ARREST STOPS RACE
Money Divided Among Drivers Who
Started at Brazil.

By Times Staff
BRAZIL, Ind., Sept. 2.—A six-
hour automobile endurance race,
scheduled to have been run at the
local track Sunday, was halted at
the end of three hours, after it was
learned that the promoter, Orlando
Monroe, had been arrested in Dan-
ville, Ill., on charges of taking mort-
gaged property out of the state.

Proceeds of the race were divided
among the drivers.
Angelo Trobati, Clinton, was in-
jured seriously in the race when his
machine overturned at a curve.

Leads Druse Uprising

Notorious leader of Moslem disorders in the Near East is Sultan Pasha el Atrache, Druse rebel chieftain, who has eluded arrest by French and British officials for many years. He is pictured above preparing his own lunch in the desert. He now is reported to be advancing upon Palesti-
ne cities at the head of a large body of Druse tribesmen, taking ad-
vantage of recent Jewish-Arab riots to instigate a widespread Moslem
uprising.

RIFLEMEN VIE FOR LEECH CUP

Experts Compete for Prize
in National Matches.

By Times Staff
CAMP PERRY, O., Sept. 2.—The
Leech cup, most coveted prize of-
fered by the National Rifle Associa-
tion, will be awarded at the national
rifle match here today.

Riflemen, expert in the use of the
high-powered, 30-caliber rifles, will
compete for the cup, which was
presented to the riflemen of America
fifty-five years ago by Captain Ar-
thur B. Leech.

The Sobel trophy, presented by
Harry L. Sobel, Toledo business man,
who is interested in promoting pis-
tol accuracy among police of the
country, was won by the Portland
(Ore.) police department. The win-
ning team scored 41 out of a possi-
ble 50.

won with a score of 273 out of a pos-
sible 300, competing against ninety-
three other entrants.

Ga., scored 371 out of a possible 400
to land the national individual rifle
championship.

BOOZE AUTO SEIZED
Canadian Whisky Haul Is
Made by Police.

Police today were searching for
the owner of a run-running car
which was confiscated, with forty-
nine pints of Canadian whisky Sun-
day.

The search followed the arrest of
W. E. Wright, 25, of Detroit, near
24 Indiana avenue. In a car driven
by Wright thirteen pints of whisky
were found. A search of his hotel
room disclosed thirty-six additional
pints of liquor.

According to police, Wright ad-
mitted he and a companion brought
the whisky to this city to alleviate
state fair thirst.

Wright is charged with blind tiger
and liquor transportation, while a
hunt is being made for his compan-
ion, who, he says, is the owner of the
auto.

Liquor Hidden With Police

By Times Staff

COLUMBUS, Ind., Sept. 2.—
Hobart Thornton, 18, now re-
alizes that a police station is a
poor place to hide liquor. He
was arrested and taken to
headquarters. When the arrest-
ing officer turned his back
Thornton placed two bottles of
whisky atop a locker. The officer
later found the bottles. Ernest
Brooks, a companion of
Thornton, also was placed in
jail when policemen said they
found several bottles of alleged
liquor in his automobile.

MINE FIRED BY MASKED BAND

Tipple of Shaft Near Prince-
ton Destroyed.

PRINCETON, Ind., Sept. 2. —
Authorities are searching today for
three masked men who, after put-
ting to flight a night watchman,
set fire to the tipple of the Liberty
coal mine near here. The tipple
was destroyed.

Davis Myers, the watchman, and
Prentice Collins, a companion, were
forced to go into a nearby corn field
while the men set the fire. They
were told to stay there or they
would be killed.

The tipple and two railroad flat
cars were a mass of flames by the
time nearby residents reached the
scene.

The mine, closed for two years,
was opened recently and was being
operated on a co-operative basis.
The property was owned by the Big
Four company, but recently was
transferred to a group of employees.

RUPTURE IS NOT A TEAR

NO BREAK TO HEAL

Rupture is not a tear, but purely a mus-
cular weakness in the abdominal wall.
Trusses merely brace these muscles but do
not strengthen them—on the contrary, the
gouging of the ordinary truss pad often
increases this weakness as it tends to shut
off circulation of the blood.

STUART'S ADHESIF PLAPAO-PADS
are entirely different—being mechanico-
chemico applicators—made self-adhesive
purposely to keep the muscle-tonic called
"Plapao" continuously applied to the af-
fected parts, and to minimize danger of
slipping and painful friction. The adhesive
fabric is soft as velvet, and clings to the
body without straps, buckles or springs.
Easy to apply—comfortable—inexpensive.
Awarded Gold Medal, Rome, Grand Prix,
Paris, Honorable Mention, Panama Pacific
Exposition, San Francisco, etc. For almost a
quarter century stacks of sworn
testimonials from many different countries
report success—without delay—from work.
The epidermic absorption of Plapao
tend towards a natural process of recovery,
after which no further use for a truss.

