

ARGENTINE R. R. STRIKE IS NOW IN FOURTH DAY

Traffic Throughout Nation Stopped by Workers for Specified Periods.

By United Press BUENOS AIRES, Nov. 7.—The most unusual strike in the history of Argentina was in its fourth day today, with no indication of settlement.

Railroad workers have stopped traffic throughout the country for a specified period each day since Monday, when the strike started.

The nation-wide stoppage lasted fifteen minutes the first day and the workers then went back to their jobs and business moved as usual.

Tuesday, at the specified hour, railroad men of the Argentine took thirty minutes' "French leave" from their jobs and Wednesday they tied up traffic for forty-five minutes before returning to work.

The time of the "strike" was increased to an hour today and the union announced that fifteen minutes would be added each day until the demands of the workers are met.

President Hipolito Yrigoyen's first efforts to settle the strike were unsuccessful.

The railroad strike was an outgrowth of a two-year controversy hinging upon demands by the unions.

1. Increased wages for workers who are not paid the minimum wage demanded by the union.

2. Annual leave of twenty days for workshop and stores hands.

The railroad involved in the controversy replied that the demands of the union would increase operating expenses more than \$2,000,000 pesos (about \$21,000,000) annually and would oblige the company to revise its entire wage scale, which the company believed to be prohibitive.

CAMP KNOX DAM WILL INSURE WATER SUPPLY

Hoosier troops, forced to move from barracks to tents at Camp Knox, Ky., last summer because of the water shortage, were assured today this experience will not be repeated.

Adjutant-General Manford Henley received notice from the fifth corps area commanding that a dam is being built at Saunders's Springs, which will assure adequate water supply at the camp. The project is being financed by the war department.

Henley will bring the matter to the attention of the national guard officers and men, he said.

PREPARE FOR LONG HOP

HANOI, French Indo China, Nov. 7.—The French long distance fliers, Dieudonne Coste and Maurice Bellonte, announced today they would leave here for Paris sometime between Nov. 14 and 17, during a period of a full moon, hoping to make the flight in three and a half days.

Coste and Bellonte still await official recognition of their long distance flight record established in a non-stop flight from Paris to Tsitsihar, Manchuria, a few weeks ago.

Red Letter Days

By Edna Wallace Hopper

For very special occasions, "when one simply must look her best" the skin needs freshening and toning. And a "facial" comes to the rescue.

Some women look young and carefully groomed for a night or two. Then their skin gradually lapses back into muddy, dull hue . . . until another important event.

You can give your face the firm, flawless tone of youth. You should keep it in this condition not only for important engagements but every day because you're just as closely scrutinized day in and day out.

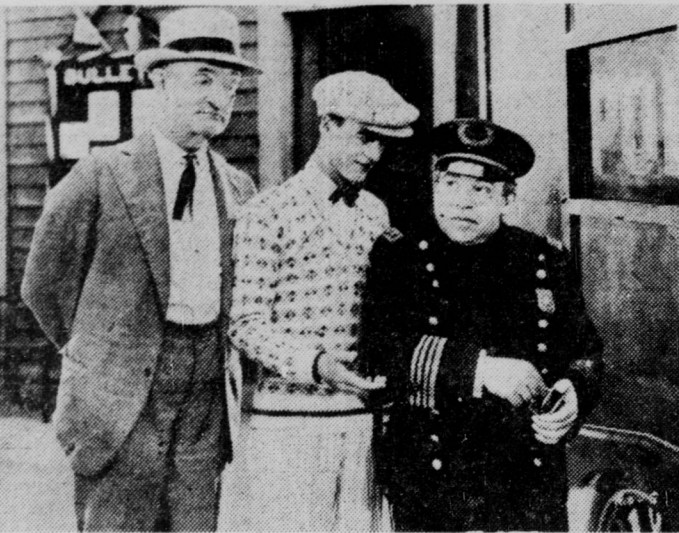

This is the simple treatment I have found necessary for youthful skin:

Apply my White Youth Clay once a week, twice a month or as often as your skin requires. After washing it off you will feel the pleasant sensation of a real astringent. The clay ridges your skin of blackheads and similar blemishes, gently purging the pores of their accumulated impurities which sometimes sink so deep, especially in oily skins.

