

CO-ED BANDIT'S TRIAL DRAWING NEAR CLIMAX

Young Attorney-Husband Completing Evidence to Show Insanity.

BY MEADE MONROE
United Press Staff Correspondent
NEW BRAUNFELS, Tex., Sept. 16.—Otis Rogers, "young attorney from down at the State university," today was completing defense of his co-ed wife, Becky.

Otis had won sympathy from spectators who crowded into the room during the last week when he stoically built up a plea that Becky was insane when she robbed the Farmers' National bank at Buda three years ago.

Mothers who came to court with babies in their arms "spoke well" of him in the corridors of the frame building. Men wearing overalls and broad-brimmed hats, who had been deeply tanned under the Texas sun, said "that young fellow is a fine attorney."

Rogers had announced he would call four doctors today, exact from them additional testimony to the insanity of his wife, and rest his case.

Prosecutor Fred Brundell will offer rebuttal testimony in an effort to undermine the case Rogers has drawn in his cold, impersonal defense. The case is expected to reach the jury of farmers by Thursday night.

Becky, charged with robbing the Buda bank with firearms and escaping with \$1,000, retained the appearance of indifference today to her fate which has been jostled through court actions over the three-year period since she was arrested and Otis dropped his early career to rush to her aid.

She spent Sunday with her mother, Mrs. Grace Bradley, at Camp Giescke, near here.

CONFER ON ENGLISH EVACUATION OF RHINE

Report of Replacement by French Troops Angers Germans.

By United Press
LONDON, Sept. 16.—Sir William Thwaites, commander of the British troops in the Rhineland, has been summoned urgently to London to confer with Secretary of War Tom Shaw and possibly with Prime Minister MacDonald as a result of new complications in connection with the evacuation of the occupied German territory, the Wiesbaden correspondent of the London Daily Express said today.

Stanley Bishop, the correspondent, informed his newspaper that the German inhabitants of the Wiesbaden sector, which is being evacuated by the British, were highly indignant over an announcement that at least two French regiments will enter the territory as soon as the British have left.

It had been understood that only a nominal French guard, under the supervision of the Rhineland high commission, would be maintained in the territory heretofore occupied by the British.

It developed, however, that the French intend to move their troops in as soon as the British have completed their evacuation of the zone, and that they would be quartered throughout the Wiesbaden district.

3 CITY MEN CARRY \$1,000,000 POLICIES

Norman A. Perry, J. K. Lilly Jr. and Ray E. Adams Among 312.

Three Indianapolis men are among the 312 persons in the United States and Canada who hold insurance policies aggregating \$1,000,000 of more.

They are: Norman A. Perry, president of the Indianapolis Power and Light Company, \$1,600,000; J. K. Lilly Jr., president of the Eli Lilly & Co., \$1,500,000; and Ray E. Adams of Indianapolis, \$1,000,000.

Two years ago, according to the Spectator Publishing Company, insurance weekly, the million-dollar life insurance roll carried 247 Americans, but now 295 are listed.

Pierre S. Du Pont, Wilmington, Del., is high with insurance totaling \$7,000,000.

Among those listed as owning \$1,000,000 policies are: Al Johnson, Mary Pickford, Douglas Fairbanks, Erle Von Stroheim, Eddie Rickenbacker and Norma Talmadge.

Stop Using a Truss

STUART'S ADHESIF PLAPAO-PADS are entirely different—being mechanico-chemical applicators—made self-adhesive purposely to keep the hernial muscle-tonic called "Plapao" continuously applied to the affected parts, and to minimize danger of slipping and painful friction. The adhesive fabric is soft as velvet and clings to the body without straps, buckles or springs.

For almost a quarter century stacks of sworn testimonials from many different countries report success—without delay from work. The epidemic absorption of "Plapao" utilizing "mechanico-chemical" therapy tends toward a natural process of recovery, after which no further use of a truss. Mail Coupon for FREE TEST of factor "Plapao" TODAY.

Good Will Planes Take Off

Upper—Pilots of the thirty-one planes in the Indiana air tour that left the Hoosier airport today in the five-day tour are shown above as they walked to their ships before the take-off.

Lower Left—Plane of Bob Shank, Hoosier airport president, is shown soaring eastward after the take-off.

Lower Right—William F. Sturm (left), tour director, and Charles E. Cox Jr., of the Curtiss Flying Service, standing beside their Curtiss Robin a few minutes before the start.

LAUDS KELLOGG PACT'S WORLD PEACE EFFECT

Treaty Influences League of Nations. Chicago Lawyer Declares.

By United Press
GENEVA, Sept. 16.—The Kellogg treaty in its influence on the League of Nations and Hague Court has achieved virtual solution of all international problems, Salmon Oliver Levinson, Chicago lawyer, who is reputed to have inspired the pact, told the press today.

