FINE FOR CHILDREN!

Give them a good start in life, with happy smiles and healthy little bodies. Children need a mild corrective occasionally to regulate the stomach and bowels. prize the Lesson-Sermon is the following from the Bible:

And ye shall be brought before governors and kings for my sake, for a testimony against them and the Gentiles. But when they deliver you up, take no thought how or what ye shall speak; for it shall be given you in that same hour what ye shall speak. For it is not ye that speak, but the Spirit of your Father which speaketh in you.—Matt. 10:18-20.

The Lesson-Sermon also includes the following passages from the Christian Science textbook, "Science and Health, With Key to the Scriptures," by Mary Baker Eddy:

Science reveals the possibility of achieving all good, and sets mortals at work to discover what God has already done; but distrust of one's ability to gain the goodness desired and to bring out better and higher results, often hampers the trial of one's wings and ensures failure at the outset.

FLONZALEYS TO SAY FAREWELL TO CITY

Noted Organization and Georges Enesco, Violinist, to Appear at Academy of Music Sunday.

At the Academy of Music at 2:30 o'clock Sunday afternoon, an event of unusual musical interest will take place.

The importance becomes magnified when it is realized that the Flonzaley quartet will make their final appearance in Indianapolis. Another reason is that this will be a joint recital as Georges Enesco, violinist, as another artist in his own right on the same program.

The quartet has decided to terminate its career at the close of this season and tomorrow afternoon will be their last date in Indianapolis. As soon as they close this season, the organization will disband at the peak of their success. The quartet has been in existence for twenty-five years.

Enesco on his first appearance at the Academy of Music last season made a splendid impression. His triumphs this season have been reported even bigger than last.

As usual, the Indianapolis Maencher have the honor of presenting the Flonzaleys and Enesco.

O. K. OF SENATE ON ARMORY QUIZ AWAITED TODAY

Attempts of Claycombe to Kill Measure Are Thwarted.

Concurrence of the senate in the amendment made by the Indiana house of representatives to the bill authorizing the state board of accounts to investigate the construction of twenty-three National Guard armories under "the closed corporation-cost plus" plan of the Ostrom Realty Company and its parent, the People's State Bank, was expected today.

Although efforts to kill and then hamstring the bill by Representatives Lloyd D. Claycombe and James Lowry of Indianapolis failed, the house, upon advice that Governor Harry G. Leslie would pay the probe costs out of his contingency fund, eliminating the section appropriating \$10,000 for the two years' investigation, before passing the bill by a vote of 88 to 1 under suspension of the rules Friday afternoon.

Forced to Report

Not content with endeavoring to kill the bill in committee by not reporting it until forced to by Representatives E. M. Hawkins, John W. Scott, Philip Lowenthal and E. E. McClure, an attempt to nullify the provision was made by Claycombe when he reported the bill after the Governor had been forced to demand that such action be taken.

Claycombe's amendment would have limited the scope of the investigation and would have removed the clause making it mandatory upon the board of accounts to make the probe.

Lowry assumed the Claycombe role in the afternoon when the bill was handed down for second reading and Hawkins proposed its passage under suspension of the rules.

Offers Amendments

He handed up two amendments—one that would limit the probe of the armory rental contracts of 1926, 1927 and 1928; and the other would force a report on May 1, 1929, giving the investigatory body just one month to look into more than \$1,000,000 of contracts.

Lowry attempted to explain his stand when called upon to vote, by saying:

"The bonds issued for armory construction will suffer in value if the investigation is dragged out by the shadow cast upon their values by the drawn-out investigation and it is my intention to shorten the period of investigation by these amendments."

Charging that the armory probe "was a pacifist movement to hamstring the guard," Claycombe said: "The senate investigation had almost destroyed the market for these armory bonds."
