LOS ANGELES, SHRIKE MECCA, DRAWS THROG

100,000 Converge on City by Land, Sea and Air for Conclave.

BY RONALD W. WAGONER, United Press Staff Correspondent

LOS ANGELES, June 1.—One of the greatest mobilizations in the history of the Shrine was under way today as members of the order and their families converged on Los Angeles by steamer, train, automobile and airplane for the fifty-fifth annual convention.

The conclave actually will be in session three days—June 4, 5 and 6—but many visitors arrived early to participate in informal events which start tomorrow.

Los Angeles members in charge of the convention estimated that 75,000 persons would be registered at Shrine headquarters and that 25,000 others will be in the city to witness the spectacular program which has been prepared.

Program Opens Sunday

The highlights of the pre-convention program are scheduled for Sunday morning, when special Shrine services will be held in the Hollywood bowl. In addition, Shrine singers will appear in a number of churches and bands will conduct concerts throughout the city.

On Monday the gala spirit will gain momentum with concerts, street dancing, vaudeville shows and a banquet in honor of retiring Imperial Potentate Frank C. Jones of Houston, Tex.

Los Angeles will be garbed in all her glory for the giant Shrine parade which will start the conclave officially Tuesday morning. Shriners in colorful regalia will march from the business district to the Coliseum to the tunes of forty bands.

Promise Perfect Weather

Perfect weather conditions are promised, which should tend to make the parade the most portentous on record—barring, perhaps, the hectic procession when the Shriners last gathered here in 1925.

A heavy rain deluged Los Angeles on the day of the parade that year and the Shriners made the most of it.

The Circus Maximus, a five-ring affair, with trained performers from all parts of the world, will show at the Coliseum four times.

Stage \$1,000 Film Pageant

Other featured events include the \$1,000,000 motion picture electrical pageant, a Spanish barbecue, a banquet for the new imperial potentate, Leo V. Youngworth, Los Angeles attorney, and the annual ball on the closing night.

Los Angeles golf clubs and other Southern California amusement agencies have announced special entertainment plans.

On Saturday, June 9, approximately 600 Shriners and families will sail from Los Angeles for Honolulu on a Shrine Hawaiian pilgrimage in honor of Imperial Potentate Youngworth.

SLEEPING CAR TRADE EXCEEDS DAY COACH

Travellers Fast Turning to Better Railway Accommodations.

By Times Special

NEW YORK, June 1.—"This year, for the first time in history, the railways are handling more passenger business in sleeping and parlor cars than in day coaches," says the Railway Age today. "The only measure of the proportion of total passenger business handled in sleeping and parlor cars which is constantly available from month to month is the revenue derived by the railways from the 'surcharge.'

"Total passenger earnings in the first quarter of the year were about \$215,250,000, and, estimating on the basis of the surcharge collected, it would appear that passengers traveling in sleeping and parlor cars paid about \$100,000 of this in fares, while passengers traveling in day coaches paid about \$105,000 of it.

"In other words, apparently about 50% per cent of the travel was in sleeping and parlor cars, and only about 49% per cent of it in day coaches."