"Thanks to a change in enlightened European public opinion, the peace pact is fast becoming the solvent of all international problems and European relations," Levinson said. "The work of the present assembly intensely reflects and crystallizes the progressive development of European opinion in the last two years against war."

"It has placed the world court on a parity without federal supreme court in reliance upon public opinion and the plighted word for enforcement of its decisions in sovereign disputes."

"We now have the reality of the world peace court responding to the pacific means pledged by the pact for the settlement of disputes."

"Another great move toward judicial equality of nations has been made by revision of the court statutes requiring the consent of the disputant nation as a prerequisite of the court's granting an advisory opinion."

COURT PROBE ASKED La Follette Demands Action on Anti-Labor Writ.

WASHINGTON, Sept. 16.—A senatorial investigation of injunctions issued Sept. 9 by Judge W. H. Kirkpatrick of the eastern district of Pennsylvania against the Amalgamated Clothing Workers of America was demanded today by Senator La Follette (Rep., Wis.).

La Follette introduced a resolution to authorize the senate judiciary committee to make the investigation.

"If ever there was a more glaring example of the misuse of the injunction power of the courts the records fail to disclose it," La Follette told the senate.

FAR MFEDERATION TO ENLARGE ITS ACTIVITY

Directors Consider Change in By-Laws at Meeting.

Indiana Farm Bureau Federation directors met today to revise the by-laws, necessitated by the rapid growth of the federation and to elect a successor to Ward T. Martindale of Wilkerson, who resigned recently.

The by-laws will be framed to aid in handling increased business. This is the second meeting within three days of farm organizations, the Central States Soft Wheat Growers' Association having met Saturday.

HOOSIERS ARE INVITED Congressional Delegates Will Be Guests at White House.

Senator James E. Watson and other members of the Indiana Republican congressional delegation in Washington, D. C., will be guests of President Herbert Hoover Wednesday at a dinner for Governor Harry G. Leslie.

Majority of Indiana's Republican senators and representatives are not in Washington. Watson's colleague, Senator Arthur Robinson, returned to Indianapolis several days ago.

WILLIAM E. DAVIS DIES

Funeral Services for Former City Official on Wednesday.

Rites for William E. Davis, 67, former Republican politician, who died Friday, will be held Wednesday afternoon in Crown Hill cemetery. Funeral services at 2 p. m. at the Flanner & Buchanan mortuary will precede the burial.

During the presidential term of the late Benjamin Harrison, Mr. Davis was appointed to a position in the Indianapolis postoffice. He was a member of the board of works during the city administration of the late Lew Shank.

He was a member of Murat Shrine, Scottish Rite, Knights Templar, and Elks.

Train Kills Motorist
By United Press
GARY, Ind., Sept. 16.—Maikie Spak, 36, was killed here today when a train crashed into his automobile at a crossing.

BRAND POLICY OF EVACUATION IS QUESTIONED

Parties of Right Demand Satisfactory Account From Cabinet.

By United Press
PARIS, Sept. 16.—More trouble faces the cabinet of Premier Briand. Facing a heckling by Radical-Socialist groups of financial and social legislation, it also must give the parties of the right a satisfactory account of its policy in evacuation of the Rhineland.

The conservatives are organizing an offensive against the government on the question of security and all the processes governing evacuation.

It was stated authoritatively today that under the Hague and Geneva agreements, the Colmar zone will be free entirely of Allied occupation troops within two months.

Two French infantry regiments will return to Alsace-Lorraine. One artillery regiment and a brigade of chasseurs will be demobilized and general orders will be issued that no troops will be received into the Rhineland.

The remainder of the second zone troops will be dispersed among the third zone army, so that towards Christmas the French army of occupation in Germany will number about 28,000 men. These will be retired before June 30, if Germany fulfills the terms of The Hague agreement and the Young plan during the first six months of 1930.

TARIFF SYSTEM CHANGES URGED

Hiram Johnson in Favor of Nonpartisan Board.

By Scripps-Hearst Newspaper Alliance
SAN FRANCISCO, Sept. 16.—A real nonpartisan tariff commission is needed, in the opinion of Senator Hiram W. Johnson, on the eve of his leaving here for Washington. Johnson intimated he will support the present bill, but he urged that President Hoover make known his stand.

"What will happen is wholly problematical," said Johnson. "Forces seem to be divided about evenly for and against the measure. If the President would indicate what he wishes, it would be settled definitely and quickly. Both sides, however, quote him and both sides say he represents their views."

"Unless the President takes a very definite stand soon, it is not unlikely a condition will arise similar to that which arose at the time of the farm relief bill."

Johnson says the "whole mode of tariff making is a sad commentary on our system."

"Way back in the progressive days of 1912," he said, "I urged a nonpartisan tariff which scientifically would determine what should be done. A tariff commission was created, and it was hoped the old log-rolling method had passed. After a brief period, however, the tariff commission became dominated by big interests and its primary purpose was forgotten."

