

## LEGISLATURE IN BITTER FIGHT ON APPEAL BONDS

House Debates Measure to Make Obtaining of Liberty Difficult.

One of the bitterest fights of the present session of the Indiana house of representatives has been precipitated on second reading of the bill introduced by Representative Lloyd Claycomb, Indianapolis, which would make difficult the obtaining of liberty on bond while a prison sentence is being appealed.

The measure was before the house this morning as a special order of business and was continued until this afternoon.

A two and one-half-hour debate which started in the morning and continued in the afternoon session signalized the introduction of the bill for second reading Monday.

No sooner had Claycomb risen to explain his bill, which provides that release on criminal appeals on bail can be had only on petition to the court where the appeal is taken and then only on proper showing of a strong probability of reversal, when the fight was on.

**Party Lines Are Broken**  
A motion to strike out the enacting clause of the bill, which would kill the measure, was introduced by Representative John W. Scott, Gary. Party lines were broken in the debate which followed.

An appeal to save "our government which gradually is slipping away from us," was voiced by Representative Emerson E. McGuffee (Dem.), Portland, who rose in opposition to the bill.

Speaking from his experience on the bench, the aged jurist declared that he was protesting against innocent persons going to jail.

"In former days the supreme court would decide a case in sixty to ninety days, but today I am reliably informed by a supreme court judge that the court is three and one-half years behind in its work."

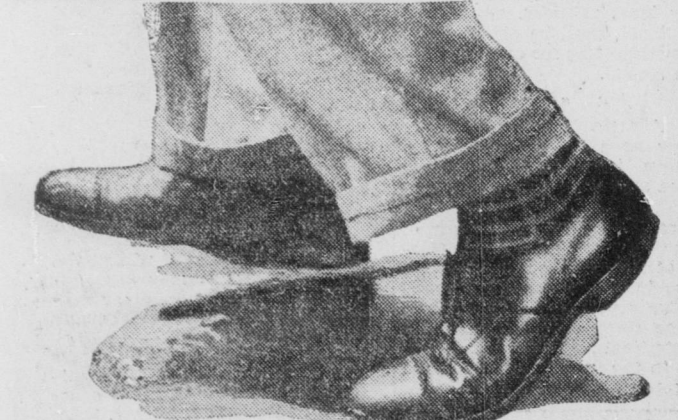

## HAVE KIDNEYS EXAMINED BY YOUR DOCTOR

Take Salts to Wash Kidneys if Back Pains You or Bladder Bothers

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaken; then you may suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges.

To help neutralize these irritating acids, to help cleanse the kidneys and flush out the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then get fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive; cannot injure and makes a delightful effervescent lithia-water drink. By all means have your physician examine your kidneys at least twice a year.—Advertisement.

## After wet feet, guard against Sore throat

Listerine kills germs in 15 seconds

WET feet, drafts, changes of temperature, encourage sore throat and colds.

Don't let them become serious. At the first symptom, gargle with Listerine full strength.

Used this way, Listerine is entirely safe, yet it is so powerful that in 15 seconds it kills even the stubborn B. Typhosus (typhoid) germ used by U. S. Government to test the power of antiseptics.

No wonder it succeeds quickly against an ordinary cold and sore throat—which are caused by germs. Use Listerine full strength every day during nasty weather. Write today for our complete free booklet "Personal Hygiene." Address Dept. S-81, Lambert Pharmaceutical Company, St. Louis, Mo., U. S. A.

## Do this and escape colds

Countless colds start when germs are carried to the mouth from food. By using Listerine on the hands before every meal, you attack such germs and lower the risk of cold. Remember this, mothers, when handling baby's food.

The Safe Antiseptic

## New Art Head

Photo by Gysin Studio.  
Wilbur D. Peat, director of the Akron (Ohio) Art Institute, who will become director of the John Herron Art Institute here July 1.

That would mean throwing probably innocent persons in jail, for years before their cases could be decided and is an infringement of the rights of a free people."

## Charge Laxity on Bonds

Representative Delphi L. McKesson (Dem.) Plymouth, declared:

"The delay in the supreme court is directly due to the lax manner in which appeal bonds are granted. The supreme court knowing the convicted person is out on bond does not care how long it takes before a case is decided."