Stop wasting your time and money on
old-fashioned devices. Learn how to close
the hernial opening as nature intended, so
the rupture can't come down. Send no
money, just mail the Free Test coupon

LEAGUE OPENS TENTH SESSION IN SWISS CITY

Former Salvador Foreign
Minister Named Head
of Assembly.

BY HENRY WOOD
United Press Staff Correspondent
GENEVA, Sept. 2.—Convening to-
day for its tenth annual session, the
assembly of the League of Nations
began its proceedings by electing
Gustavo Guerrero, ex-foreign min-
ister of Salvador, as president of
the assembly. There was a move
on the part of some delegations to
re-elect to the chair of the presi-
ding officer, Paul Hymans, Belgian
foreign minister, who was the as-
sembly's first president.

Hymans was not eager for the re-
election and the presence of the
largest Latin-American representa-
tion in the history of the assembly
assured the election of Guerrero as
soon as his name was put into
nomination.

Prince Mirza Mahammad Ali
Khan Foroughi of Persia, as presi-
dent of the council, called the tenth
assembly to order.

"I regard Persia's membership of
the council and the fact that her
delegate is opening the assembly as
a symbol of the increasing unity of
the world in the last year," said
Prince Foroughi. "The progress to-
ward peace, as achieved notably by
the Kellogg-Briand pact, and the
results thereof will be seen in every
department of the league's work."

Second, the general arbitration act
has entered into force, and, third,
additional nations have accepted the
compulsory jurisdiction of The
Hague court.

Prince Foroughi pointed to an-
other great sign of progress in the
fact that the United States has re-
sumed negotiations for admission to
The Hague court.

"All this," he said, "is evidence of
widespread desire to end injustice,
which is in keeping with the deep-
seated aspirations of nations. There
also is an ever-increasing number
of cases submitted to The Hague
court."

Company Instructor Is Named
Fitzhugh Traylor, assistant agency
manager for Indiana of the Equi-
table Life Assurance Society, has
been appointed company instructor
for the central department.

HOLLYWOOD, Sept. 2.—When
Dolores quit the movies a few years
ago to study voice, her friends pre-
dicted she was through. But they
were far wrong. Besides winning the
public with the lyric soprano via the
radio, she has just had a "single-

with flying colors.

1,100 BARBERS EXPECTED FOR MEETING HERE

Union Home Pension for
Aged Will Be Con-
vention Topics.

More than 1,100 barbers from the
United States, its territories, and
Canada, will meet at the Athenae-
um, Indianapolis, Sept. 10, for the
annual convention of Journeymen
Barbers' International Union of
America, Leon E. Worthall, chair-
man said today. The meeting will
last ten days.

Speakers include several men of
state and national prominence,
including Major George Berry, gen-

Washington, D. C. president of the
American Federation of Labor;

Governor Harry G. Leslie, of In-
diana; and Adolph Fritz, secretary
of the state federation of labor.
Discussion will center on estab-
lishment of a union home and a
pension system for aged members.
Possibility of founding a univer-
sity for instruction in barbering and
beauty culture also will be argued.

Proposal probably will be made,
according to Worthall, to insert in
the official title of the organiza-
tion the word "Beautician" to
designate female members who are
specialists in beauty culture.

J. C. Shannessy is general presi-
dent and secretary-manager, with
national headquarters here.

Making Friends

Nine years ago on this date a message
from the president of the Illinois Cen-
tral System was published as an adver-
tisement in the newspapers on the lines
of this system. It was the first of a
monthly series in which this statement
begins the tenth year. As advertising
this monthly series undoubtedly has set
a record for continuity and duration.

These monthly discussions of railway
subjects are part of the program of the
Illinois Central System for making
friends. Among the purposes of our
railroad in desiring the friendship of
the public are these:

To obtain recognition of the fact that
good service cannot be performed by
impoverished railroads;

To take the mystery out of railroad-
ing, thereby removing the inevitable
results of suspicion, distrust and mis-
understanding;

To give the public facts upon which to
base an intelligent attitude toward mat-
ters of current interest affecting the
railroads;

To work toward co-operation instead
of hostility in the settlement of ques-
tions involving relations with patrons
and governmental agencies;

To arouse an appreciation of the rail-
roads and of sound economic policies
that will lessen unjust demands upon
them;

To create improved morale among
railway employees and thus make for the
increased efficiency, economy and cour-
tesy of railway service;

To meet the competition of other rail-
roads and of other means of transporta-
tion.

The reception which this program has
had from the patrons and friends of the
Illinois Central System is highly grati-
fying. Looking to the future, we pledge
our best efforts toward meriting the
good will which our railroad so happily
enjoys.

Constructive criticism and sugges-
tions are invited.

L. A. DOWNS,
President, Illinois Central System.
