

STUNT FLIER HITS AIR LINER; SIX ARE DEAD

Daredevil Flying of Army
Ace Is Blamed for
Collision.

SAN DIEGO, Cal., April 22.—Three agencies began separate investigations today of the mid-air collision between a diving army pursuit plane and a giant air liner, which carried two veteran pilots and four passengers to death in a canyon near East San Diego late Sunday.

Army officials of Rockwell field, a coroner and a civic board began inquiries of charges that the collision was caused by the daredevil stunt flying of the army flier, Lieutenant Glenn Howard Keefe.

Keefe's single-seater pursuit plane, rolling from a dive, shattered the left wing of the tri-motored Maddux air line cabin ship, and went flashing to the canyon, 2,000 feet below.

Passengers Are Killed

Keefe escaped from the cockpit of his tiny airplane only to be carried to death when his parachute snagged on a wing and tied him to his crashing plane.

The ponderous passenger ship, shorn of a propeller and its left wing crumpling, rolled and circled as its pilot, Maurice H. Murphy, fought to bring it to a safe landing.

With a safe landing almost within grasp the crippled monoplane overturned on the canyon floor, trapping its pilot, mechanic and three passengers.

The liner crashed several hundred feet from the wreckage of Keefe's pursuit plane.

Pilot Murphy, mechanic Louis D. Pratt and Miss Annetta Guajardo were killed instantly. Miss Guajardo's father, Arthur Guajardo of San Diego, prominent Mexican attorney, and Miss Cecelia Kelly, Phoenix, Ariz., newspaper reporter, died in an ambulance.

Crash Blasts Romance

Witnesses said Lieutenant Keefe apparently was stunting to give the passengers of the liner a thrill, and that he had misjudged his distance as he dived from above the liner and attempted a roll upward underneath the larger ship.

Jack Maddux, president of the passenger line, said he had protested several times stunting of army and navy fliers near passenger ships. He said he would conduct a separate inquiry with civic authorities.

The crash brought to a tragic end the romance of Miss Kelly, one of the few women aviator editors of the United States, and Glenn T. Neville, Denver newspaperman, who were to have been married next month. Miss Kelly was returning to Phoenix on the regular scheduled trip of the Maddux liner.

Murphy's widow is the sister of Anita Stewart.

WOUNDED SHERIFF TO DIRECT BANDIT SEARCH

Official Shot at Columbia City
Leaves Hospital.

COLUMBIA CITY, Ind., April 22.—Wounded by four bandits who robbed the State bank here of \$800 after they had killed one woman and hurt another, Sheriff J. M. Haynes, was to be released from a hospital today.

The sheriff, although still carrying the bullet fired by the bandits, recovered sufficiently to direct the search for the four men.

"When I get out of here I'm going to make an extensive search for Kirby Davis," Haynes told hospital attendants.

Davis, identified by witnesses to the State Bank, is wanted in several Indiana towns in connection with crimes.

Authorities again were on the lookout for the bandits today. They made a search of surrounding counties Sunday.

Funeral services for Mrs. Fred Binder, 50, who was killed as she watched the gun battle from her home were held Sunday.

CITY HUNTS OLD SHOE

SAN FRANCISCO, April 22.—The fun started when Mrs. A. J. Jadig discovered her husband had hidden her diamond ring and his diamond stick pin in an old shoe—the old shoe she gave to the Salvation Army two days before.

The brogan search that followed Mrs. Jadig's discovery surpassed in excitement the annual city Easter egg hunts by far and was successful.

Salvation Army workers found the shoe among thousands of others, and what was better—found the \$3,500 worth of jewelry.

'Old Gray Mare' Balks, So Real Horse Provides Conveyance for Busy Day

Mrs. Lee V. Everett, Lady and the latest equipage for shopping tours.

Indianapolis Woman Tries Old-Time Equipage for Shopping Tour.

"Imagine their embarrassment," giggled Mrs. Lee V. Everett, "when I drove up in front of the homes of several of my friends in my contraption."

"Well, there just wasn't anything else to do. You see, my car, which we affectionately term 'the old gray mare,' developed a balky starter. I had a full program and I just had to get around. So I left the car in the stall and borrowed Lady and the buggy off of Dad."

"Dad," happens to be Dr. Jess Mendenhall, veterinarian at Noblesville.