Claycomb said he had been informed by a supreme court judge that one-third of the appeals would be removed from the docket if the measure under consideration was passed.

The afternoon debate was opened with an impassioned plea for the defeat of the bill by Representative Fabius Gwin (Dem.), Shoals, who pointed out that at one time thirty-three appeals were pending from Judge Clarence Dearth of the Delaware circuit court and of that number twenty-two cases were reversed by the supreme court.

The closing speech was made by Scott, who cited portions of the constitution upholding the right of appeal and appeal bond.

"We must be careful that we do not become overly alert in our attempts to put an end to the campaign to do away with the epidemic of crime now sweeping the country so that innocent persons are not punished."

A motion to lay the motion striking out the enacting clause upon the table was presented by John W. Thiel (Rep.) of Hobart, another member of the Lake county delegation, and carried 49-34.

Motion of J. Glenn Harris, Gary, that the bill be made a special order of business today, carried.

## FARM STATION SOUGHT

Florists' Association Seeks to Win Site in Indiana.

Indiana Florists' Association today sought to establish a United States department of agriculture experiment station in Indiana. It is understood the government is surveying the middle west for a site. Indiana senators and congressmen will be asked to present the claims of Indiana.

The association will hold its annual meeting at Purdue university March 5.

## Veteran Doctor Dies

BLOOMFIELD, Ind., Feb. 13.—Dr. Peter M. Cook, 82, a resident of Greene county seventy-one years, is dead here at the home of his daughter, Mrs. Clyde O. Yoho, after a short illness of pneumonia.

## PAPAL TREATY HELD MASTER COUP OF DUCE

Bid for World-Wide Support by Mussolini: Seen in Vatican Peace.

By United Press  
ROME, Feb. 13.—Benito Mussolini, fascist dictator of Italy, was credited today with having successfully engineered for his nation one of the most important and far-reaching coups in the history of world diplomacy in bringing about the signing of the treaty with the Vatican, ending the troublesome Roman question.

Observers saw in the unofficial working out of the broad lines of the treaty a bid by Mussolini for world-wide support and influence. Catholics, it is pointed out, will not soon forget that Mussolini liberated the pope from their voluntary imprisonment in the Vatican, an eventuality for which the millions of Catholics throughout the world have been praying ceaselessly for more than half a century.

With this broad basis of good-will in foreign lands upon which to function, and with the geographical position of the Holy See enabling Italians practically to monopolize many offices, such as the nuncios and functionaries, observers saw in the general administration of the great organization of the church of Rome a constant stream of missionaries of Italy and the Italian government spreading to the far corners of the earth.

Furthermore, Mussolini was credited with a most clever political move in replacing France in one of the privileges heretofore exclusively enjoyed by the latter. The signing of the Vatican treaty has placed Italy in first favor with the Holy See and given Italy the opportunity to offer her good offices whenever missionaries of the Holy See are endangered in foreign lands. Italy will have, too, a distinct advantage wherever these missionaries are Italian subjects.

The breaking down of age-old traditions between Italy and the

## Weds Heir

Miss Betty Phelps of Boulder, Colo., became the bride of Keith Kellogg, grandson of W. K. Kellogg of Battle Creek, Mich., the breakfast food manufacturer, on Jan. 9, it just has been revealed. Mrs. Kellogg is 19.

Vatican gives hope, too, that Mussolini, having an eye to the world sympathy and support, may lend his political weight to the movement to bring about the election of a non-Italian pope, whereafter the ancient custom of appointing Italians to all important positions might be greatly modified, but bringing to Mussolini the regime still the broad influence of the far-flung organization of the church.

The payment of the enormous indemnity to the Vatican, although regarded by the church as a gesture of satisfaction for the despoiling of vast treasures of art, buildings and lands in 1870, which could not be accounted for in money, is a further basis of good-will.

The pontiff has not prescribed that these moneys shall be used for missionary work.

## Scarlet Fever Closes Schools

EDWARDSVILLE, Ind., Feb. 13.—An epidemic of scarlet fever in the vicinity has caused closing of all neighborhood schools. More than two-thirds of the pupils of the schools are reported ill.

## TROLLEY CRASH PERILS LIVES OF 100 PERSONS

Four Men Are Injured; One Perhaps Fatally in Downtown Smash.

Four were injured, one perhaps fatally early this morning, when two street cars, loaded to capacity with workers en route to outlying factories, crashed at Meridian and Washington streets.

