

INFANT DEATHS IN COUNTRY UP LITTLE IN YEAR

Slight Mortality Increase
Brings Rate to 68.3
for 1,000 Babies.

WASHINGTON, Sept. 13.—In the rate of infant deaths, 1928 shows a slight increase over 1927, according to the report on infant mortality issued today by the American Child Health Association. In 1927 the United States achieved the lowest rate ever recorded, 64.9, and last year the figure 68.3 shows the second lowest rate. This means that for every thousand babies born alive, approximately sixty-eight infants under 1 year of age died.

The report is based on the study of 729 cities with a population of 10,000 or more, as recorded in the 1920 census. Seven hundred nineteen of these cities lie in the birth and death registration areas and ten in the part of the country that has entered the death but not the birth registration area. They are scattered in forty-four states and the District of Columbia, and, according to the last census, include a population of about forty-four million people.

Of the cities having a population of 250,000 or more, Seattle and Portland, Ore., tie with the lowest rate, 43. San Francisco runs a close second, with 46. Of cities having a population between 100,000 and 250,000, Oakland, Cal., leads with a rate of 47, and is followed by Spokane, Wash., with a rate of 49; Des Moines, Ia., and Cambridge, Mass., each with a rate of 53.

Berkeley, Cal., is first among cities having a population between 50,000 and 100,000, its rate being the very low figure of 31. In this group, Union City, N. J., is second with a rate of 32, and Long Beach, Cal., is third with a rate of 38.

In the next population group of 25,000 to 50,000, Alameda, Cal., stands first with a rate of 25. Medford, Mass., shows a rate of 30; Oak Park, Ill., and Everett, Mass., have the rate of 31.

In the last population group, 10,000 to 25,000, Holland, Mich., achieved the very low rate of 21; Braintree, Mass., 22 and Stonington, Conn., 24.

Bucket Shop Losers Collect

SOUTH BEND, Ind., Sept. 13.—Alleged to have swindled patrons of more than \$25,000, operators of the Hamilton-King Company here, alleged bucket shop, have returned approximately \$9,000 of the money, according to reports. The operators will face trial in October.

POLAND MEMORIAL TO WILSON NEAR FINISH

Gutzon Borglum Works on Figure
Twelve Feet High.

By United Press
SAN ANTONIO, Tex., Sept. 13.—Gutzon Borglum, original sculptor of the Stone Mountain memorial, practically has completed, in his studio here, the model for Poland's memorial to Woodrow Wilson.

"There can be no peace with victory" is the theme for the memorial, suggested by the phrase from Wilson's second Louisiana note. The model depicts Wilson throwing aside the scholastic gown and entering world activities.

The memorial will have a twelve-foot figure of President Wilson in bronze on a granite base. Back of the statue will be a pylon four and a half feet high and twelve feet wide. At the other end of the large granite base will be a map of the Polish republic.

The statue will be cast in New York after the model has been completed.

PAIN AFTER EATING

can be quickly eased with ACIDINE, the new discovery, because it eliminates excess acid and digests starchy foods. Six out of every ten suffer from stomach distressing failure or as Webster's Dictionary puts it "Dyspeptic Distress." ONLY IN ACIDINE CAN YOU FIND AN EXTRAORDINARY ANTACID PLUS THE EXTRAORDINARY STARCH DIGESTANT "JAPANESE" WHICH DIGESTS 100 TIMES ITS OWN WEIGHT IN STARCHY FOODS.

At the first sign of SOURNESS, ACID, BELCHING, INDIGESTION, BILIOUSNESS, HEARTBURN, GAS OR A FEELING OF FULLNESS, take ACIDINE at once. Immediately your discomfort will be relieved.

ACIDINE prevents starchy foods from getting into your fermenting lumps and at the same time neutralizes excess acid. Potatoes, bread, cereals, in fact all starchy foods are liquified within 30 minutes and pass out of the stomach as liquid dextrin. In addition, ACIDINE contains an anti-acid which remains in the stomach and keeps it sweet for a considerable period of time. ACIDINE is safe, effective, swift, sure, and GUARANTEED UNDER A MONEY BACK GUARANTEE. Your druggist has it, or write Health Laboratories, Inc., Pittsburgh, Pa.
