

# PROBE OPENED OF PADDING IN POLL OF VOTES

Twenty Names Are Struck  
Off 'Eligible' List of  
Hotel Dwellers.

Alleged importing of "foreign" voters into several precincts for "padding" the lists of voters in the city election Tuesday was being investigated today by attaches of the Marion county prosecutor's office.

Although they had before them where efforts apparently had been made to import voters, it was understood the prosecutor's probe would extend into several precincts in the city.

George Eggleston, deputy prosecutor, investigating a complaint of George Grinstead, Democratic precinct committeeman in the seventh ward, struck twenty names of reported "eligible" voters from the poll list taken at the Dixie hotel, Liberty and East streets.

According to Eggleston a poll of the hotel's eligible voters, taken Oct. 7 by Pete Brown, Republican seventh ward committeeman, listed forty-one persons as privileged to vote.

A poll submitted today by Andrew Tachomis, hotel manager, of residents at the hotel eligible to vote, struck twenty names off the poll list. Fourteen had been found "checked out" and six persons were disqualified because their time of residence was too short. Twenty-one persons at the hotel are eligible to vote, Eggleston said.

Other names probably will be stricken from the list, Eggleston said. If second naturalization papers can not be shown by several persons listed in the hotel poll, The Dixie hotel is in the Seventh precinct of the Seventh ward.

## ITALY CELEBRATES ITS ARMISTICE DAY

By United Press

ROME, Nov. 4.—Italy celebrated the eleventh anniversary of the Italian armistice of the World war Sunday, premier Benito Mussolini, leading the observance with an address to crippled war veterans, in which he warned of the possibility of future wars.

Nov. 4 generally has been observed as the armistice anniversary, but to avoid the loss of the working day, the celebration was moved up one day.

A mass at the Royal Church of Santa Maria degli Angeli, attended by representatives of the king, featured the day. Premier Mussolini placed a wreath on the tomb of the unknown soldier.

## HUNGER STRIKER FIRM IN REVOLT

Woman Dog Owner Starts  
Fourth Day of Fast.

Awaiting trial on a charge of assault and battery with intent to kill, Mrs. Marilyn Suzanne Krause, 3445 North Capitol avenue, this morning completed the third day of her third hunger strike in Marion county jail.

She was arrested Friday, after she is said to have violated a court order to remove her dogs to the city pound. When a Negro pound attendant attempted to take the dogs, it is alleged she hurled a hatch at him.

Mrs. Krause recently was convicted of maintaining a nuisance with numerous dogs and cats. A \$25 fine and thirty days jail term were suspended on condition that she allow the dogs to be taken away.

Her first hunger strike was begun several years ago when she spent five days in jail without food. Last July, when again arrested, she also refused nourishment for five days.

# DRY LEAGUE TO TAKE NO PART IN CITY'S VOTE

Recent Death of Shumaker  
Prevents Activity by  
Organization.

"Vote your convictions after a careful investigation has been made of the wet or dry stand of candidates."

This was urged by Dr. C. H. Winders, acting superintendent of the Anti-Saloon league of Indiana, today on the eve of city elections in Indianapolis and other municipalities of the state.

"The league," Dr. Winders said, "is taking no active part in Tuesday's vote due to the recent death of its leader Dr. Shumaker."

## Committee Will Meet

The headquarters committee of the league will meet at 10:30 a. m. Tuesday to discuss affairs of the organization and to act on problems confronting it.

Asked if the league would consider choices for the post left vacant by the death of Dr. Shumaker at the meeting Tuesday, Dr. Winders said, "Not that I know of. It is a business meeting and should end by noon."

Appointment of Dr. Shumaker's successor lies in the hands of Dr. F. Scott McBride, general superintendent of the Anti-Saloon League of America. He names his preference and presents the name to the state trustees of the league for their approval.

## May Act on Aspirants

It has been rumored that at Tuesday's meeting of the headquarters committee persons favored for the superintendency by that committee will be approved and names sent to Dr. McBride.

Sam McNaught, superintendent of the Iowa Anti-Saloon League; E. A. Miles, attorney for the Indiana league, and Dr. Winders have been mentioned for the post.

# GLOSSBRENNER FIGHT CALLED 'SPONTANEOUS'

Attorney Declares Workers  
Are Forced to Arms by  
Candidate's Views.

"The movement against Alfred M. Glossbrenner, Republican candidate for mayor, is a spontaneous uprising of working people, who were forced to arms by efforts of low-wage advocates to seize control of our city government for selfish interests," said John F. Geckler, attorney, in a radio address over WKBF Sunday.

"Glossbrenner favors working conditions that were a disgrace to civilization of a century ago," Geckler said.

