Ask your FADA dealer to let you hear
one of the new FADA RADIOS and you'll
discover tone realism that is impossible
without VIBRA-CONTROL . . . the rich,
mellow FADA full-power DYNAMIC
SPEAKER will give you each delicate
graduation of tone exactly as it enters the
studio microphone . . . free from distortion,
interference, rumbles, rain barrel
tones and roars.

New Radio Receiver**

It was natural that VIBRA-CONTROL
would be followed by a score of imita-
tions, but it is hardly possible that an
achievement that required years to per-
fect will or can be successfully duplicated
in a few short weeks. Again we say . . .
ONLY FADA RADIOS HAVE VIBRA-
CONTROL.

Fada on the Air

Hear the Fada Orchestra, with David
Mendoza conducting, broadcast every
Tuesday night at 9 o'clock over the
Columbia Broadcasting System. Tune in
WFBM, Indianapolis, for this outstand-
ing program.
