

BOULDER DAM PATRONS WILL ATTEND SESSION

Final Arrangements for Sale of Power Will Be Made Oct. 14.

By Scripps-Howard Newspaper Alliance
WASHINGTON, Oct. 4.—Final arrangements for sale of Boulder Dam power by the government will be made at a conference here Oct. 14. Secretary of Interior Wilbur has called the conference. The following, who have asked to buy part or all of the power output of the project, will be represented: City of Los Angeles, Metropolitan Water district, Southern California Edison Company, Southern Sierras Power Company, and the states of Nevada and Utah.

There also will be present Professor W. F. Durand of Stanford university, consulting engineer for the reclamation bureau, and L. N. McClellan, chief electrical engineer.

Wheat Gain in North Dakota

By United Press
GRAND FORKS, N. D., Oct. 4.—North Dakota this year will have an increase of more than 9,000,000 bushels of all spring wheat over the 1928 yield, the federal agricultural statistician announced here.

Wrong Time of Month

To some women the calendar is a tyrant, with certain days set aside for pain. Such martyrdom is needless! Midol—acting directly on the organs affected—disposes of every bit of pain at such a time. Midol is not a narcotic. It does nothing to interfere with the natural and necessary process, but it eases the organs in five to seven minutes in even the most severe cases. Furthermore, the woman who takes a tiny tablet of Midol in time will experience no suffering at all.

For your own sake, investigate Midol and see how reliable and complete is its relief—no matter how hard a time you're always had. At every drug store in trim aluminum case for fifty cents.—Advertisement.