"He has fostered and intensified class feeling by his attitude against labor. He persistently has opposed child labor legislation. He opposed abolition of the twelve-hour day and seven-day week in the steel industry. He opposed the primary election law, and believes that the rank and file are not capable of voting intelligently in a primary."

"Glossbrenner recommended the employment of women as janitors in our public schools because they could be hired for less pay."

"He is a dominant member and moving spirit in several associations of employers, whose main reason for existence is to keep wages down and prevent the organization of employees from securing improved conditions."

"During this campaign Glossbrenner has been confronted with a dilemma. To get the union label on his campaign cards and circulars, he has had the work done in a union shop."

## Won't Tell; Jailed

These three newspaper men on the staff of a Washington daily may not evade jail until they tell a District of Columbia grand jury where and from whom they bought liquor in the capital.

Left to right are Gorman M. Hendricks, Jack E. Nevins Jr. and Linton Burkett, who were given forty-five-day sentences for contempt of court, and sent to the same jail where Harry F. Sinclair is serving time for a similar offense.

The three men refused to divulge bootleggers' names and addresses after they had conducted a personal survey of Washington speakases. At the end of their present term they are liable to be resented if they continue to withhold this information.

# ENDED COLD CAUSED BY RIDE IN NIGHT AIR

Relief Began Quickly When  
Doctor Advised Home Use  
of Pleasant Method

An entirely new method of ending colds is now proving itself quickest and most dependable in hundreds of Indianapolis homes.

Miss Eva Flinn, for example, caught a severe cold when she left her coat at home and the air became damp and chilly later in the evening. As a result, her breathing passages became badly congested, her throat was inflamed by constant coughing and her voice was so hoarse it was embarrassing to try to talk.

Acting on the advice of her doctor, then, she started taking double strength doses of Ayer's Cherry Pectoral. Relief began quickly and that night her nose passages were less congested, the "feverish," "achy" feeling was gone and she was able to sleep without coughing but once or twice during the night. Next day she was able to return to work and in another day or so, the doctor reports, an examination showed that all trace of the cold was gone.

Notes: See other cases being reported daily—all certified by the attending physician.

Ayer's Pectoral was hospital certified as the best of different widely used methods tested for head colds, coughs and chest colds because it gave the quickest, surest relief—with absolute safety. It is now featured by Hook Drug and all leading druggists.

# FAMILY PRIDE SLAYING TRIAL IS NEAR CLOSE

State Contends Judge Shot  
Unarmed Son-in-Law  
in Back.

WEATHERFORD, Tex., Nov. 4.—The trial of Judge R. H. Hamilton on charges of murdering his unwanted son-in-law, Tom Walton Jr., entered its closing phase today as District Attorney Edward Thomson began his rebuttal to the defendant's completed case. It was expected final arguments would start Tuesday.

A crowded courtroom buzzed with discussion over various points brought out in the testimony and interest in the nature of the rebuttal was intense.

The state has contended:

1. That Walton was unarmed when he entered Judge Hamilton's office, presumably to tell of his clandestine marriage to the latter's daughter, Theresa.
2. That Hamilton bought shells for his revolver some days before the shooting.
3. That the youth was shot in the back.

# RUPTURE IS NOT A TEAR

NO BREAK TO HEAL

Rupture is not a tear, but purely a muscular weakness in the abdominal wall. Trusses merely brace these muscles but do not strengthen them—on the contrary, the gouging of the ordinary truss pad often increases this weakness as it tends to shut off circulation of the blood.

STUART'S ADHESIP PLAPAO-PADS are entirely different—being mechanico-chemico applicators—made adhesive purposely to keep the muscle-tonic called "Plapao" continuously applied to the affected parts, and to minimize danger of slipping and painful friction. The adhesive fabric is soft as velvet and clings to the body without straps, buckles or springs. Easy to apply—comfortable— inexpensive. Awarded Gold Medal, Rome, Grand Prix, Paris, Honorable Mention, Panama Pacific Exposition, San Francisco, etc. For almost a quarter century stacks of sworn testimonials from many different countries report success—without delay from work. The epidermic absorption of Plapao utilizing "mechanico-chemico therapy" tends toward a natural process of recovery, after which no further use for truss.

Stop wasting your time and money on old-fashioned devices. Learn how to close the hernial opening a nature intended, so the rupture can't come down. Send no money; just mail the Free Test coupon below. For your own good—write today—tomorrow may be too late.

MANY men have sought words to describe that "extra something" in Chesterfield.

It is there, undoubtedly... a "sparkle" of spicier aroma, an extra touch of flavor, a certain added "character," unmistakably Chesterfield's own.

No one word describes it—but only the most inexperienced smoker could fail to mark it. Between other cigarettes and Chesterfield, there is the clear-cut difference between just something to smoke and the cigarette that puts—
