

ASK COUNCIL TO APPROVE \$1.16 CITY TAX RATE

Increase of 6 Cents Over 1929; Mayor Slashes Budgets.

City Controller Sterling R. Holt today indicated he will ask city council approve of a 1930 city tax rate of about \$1.16, an increase of 6 cents over the 1929 levy.

This preliminary estimate was made on the basis of figures compiled after department budgets have been slashed in conferences with Mayor L. Ert Slack, and is subject to change. It is likely that the city general rate will be 65 cents, an increase of 15 cents over last year, due to a jump in interest on bonds.

"If the council can cut the budget any more it is a k," Holt commented.

Oppose Increase

Edward H. Harris, council finance chairman, said no consideration had been given to the budget, but indicated the city fathers will frown on any increase.

"You should hear the people talk about increases. Down at Cincinnati they are cutting expenses and getting lots for their money," Harris commented.

Wholesale reductions in departmental requests have been made by the controller and mayor, but an 8-cent increase in the rate for sinking funds is required, in addition to the general fund interest jump. Further cuts are expected to be made in several departments if possible.

\$100,000 Item to Be Cut

Police Chief Claude M. Worley and Fire Chief Harry E. Vossell have been called into conference. Slack said the \$100,000 equipment item probably will be cut from Vossell's budget. The mayor said he will ask council for bond issues to build two fire stations if the city fathers favor it, pointing out the money can be reappropriated next year by the city manager form to obtain funds for equipment.

Slack's budget calls for a \$40,000 contingency fund to meet emergency expenses under the city manager plan. The general fund requests totaled \$5,460,567 before the controller started cutting.

FOUR YOUTHS SHOT BY PARK WATCHMAN

Negroes Wounded; Attendant Held on Assault Charge.

Four Negro youths applied for treatment of gunshot wounds at city hospital Thursday night because they continually molested Sam Collins, 60, Negro, 1220 East Twenty-ninth street, watchman at Douglas park, police learned today when they arrested Collins on charges of assault and battery with intent to kill.

Those wounded: Lawrence L. Stewart, 19, of 2111 Sheldon street; Andrew White, 16, of 2343 Martindale avenue; Alvin Clay, 18, of 2529 Yandes street; and William Oliver, 15, of 1401 North Arsenal avenue, were part of a gang that on several occasions tried to break into the skating rink in the park, and committed other depredations to annoy him, Collins declared.

All were treated at the hospital and held on vagrancy charges.

New Giant Tire Weighs 1,800 Pounds, Measures 12 Feet High, 4 Feet Wide

Goodyear's Giant Tire, Mounted on Trailer.

Casing Costs \$5,000; Will Be Used by Huge Plane.

AKRON, O., July 26.—If some one were to say that the world will have use for a standard pneumatic tire towering 12 feet and measuring 4 feet in width, you would be apt to think this some one's imagination had gone astray.

Goodyear Tire and Rubber Company has just built such a tire. And the same one we have reference to is none other than a prominent airplane manufacturer. Nothing funny about it, he assured Goodyear officials, the day should come when larger airplanes will need a tire of this size.

So Goodyear is pioneering again. The largest tire in the world has just come out of the factory after being in the process of construction for three months. It is a standard tire in every way, with the exception of size, an All-Weather tread balloon.

Weights 1,800 Pounds

Something of the size of this giant casing can be gained by the fact that the tire and wheel weigh 1,800 pounds, almost one ton.

The tread and wheel weigh 600 pounds each and the inner tube tips the scales at a neat 125 pounds. The tire built under the combined supervision of the chemical, tire design and research divisions of Goodyear's development department, is mounted on a rim four feet in diameter, thirty inches wide.

Sells for \$5,000

The valve is the only item of standard size in the entire tire. A special vulcanizer was built around the casing to cure the rubber. Otherwise the tire was built under normal conditions.

Such a casing would sell for a budding fortune—\$5,000.

It boasts of a load-carrying

capacity of between 40,000 and 50,000 pounds.

