

FULL HOSPITAL PROGRAM MAY WIN APPROVAL

Council Tentatively Favors \$2,225,000 Building Project.

Another conference between councilmen and health board members to determine details of the city hospital building program was contemplated today.

Council President Edward B. Raub was expected to call a joint meeting some time this week to decide how much of the \$2,225,000 program recommended by Dr. Christopher Parnell, hospital consultant, will be undertaken.

Following the regular meeting Monday night councilmen met as committee of the whole to discuss the hospital needs.

May Undertake All

It was indicated that the entire program will be undertaken this year by the present council. Heretofore it was believed that only the \$1,207,000 program, including power house, outpatient and laboratory building, laundry and garage construction would be begun now.

Councilman Herman P. Lieber pointed out the need for the entire program to relieve the crowded conditions at the hospital. Heretofore it had been indicated that the \$1,044,000 six-story ward unit would not be started for some time. Lieber insisted that the city should take early steps to provide proper facilities for the Negro population. It is planned to convert the two present Burdals units into convalescent and Negro wards as soon as the new 432-bed structure is completed.

President Raub said he hesitated to commit the city to such a large bond issue at the high present rate of interest. He suggested that the program be split into several bond issues with the view of obtaining a lower interest rate on part of the project.

Ready for Start

It was tentatively decided that the council will accept a bond issue for \$593,000 at the next meeting to provide money for the new power plant, garage and laundry. Another bond issue could be ordered within sixty or ninety days if the money market is better.

Dr. Frederick E. Jackson, health board president, has ordered Howard Caughran, attorney, to prepare the bond issue ordinance.

ORDER PHEASANT EGGS

Five hundred ring-necked pheasant eggs will be hatched and the fowls liberated near Indianapolis. It was decided Monday night at a meeting of the Marion County Fish and Game Protective Association at the Denison. The eggs will be received here about May 15 and will be allotted to members of the association. The fowls will be freed near the first of July.

In Air Today

Weather conditions at 9:30 a.m. at Indianapolis airport:

Southwest wind, fourteen miles an hour; temperature, 47; barometric pressure, 30.33 at sea level; ceiling and visibility unlimited.

YOUR HOUSE NEED PAINT?... THEN CONSIDER-

BOTH ends of the PAINT BRUSH

You need a skilled painter on one end—pure lead paint on the other

TO weather-proof your house, your first need is a master painter... a craftsman skilled in paint mixing and application. Your second is—pure lead paint.

These two age-old partners insure a superior paint job—one that always saves you money in the end. With lead paint, made with Dutch Boy white-lead, the painter applies a protective film—tough, elastic, wonderfully long-lasting. And, because this paint does not crack or scale, you are not faced with the cost of burning or scraping off old, scaly paint when repainting time finally does arrive—an expensive job.

Sold by leading paint dealers

Write our nearest branch for new booklet on painting. "The House We Live In."

NOTED AIRMEN WILL JOIN IN AIR SHOW HERE

Reserve Officers to Hold National Convention in City in April.

A number of noted fliers will operate in the air demonstration in the house of representatives, will face trial on charges of smuggling liquor from Cuba into the United States. He was indicted last October and the other day was ordered arrested for removal to Jacksonville, Fla., for trial. Eleven quarts and one keg of liquor were listed in the indictment.

BYNUM RITES TODAY

Widow of Former Congressman Succumbs.

Funeral services for Mrs. Rachel Dixon Bynum, 81, who died at 5 p.m. Monday, will be held at 5 p.m. today at the Ragsdale & Price undertaking establishment, 1219 North Alabama street.

Burial will be Wednesday at Washington, Ind., beside the body of her husband, William D. Bynum, former congressman of the Seventh district.

Mrs. Bynum had lived with her son, Dixon H. Bynum, 1931 Ashland avenue, since her return from Washington in 1905.

Surviving are the son and a daughter, Miss Maud S. Bynum, Indianapolis.

Her husband achieved national prominence when he led the "gold bolt" of the Democratic party in 1896, and was bitterly denounced by William Jennings Bryan. He was named on a committee to codify and revise federal laws by President McKinley, serving from 1897 until 1906.

CATHERWOOD STREET PAVING IS STOPPED

Judge Issues Order in Suit Against Works Board.

Superior Judge Joseph M. Milne today restrained the board of works from proceeding with the improvement of Cathewood street from Washington street to Lowell avenue.

Theodore Dammeyer, John C. McCloskey and Emsley W. Johnson, works board members, were summoned to appear before the court, April 15, for a hearing on the temporary order.

A suit filed by D. D. Elliott alleged that the board of works opened the street in 1926, taking twenty-five feet off his property at 6060 East Washington street without proper legal notice. Victor F. Jose Jr., attorney for Elliott, said the city assessed Elliott \$3 for benefits. It is proposed to pave the street.

Kidney and bladder irritations often result from acidity, says a noted authority. The kidneys help filter this acid from the blood and pass it on to the bladder.

Bladder weakness, most folks call it. While it is extremely annoying and sometimes very painful, this is often one of the most simple ailments to overcome. Begin drinking lots of soft water, also get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast. Continue this for two or three days. This will help neutralize the acids in the system so they no longer are a source of irritation to the bladder and urinary organs, which then act normal again.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by acid irritation. Jad Salts causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink which may quickly relieve your bladder irritation.—Advertisement.
