gruber were to receive \$250 and Buckley the remainder with which he was to pay Eckhart for "tips."

Schrimper, Buckley charged, told him "lots of real beer was being made in Cincinnati," and that Gruber "was the payoff man on protection," he declared Schrimper told him the cost of protection was \$5 a half barrel and that there would be \$300 a month in it for Eckhart if he would take that type of money.

# AIDS HAIRDRESSERS IN LOBBYING LAWS

Walter A. Huffman Is Registered  
With State to Work for Society.

Walter A. Huffman, Indianapolis member of the 1927 legislature, has registered as lobbyist for the State Society of Cosmetologists and Hairdressers, according to record in the office of Secretary of State Otto G. Fife.

Huffman helped in the effort to pass the licensing bill for the hairdressers in 1927, when it was juggled back and forth and final defeat threatened in the senate. After at last surviving both houses the bill was given a pocket veto by Governor Ed Jackson.

Other lobbyists registered Thursday were James J. Dooney, Gary, State Plumbers' Association; Carl Mullen, Hammond, State Conference of Painters and Decorators; C. D. Adair, Elwood, Indiana Association of Optometrists, and Guy P. Ackerman, Indianapolis, Indiana State Carpenters Council.

# CITY REALTY BOARD BACKS MANAGER ACT

Past Resolution Condemning Efforts  
to Repeal State Law.

Condemnation of efforts to repeal the present city manager law and approval of proposed City Manager League amendments to the present law were voiced by the Indianapolis Real Estate Board in a resolution Thursday.

The resolution, unanimously adopted, was presented by Frank E. Gates, legislative committee chairman. Several legislators were present, including: Senators Roy M. Friedley, Muncie; C. Oliver Holmes, Gary; Oliver C. Pell, Carbon, and Representatives Ed J. Bonchard, South Bend, and Eli J. Huber, Evansville.

Huber said Evansville "wants the city manager form of government as much as Indianapolis."

# OPPOSE FARM REPORT

State Federation Favors General  
Sales Tax but Not Luxury Levy.

Senator Alonzo H. Lindley's agricultural survey committee report, presented to the senate Thursday, does not represent the stand of the Indiana Farm Bureau Federation, according to a statement of President William H. Settle of the federation.

He pointed out that the farm bureau favors a sales tax on luxuries and amusements, but not a general sales tax as the committee report recommends.

"We are not in favor of a general sales tax," Settle said.

# You Pass, Prof!

Students at I. U. Extension  
Grade Instructors  
on Proficiency.

"My professor makes work repulsive, he exhibits irritating mannerisms, he is monotonous, and he constantly shows partiality." Students at Indiana university extension division can say these things about their professors this week—and get away with it, too.

It all is a part of the new marking and grading system for professors, with the students holding the aces and trumps. It was devised at Purdue university.

But students also can say "My professor is absolutely fair and impartial to all, he is clear and definite and forceful, he is sure of himself and meets difficulties with poise, and he inspires students to independent effort."

The professor is rated on the following points: Interest in subject, sympathetic attitude toward students, fairness in grading, liberal and progressive attitude, presentation of subject matter, sense of proportion and humor, self-reliance and confidence, personal peculiarities, personal appearance, and stimulating intellectual curiosity.

The rating scales are passed out in the evening classes and the student checks the teacher's grade. The rating is entirely impersonal, no writing is used, and no names are signed. Only the instructor sees the results of the test to which he has subjected himself, as the rating sheets and averages are not passed out to other university officials.

The purpose of the scale is to give the teacher a chance to see himself as his classes see him. The forty instructors in the Indianapolis center are entering into the test with interest, according to officers in charge of the work.

# IF KIDNEYS ACT BAD TAKE SALTS

Says Backache Often Means  
You Have Not Been Drinking  
Enough Water.

When you wake up with backache and dull pain in the kidney region it may mean you have been eating foods which create acids, says a well-known authority. An excess of such acids overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys, also to neutralize acids in the system, so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink. Drink lots of good water.—Advertisement.
