

# SMART CLOTHES FILL WARDROBE OF MRS. HOOVER

First Lady-to-Be Wears  
Black and White Almost  
Exclusively.

Following is the record of a series of articles giving an intimate picture of the next first lady of the land.

BY HANNAH HUNT STOKES  
(Written for the United Press)

MIAMI BEACH, Fla., Feb. 15.—Women are wondering what influence Mrs. Herbert Hoover will have on dress in this country. They look with pride upon the present First Lady, whose clothes and personal appearance always have been more than satisfying.

To Mrs. Harding the women of the United States are indebted for the blue, which she wore frequently. Mrs. Coolidge wears red and other bright colors.

Mrs. Hoover's clothes reflect her personality. She is not a superficial person and as a result is not more than normally interested in clothes. She is fastidious, however, and is always smartly dressed.

Favors Black and White

Mrs. Hoover is a striking looking person. Her hair is a lovely silver and her skin is that of a healthy woman who spends much time out of doors. With the exception of a few clothes, her wardrobe consists mostly exclusively of black and white things.

While crossing the country in November, she wore a black crepe dress on the train and at football games in Stanford university stadium a black tailored dress with a silver fox scarf and small black hat. Election night, when she was hostess to her friends and neighbors at her Palo Alto home, her dress was a black and grey printed velvet, made simply.

Wears No Jewelry

On the South American trip, Mrs. Hoover wore white clothes constantly, while cruising.

On her arrival in Miami her costume consisted of a green and white figured print, black transparent coat, black hat and shoes, and light hose.

For the most part, her hats are small and tight-fitting. Her shoes are comfortable-looking, with sensible heels, but she does wear French-heeled silver slippers with evening clothes. She does not wear jewelry.

## SPANISH WOMAN SELLS DAUGHTER TO SHOWMAN

Price for Girl Is \$4; Police Stop Sale.

By United Press  
MADRID, Feb. 15.—Ernestina Alvarez, a Spanish woman living in Figueras, a village of western Spain, sold her 10-year-old daughter to a Portuguese puppet-show man for \$4.

The bargain was concluded in the presence of two witnesses who signed the criminal contract, and Gregoria Alvarez, the sold child, was sold by her mother to leave with the Portuguese band, which she obediently did, delighted to follow the puppets.

Neighbors, having noticed the absence of the little girl, informed the police, who got busy immediately, and caught the Portuguese before he crossed the border.

## SHRINE STAGES DANCE

1,000 Attend Valentine Fete at Murat Temple.

The annual Valentine dinner-dance was given Thursday night by the Caravan Club of the Mystic Shrine at the Murat temple with more than one thousand persons attending. Judge Thomas E. Garvin, president, was toastmaster.

James M. Ogden, attorney-general, was the principal speaker on "Abraham Lincoln." Dances were given by Miss Dorothy Mayne and Miss Maxine Lambert. A bridge tournament was held in the social rooms.

## Quake in Gibson County

By Times Special  
PRINCETON, Ind., Feb. 15.—No damage was reported today from an earthquake which shook Gibson county late Tuesday afternoon. J. W. Joplin, local weather observer, said the quake was similar to one four years ago which caused \$10,000 damage.

## Officer May Die of Wounds

By Times Special  
LAFAYETTE, Ind., Feb. 15.—Herbert Kelm, 52, special constable, is near death today as a result of bullet wounds inflicted by Orin Hart, when he attempted to serve a warrant. Kelm, former local policeman, has three wounds in the abdomen and back.

## YALE TO STUDY MAN WITH \$7,500,000 FUND

All Departments to Co-Operate in Research on Human Conduct.

By United Press  
NEW HAVEN, Conn., Feb. 15.—Yale university will devote the income from \$7,500,000 to the study of mankind.

President Angell has announced the establishment of an institute of human relations which will seek to correlate knowledge of the mind and body and of individual and group conduct. The social and natural science departments of the university will co-operate. President Angell said, to make the study of human conduct "one of the major objectives of Yale's existence."

## INTENSIVE DRY DRIVE AHEAD

Appropriations to Be Higher Than Ever Before.

By United Press  
WASHINGTON, Feb. 15.—An intensive drive to enforce prohibition by the Hoover administration was foreseen today when it became known appropriations for that activity will be larger than ever before since passage of the Volstead act.

Increased estimates for dry law enforcement are being sent to congress to supplement the regular appropriations by both the treasury and justice departments. The treasury has announced it will ask for \$2,700,000 additional, and the justice department will ask for more than \$1,000,000 extra funds.

With the regular appropriations for these departments, a total of about \$50,000,000 will be available for enforcement activities at the start of the Hoover administration. The supplemental appropriations will be incorporated in the pending deficiency bill by the house appropriations committee, and is expected to be passed this session.

## CENTER TO NAME GYM

Community House at Christian Park to Cost \$100,000.

Burns & James, architects for the new community house at Christian park, today were ordered to revise plans to include a gymnasium, on recommendation of Recreation Director Jesse P. McGuire. The board decided the neighborhood needs a basketball floor.

Mrs. Edna Christian, donor of the park, urged the structure provide for the next twenty-five years. The colonial style building, with the gymnasium addition, will cost about \$100,000.

## HIS SUFFERING RELIEVED QUICKLY

After Taking Only Part of Hemorrhoid Treatment

—Photo by Corren

MR. A. F. MANERS  
"Several months ago I tried the Page Pile Treatment and after taking about one-third of your pile remedy I was completely relieved of all suffering. I am 47 years old and have been afflicted with piles 25 years, gradually becoming worse until I was scarcely able to perform my daily tasks or rest at night. I had tried different remedies, but never received any relief whatever, until I got the Page Pile Treatment, and I can truthfully say that before I had taken five doses I was well on the way to recovery. Now I am rid of the trouble entirely, and it was all done so quickly I could hardly realize it."—Mr. A. F. Maners, R. R. 1, Bloomington, Ind.

The Page Pile Treatment has been entirely dependable for over 35 years, and druggists personally recommend it to pile sufferers. It is a scientifically perfected treatment that quickly takes all the pain and discomfort out of any form of Piles with complete safety in many cases. Anyone can try it, without risking a penny, for it is always sold with a Money-Back Guarantee. Recommended and For Sale at All