"Dad had driven over from Noblesville on business, so I just appropriated Lady."

"I had to go to the pound over on Massachusetts avenue to get a dog. Lady is afraid of trains so I had to drive about four miles out of the way to avoid crossings between the pound and our house, 4051 East Thirty-fourth street."

"Then I had a luncheon appointment with Mrs. A. F. Parks, 3617 North Rural street. I thought she wasn't going to let me in at first. I convinced her she didn't have to feed the horse too, so we ironed that out."

"You see, I had thought about that. I had a bucket and a peck sack of oats in the back of the buggy. I don't know whether that was too much for Lady. I had a little trouble finding something to hitch to, there not being a single hitching post left in Indianapolis. I believe, so we just let her wander around the lawn and top off the oats with some grass."

"We ran into our first real difficulty when I got over to my sister's house in the afternoon to take her downtown to shop. (The sister is Mrs. L. R. Sheets, 3028 North Gale street.)

Shut-in Children to Get May Shower of Flowers

Mobilization of the good forces of May in hope of providing potted plants on May day to all shut-in children in Indianapolis is under way. Joining hands, the Public Health Nursing Association, Red Cross and Girl Scouts, plan distribution of potted plants or flowers to every little crippled shut-in on May 1.

It is only natural, despite a thorough survey, that many crippled youngsters will be missed, unless their names are sent to May day headquarters, Public Health Nursing Association, 324 Indiana Pythian building. To make certain that all little shut-ins will be made happy on May 1, an appeal for donations to provide the potted plants is being made by these three organizations.

Fill in the space below, giving your name and address and the name and address of the crippled child you wish to make happy. Your name will not be divulged. If you do not know of any particular shut-in, your contribution will be used in the general fund.

KAISER'S SISTER FIGHTS

Creditors Claim \$180,000 in Bankruptcy in Court.

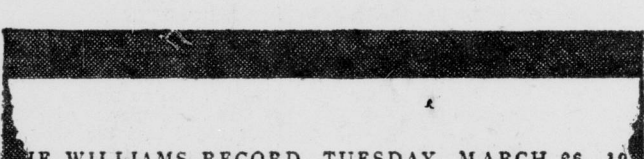

BONN., Germany, April 22.—A long-drawn-out legal battle is expected in the bankruptcy suit against Madame Victoria Zoubkoff, sister of the former kaiser, when the next hearing is held near the end of May.

Creditors have filed claims of more than \$180,000 against the property.

With the accomplishment of these improvements and the extension of track elevation by the Big Four and Pennsylvania railroads to the east of Keystone avenue, the city could open Keystone avenue from Troy avenue to Sixty-third street, Burk said.

WILLIAMS COLLEGE Editor thought "O.G.s." couldn't win!

But look what happened
when a third of the student body
compared the 4 leading cigarette brands... with names concealed

'OLD GOLD' CHALLENGES AND WINS IN CIGARETTE 'TEST'

Challenging the statement appearing in the columns of THE RECORD of February 26 that Williams men have a distinct preference for cigarettes as proven by the fact that that brand outsells competitors in local shops, the Old Gold company last Friday afternoon conducted one of its famous "concealed name tests" at Williams. As a result, Williams has joined the growing list of colleges and universities which have given Old Gold a plurality in such a contest, for out of the 234 votes cast, the challenging brand received 66 first choices, while two other leading makes could do no more than tie for second place with 59 votes apiece, and a fourth prominent brand received 50 preferences.

Recent tests at Princeton, Yale, Johns Hopkins, University of Michigan, University of Illinois, and Ohio State also proved that Old Gold, at least when "masked," is the favorite with collegiate smokers, while at Harvard the contest was lost by three votes.

To admit no unfairness into the test, each brand of cigarette was denoted by one of five possible numbers, stamped on the black band concealing the name, so that comparison of numbers among those taking the test would have been difficult. The results of the voting, done entirely by number, were checked up by Seeley 29, and A. Clark '30, Business Manager and Assistant Business Manager of THE RECORD.

As a result of the try-outs held last Friday

"WHICH ONE TASTES BEST?" Is the way the college newspaper put the test to one-third of the student body at this famous old New England college. The 4 leading cigarette brands were smoked with paper "masks" over the names, so that neither prejudice nor habit could influence the results.

The four leading cigarette brands... "masked" with paper sleeves to conceal their brand names.