More than one hundred passengers received minor bruises and suffered from shock, while about a dozen men averted serious injury or death by leaping from one car's rear platform.

Faulty brakes are blamed for the mishap by C. P. Oliver, 341 North East street, motorman on one of the trams.

The wreck, which tied up traffic in the downtown district for more than half an hour, occurred at 6:45 a. m., when a westbound Brookside car crashed into the rear of a West Washington street car which was taking on passengers.

The Brookside one-man car piloted by Oliver, had picked up speed between blocks. When the brakes failed to hold, there was no opportunity of averting the crash.

Those injured:

George Morrison, 1419 Yandes street, Negro, severe back and internal injuries, condition critical.

William Stapely, 730 East Washington street, a former local pugilist known as Bobby Lee, injured legs and back.

Ed Snider, 1743 West Washington street, motorman, shoulder and neck injured.

Oliver, hands cut severely by flying glass. The Washington street car, a small, open platform type known as a "dinky," had stopped a moment before the crash to take on passengers, and more than two dozen workers were struggling for stepping room on the platform. Many who saw the Brookside car approaching rapidly sensed the im-

## Too Tame

"We didn't fire a shot and it was the tamest expedition the marines ever made," was the comment of Brigadier-General Snedley D. Butler upon his return to San Francisco the other day. Butler and a brigade of marines went to China two years ago when Americans were said to be in danger.

pending wreck and leaped to safety. As the car drew nearer, with no apparent effort being made to slacken its speed, a wild scramble to leave the rear platform took place.

Albert Sutton, 824 East Walnut street, and Frank Wade, 236 North Arsenal street, were among those who leaped.

A severe traffic jam followed the wreck, and three squads of police worked to straighten out the tangle. Street cars, lined up for two blocks on Washington and cross streets, were rerouted, and the hundreds of early morning workers, unwilling witnesses of the work to clear the streets, at last were able to proceed to their employment.

Sergeant Charles Hodges directed police work at the scene.

## CHURCHES HOLD LENT SERVICES

First Day of Season Is Observed in City.

Today is Ash Wednesday and the beginning of Lent.

With the opening of the season of worship the first of a series of noon-day services was held by the Christ Episcopal church. The Rt. Rev. Joseph M. Francis, bishop of the Indianapolis diocese, officiated.

Catholic churches in the city held 8 o'clock mass.

Tonight each Catholic church in the city will hold a "holy hour." At the cathedral the Rt. Rev. Joseph

Chartrand, bishop of the Catholic diocese of the city, will speak.

Two services, one a communion, were held by the St. Paul's Episcopal church this morning. Dr. Lewis Brown, rector, gave the opening Lenten address at 10 a. m.

"The existence of God can not be proved in such a manner as to cause every one to acknowledge it," said Bishop Francis. "If it could be so proved, only those who lacked mentality would be the unbelievers of the ages. This is not so. Men and women of the highest intellectual attainments can be named in both classes."

"There are innumerable and reasonable reasons for accepting the fact that God is, but if He is to be realized as a living, personal, imminent being, not only as a name, faith must issue in such an experience as will enable us to say with St. Paul, 'I know in whom I have believed.'"

## Acid Stomach

Excess acid is the common cause of indigestion. It results in pain and sourness about two hours after eating. The quick corrective is an alkali which neutralizes acid. The best corrective is Phillips' Milk of Magnesia. It has remained standard with physicians in the 50 years since its invention.

One spoonful of Phillips' Milk of Magnesia neutralizes instantly many times its volume in acid. It is harmless and tasteless and its action is quick. You will never rely on crude

methods, never continue to suffer, when you learn how quickly, how pleasantly this premier method acts. Please let it show you now.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. 25c and 50c a bottle—any drug store.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.—Advertisement.

## Marott's Price Sale

### Quality Shoes

**Begins Tomorrow at 8!**  
... A Money-Saving Opportunity! Shop Early!

Marott's have cut ALL the profit and much of the cost on every pair of our broken lots of fine quality footwear! Values such as you have never seen before! So many styles and materials are included that no description is practical! There are sizes for the entire family!

Women's Shoes...MAIN FLOOR	
498 Pairs \$6 Pumps, Straps, Oxfords.....	\$3.00