Goodyear will display this giant of pneumatics throughout the country. It has been mounted as a trailer

LICENSE JUDGES DRAW NO PAY

Deny Martin and Bosson Jr. Will Leave Jobs.

State Senator Roscoe Martin, Logansport, and Representative William Bosson Jr., Indianapolis, are not yet drawing their \$150 a month salary as license revocation judges under the new drivers' license law, it was announced today by Secretary of State Otto G. Field.

He refused, however, to declare that they will not take the offices, as previously announced, despite criticism of the appointments and the so-called "make and take" opinion from the attorney-general's office under which they were made possible.

Attorney-General James M. Ogden ruled, upon Field's request, that members of the legislature, which passed the drivers' license law, could take the judgeships, but when they do so they are no longer members of the legislature. The Constitution provides that legislators can not take jobs which they created. But Field today declared these two will take them "just as soon as we get the law working."

Atomic weight is the weight of an atom of an element as compared with that of an atom of hydrogen.

behind a bus of special design. The bus is built on a two-ton chassis with three rows of seats in line with the great wheel. The top of the tire reaches twice as high as the bus, and is connected to the vehicle by two shafts.

EDGE MAY GET HERRICK'S POST

Senator's Friends Predict His Appointment.

WASHINGTON, July 26.—Senator Walter E. Edge (Rep., N. J.) virtually has been selected by President Hoover to be the American ambassador to France, his friends said here today.

No announcement of his appointment was forthcoming from the White House.

Edge would succeed to the post vacated in Paris by the death of Ambassador Myron T. Herrick.

WALKS FROM COAST TO COAST IN 79 DAYS

SAN FRANCISCO, July 26.—Abraham Lincoln, Montevideo today claimed the transcontinental walking championship.

The 60-year-old hiker arrived here late Thursday from New York. He walked the 3,415 miles in 79 days and 10 hours, bettering the record of John Ennis, former champion, by nineteen hours.

"I wouldn't walk another mile for \$1,000," Montevideo said as he eased his tired feet. "It's me for a comfortable Pullman and sleep until I get back east."

FIVE PERSONS SENTENCED BY JUDGE COLLINS

16 Plead Not Guilty, 2 Paroles Revoked in Criminal Court Cases.

Five persons were sentenced, two paroled and eight persons pleaded not guilty today in arraignment before Criminal Judge James A. Collins.

Among those sentenced were Kenneth Broddus, burglary and grand larceny, one to ten years in the Indiana state reformatory; Glenn A. Peffey, embezzlement, two to fourteen years in Indiana state reformatory, sentence suspended; George Chastain, sodomy, two to fourteen years Indiana state prison; Ralph Kennedy, burglary and grand larceny, one to ten years Indiana state reformatory; Walter Carter, assault and battery with intent to kill, \$1 and costs and six months on the Indiana state farm.

ACIDINE never fails to banish and keep it away.

This remarkable new discovery really banishes, not merely relieves, indigestion, acidosis, gasiness, sour stomach, sick headache, acid stomach, chronic constipation, head cold and acid rheumatism. It alkalizes, balances excess acid, keeps the whole digestive system sweet and clean.

ACIDINE is the only perfect, modern, anti-acid which is combined with Lapsin, a powerful starch digestant—it digests 300 times its own weight of pure potato starch in 30 minutes. Your stomach deserves protection. ACIDINE gives it.

A meat and starch digestant, anti-acid and carminative beyond compare. Soothing to the stomach and intestinal membranes. Slightly laxative, but not excessively so. A really perfect medicine for mother, father, children and babies. Used and recommended by physicians everywhere. Money back guarantee. At all druggists, or write Health Laboratories, Inc., Dept. 25, Pittsburgh, Pa.

ACIDINE

Benjamin E. Adkins, 54, of 953 East Maryland street, was indicted on charges of second degree murder and voluntary manslaughter in connection with the fatal shooting of Marion Rairdon, 27, of 837 East Maryland street.

Speedway road, was charged with second degree murder in connection with the death of her husband, Edwin Kilner, 64.
