N. LA SALLE ST. FANS BOthered BY POOR RADIO

Interference Engineer of
Times Starts Sifting
Their Troubles.

BY W. A. JACOBY

Times Radio Engineer
Now that summer vacations are over and the radio sets again are connected to the aerial and giving the much-needed entertainment to Mr. and Mrs. Radio Fan, many of the "bugs" find reception somewhat altered. Instead of clear tones issuing from their loud speakers, the programs at different points of the dial again are marred by all sorts of electrical interferences that completely ruin receptions.

Here is the season's first petition asking for relief, coming from thirty residents around North La Salle and East New York streets:

Dear Sir: This is to certify that we, the undersigned, in the neighborhood of North La Salle and New York streets, appeal to the Indianapolis Times Interference department for relief from the nightly radio interference that comes on just as the street lights go on. The man whose name is first signed to this petition had a program at 6:35 p.m. in this date, absolutely noiseless, and it was then the lights went on and the interference.

I jumped quickly to the corner to verify this, when the confectioner man called to me as I got there, "I know what you want, it just started at 6:35."

This has interfered all over the dials for five or six nights, presumably all night as the confectioner got it as late as 2 a.m."

This plan is signed by

O. T. McElroy, 43 North La Salle; A. D. Edgar, 245 North La Salle; Walter Borden, 216 North La Salle; Harry Stewart, 220 North La Salle; Cecil Burgett, 234 North La Salle; Edmund Francis, 244 North La Salle; Mrs. Flora Dorn, 250 North La Salle; R. Haas, 439 North La Salle; Mrs. Huffer, 246 N. La Salle; Mrs. Smith, 442 North La Salle; Mrs. P. A. Beyer, 309 North La Salle; Mrs. C. H. Williams, 325 North La Salle; Earl Moore, 401 North La Salle; Arthur Summers, 403 North La Salle; Herbert Webb, 437 North La Salle; C. M. Tobis, 84 North Dearborn; A. U. Russel, 84 North Dearborn; W. H. Venz, 57 North Dearborn; Anna Caldwell, 63 North Dearborn; O. D. Miller, 84 North Dearborn; Mrs. C. H. Williams, 84 North Dearborn; Mrs. Baker, 94 North Dearborn; W. A. Carr, 84 North Dearborn; Mrs. William Laut, 16 North Dearborn; G. S. Burgess, 30 North Dearborn; Mrs. E. Decker, 21 North Dearborn; Mrs. O. P. Mercer, 24 North Dearborn; J. A. Clifton, 3209 East New York; W. C. Smith, 3210 East New York; W. O. Chambers, 3209 East New York.

After making a thorough check of this section, it was found that the interference was coming from two sources. Many fans in this section aided in this check of this district.

Part of this interference has been cleared and the remainder will be eliminated this week.

OUTLINES ISSUES IN ELECTION ON NOV. 5

"Bossism's" Defeat Up to Voters
Coffin Tells Rotarians.

"Good government or political bossism" will be the alternative before Indianapolis voters at the Nov. 5 election. Charles F. Coffin, State Life Insurance Company president and city manager advocate, told Rotary Club members at the Claypool.

Coffin pointed out that election of the seven candidates endorsed by the Indianapolis City Manager League will mean government by sincere citizens rather than by a group of "professional politicians."

Claude H. Anderson, league campaign chairman, who also spoke, emphasized the need for starting the manager form in January under a commission which is "friendly and willing to give the nonpartisan principles a fair trial."

LATTA STOCKS ARE SOLD TO CYRUS RAY

Inventory, Valuing Estate at \$91,000.
Filed in Probate.

Probate Judge Mahlon E. Bash today announced that stocks held by the late Will H. Latta, attorney, were sold to Cyrus W. Ray, president of the Hoosier Casualty Company for \$91,500.

An inventory, valuing Latta's estate at \$91,199.33, also was filed with the probate clerk. Latta left \$5,500 in cash, according to attorneys.

Claims totaling about \$50,000 were filed against the Latta estate, and the stocks were sold to pay debts, Bash said.

RETURNS FROM ASIA

Editorial Press
NEW YORK, Sept. 10.—Colonel Theodore Roosevelt is back from a year's trip through Asia with specimens of many rare animals. Among the things he obtained were golden monkeys, red oxen and a blue sheep. He said he discovered a city in China 1,500 years old and now has 15,000 inhabitants.