MOSLEMS REPULSED

16 Are Slain in Fight With British, Say Dispatches.

By United Press
LONDON, Sept. 16.—Jerusalem dispatches to the London Daily Chronicle today said sixteen Arabs were killed and many others were wounded in a running fight with British troops between Lubyeh and Hattin, northeast of Nazareth. There were no British casualties. Many of the Arabs surrendered and were disarmed.

'BABY AUTO' WILL BE SOLD THROUGH MAELS

Deal for Manufacturers of Miniature Cars Under Way.

By United Press
NEW YORK, Sept. 16.—A deal for the manufacture and sale through a mail order house of a "baby automobile" was to be arranged in Washington today, it was understood in financial circles here.

The inventor, James V. Martin, was said to have obtained the support of a syndicate, headed by William B. Leeds, the Duponts and Sears, Roebuck & Co., and final details along remained to be worked out at Washington.

The car, which has a wheel base of only sixty inches, no running boards and no springs, is expected to retail for \$200 or less.

FILES ELECTION PETITION

Andrew J. Blueher Enters Race for City Commissioner.

Andrew J. Blueher, 3801 East Thirtieth street, today filed a petition with City Clerk William A. Boyce, Jr., to become a candidate for city manager commissioner. His petition had 2,320 signatures.

Plane Motor Made Here

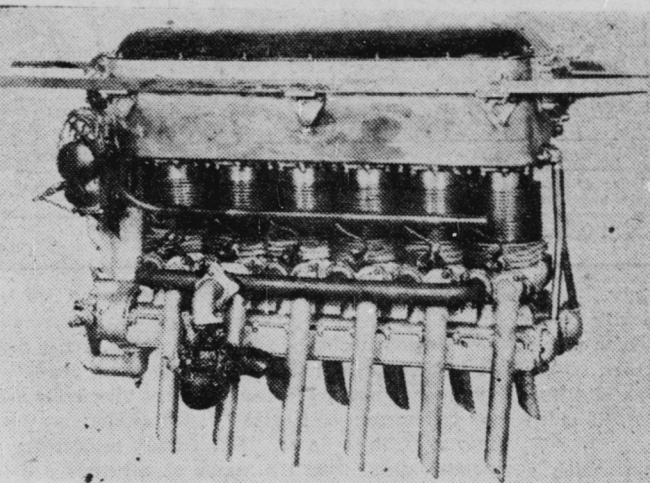

Photo shows the new six-cylinder airplane motor manufactured by the Arthur Chevrolet Aviation Motors Corporation of Indianapolis which has been approved by the department of commerce. The motor is known as the "Chevolair."

BAY RUM AGAIN ON IOWA GRILL

Kresge, Donor of \$500,000 to Drys, Sells Lotion.

By United Press
WATERLOO, Ia., Sept. 16.—Des Moines' bay rum investigation, involving the intoxicating properties of certain preparations of the face lotion, shifted today to one of the 5 and 10 cent stores operated here by S. S. Kresge, who once gave \$500,000 to further the fight for prohibition.

Within the same week that a municipal court jury decreed the bay rum sold by a Woolworth 5 and 10 cent store was an alcoholic beverage, William Foster was arrested on a charge of drunkenness and possession of intoxicating liquor.

Foster said his condition was caused by drinking bay rum purchased at an S. S. Kresge store. On the four bottles of bay rum found in his pockets were labels stating that the fluid's alcoholic content was 60 per cent.

Police announced they would conduct another bay rum investigation this time concerning the sales of the lotion at the Kresge store here.

AUTHOR TO LOSE AWARD

Candidacy of Erich Maria Remarque Sent Too Late.

By United Press
STOCKHOLM, Sept. 16.—Pras reports disclosed today the Nobel peace prize could not be awarded to Erich Maria Remarque, author of "All Quiet on the Western Front," this year because his candidacy was sent in too late.

A new shipment of silk and jersey dresses, stouts and regulars. \$4.97

BRITAIN READY TO DISMANTLE FORTIFICATIONS

Conservatives' Proposal May Be Adopted by MacDonald.

By United Press
LONDON, Sept. 16.—Prime Minister J. Ramsay MacDonald's approaching peace pilgrimage to the United States brought forth from conservative quarters today suggestions that he include in his Washington program an announcement of Britain's readiness to dismantle the British fortifications facing the North American coast.

From the same quarters it was suggested he propose similar measures concerning the American fortifications along the Panama canal.

"The London Observer, endorsing such action, said: 'Let the good gesture come through our initiative.' The newspaper declared the undefended border between Canada and the United States should be made Atlantic-wide throughout the English-speaking world."

Assuming that a virtual agreement has been reached on the question of cruisers, some quarters demanded that MacDonald utilize his Washington visit as an opportunity to bring about a drastic reduction also in submarines.

Kiwanis Delegates Chosen
