

TRADE ALLIANCE OF EUROPEAN NATIONS URGED

Economic Unity Essential,
Briand Tells League;
U. S. Affected.

BY HENRY WOOD
United Press Staff Correspondent
GENEVA, Sept. 5.—An economic federation of European states—the United States of Europe—was proposed by Premier Aristide Briand of France to the assembly of the League of Nations today.

Briand joined Premier J. Ramsay MacDonald of England in urging precautions against war, but at the same time proposed a defensive alliance of trade that obviously would affect directly the United States and its tariff.

"After solving disarmament," Briand said, "the next great problem is economic disarmament. If peace is to be assured amongst nations, this work will be long and technical, but if the government add their political force to a solution, it can be found.

"While the problem is somewhat outside of the League of Nations, nevertheless it is attached to the league. It involves an economic federation of states, especially those geographically close to each other, such as the European nations, that will permit them to enter into close contact and solidarity of interests.

"Such a federation would not infringe in the slightest on the sovereignty of the states concerned. I beg the delegates present to take up the matter with their respective governments so that at least the next assembly can consider it."

JAIL-BREAK ATTEMPT SAFEGUARDS PLANNED

Time Clock for Officer and Flood
Lights Adopted.

To prevent recurrence of a recent attempted jailbreak, Sheriff George Winkler today planned two additional precautions against escape of county jail prisoners.

A time clock will be installed, and punched by the night jailer as he makes his rounds both inside and outside the jail, Winkler said.

Flood lights are to be directed against the outside of the building on all sides, so no one may drop from a window without being seen.

Winkler has asked a \$12,000 appropriation of the county council to improve the locking system on "federal row," the second tier of cells. The locks there are obsolete, he said.

BRITONS ARE SATISFIED

By United Press
LONDON, Sept. 5.—Much satisfaction was expressed in official circles today with the publication of the text of Great Britain's reply to the request of the Chinese government for the abolition of extraterritorial rights.

The British note said it was impossible to grant China's request until it was "practicable for British merchants to reside and trade on their own property throughout territories of China with the same equality and freedom of safety as accorded Chinese merchants in Great Britain."

His Hat in Ring

Paul E. Rathert, 39, of 737 South Meridian street, Republican city councilman and south side merchant, today announced his candidacy for commissioner in the Nov. 5 election following endorsement by the South Meridian Street Civic Club. Rathert is the first to cast his hat in the ring following announcement of the city manager league ticket.

AUTO BANDITS HOLD UP TWO

Street Car Man and Gas
Station Robbed.

Three men in an old Ford touring car Wednesday night held up Ernest Silvey, 21, of 252 North Addison street, Indianapolis Street Railway conductor, at Raymond and East streets, and robbed him of \$20, he told police.

A police squad, less than a block away when the holdup occurred, pursued the bandits, but failed to capture them.

Driving an expensive stolen sedan into a Standard Oil Company filling station at Massachusetts avenue and Bellefontaine street Wednesday night, two bandits held up George A. Benson, 31, of 1116 Bellefontaine street, and took \$20.

Benson said one of them snapped the gun because he moved too slowly, but the cartridge failed to explode.

The car was the property of Miss Helen G. Hertz, Marott hotel.

R. M. Gilbert, Hartford City, Ind. told police clothing valued at \$100 was taken from his automobile parked on North street Wednesday afternoon.

STUTZ PLANS OUTING

Employees to Picnic Saturday at
Riverside Park.

Stutz Motor Car Company employees and their families will attend an all-day outing sponsored by the company, at Riverside park, Saturday. The outdoor activities will be preceded by a parade from the factory to the park.

Carl Fox, amusement committee chairman, announced that eighteen events are on the program. The high point of the day will be the ball game between picked teams at 2 p. m.

BRITISH TROOPS ARE IN CONTROL OF PALESTINE

Moslem Looters Pursued by
Soldiers; Situation Is
More Quiet.

By United Press
JERUSALEM, Sept. 5.—With the exception of isolated cases of attempted looting of evacuated Jewish homes by Arab tribesmen near the border, Palestine was quieter today than it had been since the serious rioting broke out nearly two weeks ago.

The British troops dispatched here from various points of the empire to quell the disturbances apparently controlled the situation. The cities remained under double patrol.

British soldiers were reported to have surrounded an organized band of trans-Jordan Arabs near the frontier following a clash between the troops and the invaders at the foot of Mt. Tabor. The troops were rushed from Fule to apprehend the Moslems who had been reported stealing cattle.

Many of the Arabs fled. The extent of the casualties was unknown.

RADIO INDUSTRY PEAK DISCUSSED AT DINNER

Brunswick Dealers Are Told Crisis
Is Far Off.

The peak of the radio industry will not be reached until more than twenty-three million sets have been sold, W. J. Baker, manager of the Indiana branch of the Brunswick-Balke-Collender Company, manufacturers of Brunswick radio receivers, told Brunswick dealers at a dinner-meeting Wednesday night at the Severin.

Dealers from throughout the state attended the dinner, guests of the local branch of the Brunswick-Balke-Collender Company. The afternoon was spent at the Brunswick display at the state fair radio show.

MAYOR FOR OPENING OF OLIVER AVENUE

Urges Extension as Another City
Airport Route.

Opening of Oliver avenue from Warman avenue, its present terminus, to Tibbs avenue was favored today by Mayor L. Ert Slack. A committee of real estate men and south side citizens urged the improvement at a conference Wednesday.

The route is being urged as an additional entrance to the municipal airport. The county would construct the roadway from Tibbs avenue to the north side of the airport, under the plan.

Slack pointed out no bridge would be necessary over the Pennsylvania railroad.

1,000 Families Are Homeless

By United Press
VIENNA, Sept. 5.—Radio dispatches from Bucharest today said almost one thousand families had been rendered homeless by a fire which destroyed most of the Besarabian town of Soroca when the water supply failed.

YOUR HOUSE NEED PAINT? THEN REMEMBER—

A PAINT BRUSH has a handle too—

It is important that you consider the handle end of a paint brush, as well as its bristle end, when you have painting done. To insure the right kind of job, you need both a master painter and good paint such as pure lead paint.

The master painter and pure lead paint are a time-tried partnership. For a hundred years and more master painters have built reputations for fine work with pure lead paint . . . and enabled property owners to get the utmost for their paint money.

Master painters continue to do that today by using, on exteriors and interiors, pure lead paint made with Dutch Boy white-lead.

Dutch Boy white-lead is sold by
paint dealers everywhere.
