

STATE G. O. P. COMMITTEE TO DISCUSS PLANS

Mayoralty Candidates to Attend Meeting at Lebanon Club.

BY BEN STERN.
Plans for the mayoralty election in November and the biennial state convention next May will be discussed at the meeting of the Republican state committee, mayoralty candidates and political leaders of the party next Tuesday at the Ulen Country Club at Lebanon. Invitations to the meeting not only have been sent to committee members by State Chairman Eliza Rogers, but special care was taken to invite prospective candidates in the 1930 convention.

The state committee must plan the steps to be taken in giving the vote to vice-committeemen of the state as provided in the "50-50" bill passed by the 1929 legislature.

Voting Power to Women
This law gave voting power to the women members of the state, district, county and precinct committees.

The 1925 statute provided that precinct committeemen appoint members of the opposite sex as vice-committeemen, but did not give the vice-committeemen power to vote except in the absence of the committeemen.

The majority of these appointees were women, as few of that sex were elected precinct committeemen. The same rule holds in the state, district and county committees. The rules promulgated by the state committee must be revised to conform with provisions of the 1929 statute.

Candidates for the various state offices are expected to make their announcements at the meeting.

Mrs. Urbahn Eliminated
All holders of biennial offices, including the secretary of state, treasurer, auditor and state superintendent of public instruction will be present.

Otto Fife, secretary of state, and Archie Bantz, auditor of state, are expected to announce their candidacies for re-election.

Mrs. Grace B. Urbahn, treasurer, will be eliminated under the constitutional provision that the holders of biennial offices can succeed themselves but once. Harry Nichols, Madison, who was a close contender for the office at the 1928 convention, is expected to announce his candidacy.

Present indications are that Fife may expect opposition from his home county, Lake, in the form of State Senator C. Oliver Holmes, Gary banker.

Bobbitt is the only one without apparent opposition.

The four-year term of Charles Biedersdorf, supreme and appellate court clerk, expires next year, but is being boomed for re-election.

Roy P. Wischert, state superintendent of public instruction, also is expected to be a candidate for re-election, but not without opposition.

U. S. ENVOY SEEKS TO CLEAR UP SLAYING

Murder on Ocean-Crossing Sloop Investigated by Consul.

By United Press.
SAN LUCAR BARRAMEDA, Spain, Sept. 5.—With the arrival here of Raymond Richard, vice-consul of the United States to Seville, further steps were taken today to clear up the events that led to the slaying of Angel Carbo, seaman on the Porto Rican sloop Mary, which crossed the Atlantic from Porto Rico to Spain via New York in eighty-four days.

Carbo made the voyage with Franceschi Caballero, Porto Rican yachtsman who owned the sloop and a young stowaway, Roberto Lopez, son of a prominent Porto Rican family living in New York.

On the arrival of the sloop in Spain, Caballero confessed he shot the seaman after the latter had attacked him, and the controversy which led to the shooting being caused by Carbo's desire to claim for himself all the glory of the trans-Atlantic voyage.

RAD LUCK PRESSES ON ITALIAN FLIERS

Macchi 52, Record Plane, Is Damaged in Test Flight.

CALSHOT, England, Sept. 5.—Bad luck continued to pursue Italian members of the Schneider cup team today when the Macchi 52, the machine in which Major De Barnhardi once established a world record, was damaged at the float landing after a ten-minute test flight.

It was piloted by Captain Dalmolin when the accident happened. It was the first trial the Macchi 52 had since it was brought to England for the races.

Until today Italian members of the cup team had hoped the Macchi 52 would participate in Saturday's race.

Not Guilty

By United Press.
NEW YORK, Sept. 5.—Hope Hampton, the opera singer, and her millionaire husband, Jules E. Brulatour, were held on the French line pier here four hours after their arrival from Europe while customs inspectors searched for diamonds an anonymous tipster is supposed to have informed the officials they were trying to smuggle in.

The late millionaire offered a reward of \$10,000 for the name of the alleged tipster. It was found by inspectors on a check that nothing had been omitted from the declaration.

DEATH TOLL NOW 17

Majority of Explosion Victims Women.

By United Press.
BRESCIA, Italy, Sept. 5.—The death toll from the devastating explosion in the fireworks factory near Montichiari rose to seventeen today as relief workers continued their search of the ruins for several missing persons.

Most of the dead were maimed almost beyond identification. The majority of the victims were women. Fifty employees were working in the building Wednesday when the terrific explosion came, killing several of them instantly. Conflagration followed the explosion.

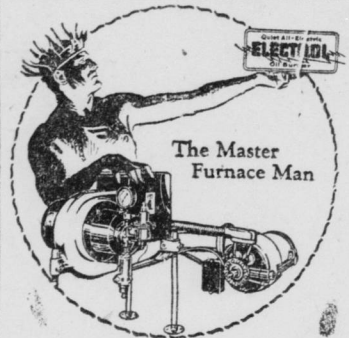

CONGRESS MAY SAVE FLAGSHIP

Final Disposition Likely to Be Considered.

By United Press.
WASHINGTON, Sept. 5.—The final disposition of the U. S. S. Olympia, flagship of Admiral George Dewey at the Battle of Manila Bay, is likely to be considered at the next regular session of congress.

The vessel, having outlived its usefulness as a fighting craft, might in the ordinary course of events be slated for scrapping, but the tradition of its prowess as a fighting machine, gained at Manila, still lingers in the public consciousness.

Heeding telegrams from all quarters of the Veterans of the Spanish war, the navy department has officially announced that the disposal of the Olympia has not yet been decided upon, and that its preservation will be fully considered before disposal is approved.