My White Youth Clay is the only dainty, agreeable clay pack I know. You can get it at any toilet counter.

Recall Charlie Murray? It May Bring You Cash

Star Coming to Lyric Soon: Remember Old Scenes, Win a Prize.

Well, folks, here's No. 3 of The Times-Lyric Charlie Murray Picture Contest. We are sure you've seen the photoplay from which this scene was taken.

Charlie Murray is coming to the Lyric for one week, starting Saturday, to make a personal appearance at the head of the vaudeville show. Charlie wants to know how many local movie fans remember his former photoplays. This is the reason for the contest.

Charlie is a former Indiana boy, by the way, having been born and reared in Muncie. It is expected that a large delegation of Muncie

people will come to Indianapolis next week to see Charlie in person. There are to be two more pictures published. That will make a set of five you must name to complete the contest. When you have the entire set of five, mail or bring them to the Charlie Murray contest editor of The Times and your pictures will be judged for the prizes offered.

Deadline for sending in your pictures has been set for midnight, Tuesday, Nov. 12.

The contest is open to every one except employees of The Times, Lyric, and film exchanges.

The list of prizes to be awarded is as follows: First, \$10; second, \$7.50; third, \$5; fourth, \$2.50; and the next twenty-five nearest correct two tickets each to the Lyric theater.

Watch for the next photo, to be published Friday.

POWERS CONFER WITH EYES ON NEARING PARLEY

MacDonald Strives to Iron Out Difficulties With Early Conferences.

By Henry T. Russell, United Press Staff Correspondent LONDON, Nov. 7.—Serious obstacles facing the forthcoming five-power naval conference in January were reported under discussion today in British conversations with representatives of Italy, France and Japan.

It was said in unofficial sources that naval experts of France and Italy had attempted to reach a pre-conference understanding on naval parity between their countries.

The Italian demand for parity with France, in addition to the opposition of France and Italy to abolition of submarines, has been cited as one of the most dangerous obstacles ahead of the conference.

Official French sources, however, denied that there was any intention of reaching a definite agreement with Italy. But Ambassador Maurice De Baumarchais talked informally with Dino Grandi, Italian foreign minister at Rome this week and soon will reopen full negotiations.

Prime Minister MacDonald's report to the House of Commons on his trip to the United States, it was emphasized, has cleared the way for concentration on Anglo-European and Anglo-Japanese pre-conference negotiations.

Authoritative sources stressed the fact that conversations between all the powers involved would make it plain that MacDonald had no intention of confining pre-conference negotiations to Britain and America but, instead, was determined to bring all powers involved as near to agreement as possible before January.

COUPLE REWED AFTER 9 YEARS

Mr. and Mrs. Hiram Sheets Couldn't Live Apart.

After more than nine years of separation, Hiram Sheets, 54, engineer, of South Bend, today prepared to re-establish, with his former wife, their home that was broken by a divorce decree.

Throughout the nine years, Mrs. Sheets bore the name of Miss Marne Sheets while she resided at 2702 Station street and followed her occupation as a saleswoman.

When they appeared before Horace Lineback, county license clerk, Wednesday afternoon, Mrs. Sheets admitted she no longer desired to live without her divorced husband.

"I'm sorry I got the divorce and I want to remarry Hiram," she said. They were given a license to marry.

Mr. and Mrs. Sheets were divorced in Dayton, O., Oct. 25, 1920.

Cambridge Professor Dies

By United Press SAXLINGHAM, England, Nov. 7.—Professor Thomas Barlow Wood, professor of agriculture at Cambridge university, died here Wednesday night. Professor Barlow was noted for his work in agricultural chemistry. He was 60 years old.
