

FEUD FLARES: TWO DIE; ONE IS PEACEMAKER

Slayer Admits Killings;
Quarrel Started in Hills
of Kentucky.

United Press
MONROE, Mich., June 28.—Two men were dead at their homes near South Rockwood, Mich., today while their confessed slayer was held in Monroe county jail here awaiting examination by county prosecutor, following a flare-up late Thursday of an old feud of the "blue grass" country. The dead men are Clifford Williams, 30, formerly of Middlebury, Ky., shot down while in his automobile with his 8-year-old son, and Lee Walden, 25, both of South Rockwood and employees of the Ford plant at Flatrock.

Their confessed slayer is Eugene H. Cheeves, 32, formerly of Middlebury, Ky., also a Ford employee.

Shot for Query

An argument between Cheeves and Williams resulted in the shooting after 8 p.m. Thursday, it is alleged, while the latter was in his car in front of his home. Walden, who resides across the street, was attracted to the scene by the heated argument.

At Walden's first inquiry into the altercation, Cheeves fired two shots into his body, authorities were told. Walden fell mortally wounded. In another instant Cheeves, it is alleged, pumped two shots into Williams, killing him instantly.

Williams' terrified son, who sat in the front seat next to his father, was unharmed.

Gives Self Up

Cheeves pocketed the revolver and returned to his home across the street, where he remained until Sheriff Sidney Eaton and Deputy Vernon Wright took him into custody. He met the officers with the calm remark:

"Well, here I am. I killed them." Cause of the slaying as pieced together by police indicated there had been trouble of long standing between their families at Middlesburg, Ky. Both men came here some time ago and both obtained work at the Ford plant at Flatrock. They frequently had quarreled there, it was learned. Williams leaves a widow and son.

CHRISTIAN ENDEAVOR TO MEET IN TERRE HAUTE

Names 1930 Convention City, Bishop
Lauds Prohibition.

Bredon Memorial United Brethren Church, Terre Haute, will be the meeting place for the 1930 Christian Endeavor Union convention of the White River conference, it was decided at the closing session in the Brookside United Brethren church here Thursday night.

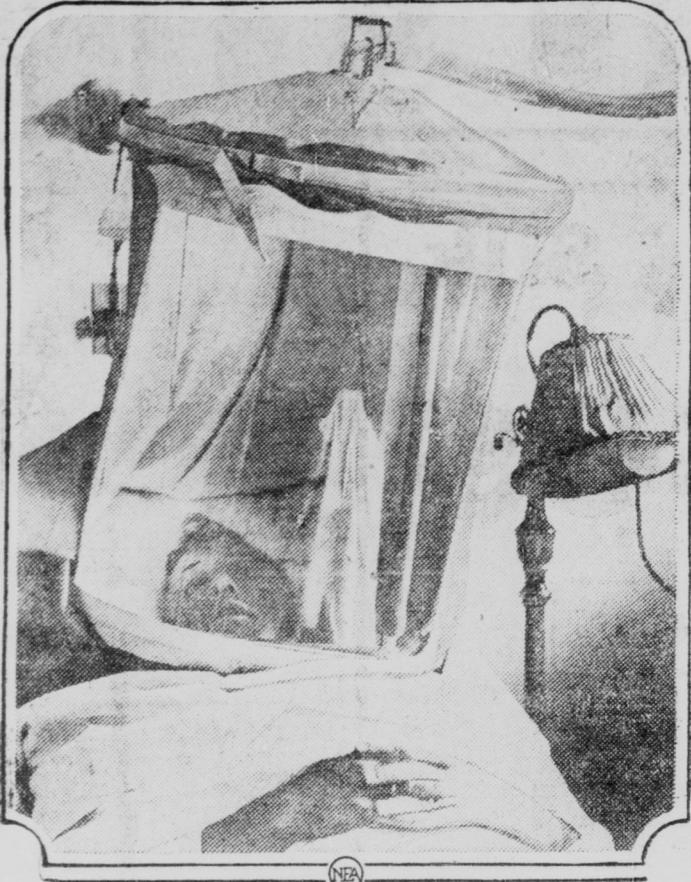

Bishop A. B. Stratton of the southwest conference described his experiences in Africa, where he has been since October, and lauded prohibition as "the finest moral, economic and spiritual policy ever passed by any nation."

The Rev. J. A. Huddleston of Muncie was chosen delegate to the world Christian Endeavor convention in Kansas City, Mo., next week. James Moffette of Terre Haute was elected delegate to the leadership training school at Indiana Central college July 16 to 26.

HELD ON ATTACK COUNT

Herbert Stewart, 1277½ Oliver avenue, was under arrest today charged with assault and battery and contributing to the delinquency of a minor, after two small girls are said by police to have identified him as the man who lured them into an apartment at Davidson street and Oliver avenue and tried to attack one of them Wednesday night.

Fights 'Creeping Death'

LIMIT IS URGED FOR PHILIPPINE SUGAR IMPORTS

U. S. Growers Ask Quota of
700,000 Tons for
Islands.

By United Press

WASHINGTON, June 28.—Limitation of Philippine sugar imports into this country to 700,000 tons a year, with a preferential tariff rate of 30 per cent on imports above that amount was urged before the senate finance committee today by David A. Pipes, president of the American Sugar Cane League.

Pipes expressed concern over the possibility of expansion of Philippine sugar imports.

"It is dangerous in the extreme to leave the Philippine importation wide open," he said.

The witness supported the proposal for a 3-cent world rate on sugar which would amount to a preferential duty of 24 cents against Cuba. He proposed, however, that when the world sugar price falls below 25 cents a pound an additional duty should be levied, equal to the amount the price falls below 25 cents.

Pipes opposed proposals previously suggested before the committee for a sliding scale based on the United States selling price.

Out of 132 sugar mills in Louisiana sixty-five are now idle, Pipes declared.

He testified that he did not believe any of them had made money during the last five years.

'KICKED UP STAIRS' IN TARIFF DISPUTE

Watson Explains Why Culbertson Was "Promoted" in 1924.

By Scripps-Harder News Service
WASHINGTON, June 28.—The secret's out as to why William S. Culbertson of Kansas was promoted from the tariff commission to the diplomatic service by President Coolidge in 1924.

"I recommended him to get rid of him," said Senator James E. Watson of Indiana, Senate Republican leader, during a meeting Thursday on the sugar subcommittee of the senate finance committee. "I recommended him for foreign service, the foreigner the better."

Culbertson was one of the three tariff commissioners who favored lower rates on sugar, which Coolidge refused to grant. It was charged at the time he was "kicked upstairs" to get him off the commission, but denied.

STRETCHES 7 INCHES

By Times Staff
LONDON, June 28.—Circuses are passing up a good prospect in Miss Kathleen Harcourt, 15, nick-named "Miss India Rubber." She is five feet six inches tall and by stretching she can add seven inches to her stature.
