

SENATE RENEWS TARIFF DEBATE; TAX CUT FRIDAY

House Considering French
Debt and Appropriation
for Interior.

By United Press
WASHINGTON, Dec. 12.—Legis-
lative progress, rapid in the house,
slow in the senate, was recorded by
congress today.

The senate had completed the
most controversial section of the
wool schedule after nearly a week
of debate, and planned to take up
the tariff bill again today. It will
be laid aside Friday for the \$160-
000,000 administration tax reduc-
tion resolution, which leaders hope
to pass at once.

The house, having adopted the
tax resolution in a single day, took
up the French debt settlement in
expectation of ratifying it in simi-
lar short time. The first appropriation
bill, carrying more than \$283-
000,000 for the interior department,
was passed by the house Wednesday,
and is to be sent to the senate to-
day.

After Christmas

This and other house measures
will be held up in the senate, prob-
ably until after Christmas, to give
added time for traffic consideration.

The senate's tax problem, already
complicated by proposals to make it
apply to 1930 corporation incomes
instead of 1929, was added to fur-
ther by an amendment by Senator
Couzens (Rep., Mich.), which would
reduce from 12 1/2 to 10 per cent the
federal tax on capital gains.

This would be effective starting
on 1930 gains and losses. The 1 per
cent cut on individual normal taxes
and corporation taxes, provided in
the resolution as passed, would be
effective only on 1929 incomes, how-
ever.

Aimed at Wall Street

Couzens' amendment is under-
stood to be aimed at Wall Street
criticisms of the tax, which attrib-
uted it to be one of the reasons why
owners of securities held their
stocks so long despite the condition
of the market. Treasury officials
feel, however, that this tax had lit-
tle to do with the stock decline.

Three senate investigations also
went on today. A special cotton in-
vestigating subcommittee, with
Townsend (Rep., Del.) as chair-
man, and Smith (Dem., S. C.) and
Hedlin (Dem., Ala.), prepared to
hear preside of New York and New
Orleans Cotton Exchanges on ques-
tion involving the price of cotton.

CULVER ACADEMY SUED

Effort Made to Prevent Purchase of
Realty for Expansion.

By United Press
SOUTH BEND, Ind., Dec. 12.—
Suit for a permanent injunction to
prevent purchase of properties at
Culver by the Culver Military acad-
emy and the Culver Realty and In-
vestment Company has been filed
by Mrs. Ida Culver Wintermute.

The suit charges the defendants
have illegally voted to purchase the
Palmer house, a resort hotel on
Lake Maxinkuckee, and the Shorb
and Jungle, adjacent properties.
The suit gives the purchase price as
\$102,273.88.

Mrs. Wintermute asserts the
academy already had enough prop-
erty for expansion and that the
realty under consideration for pur-
chase is not suitable.

Balks at Job

Donald DuShane, Columbus (Ind.)
school superintendent, who an-
nounced today he proposed to
reject the office of Indianapolis
school superintendent tendered
by the school board Tuesday
night, following dismissal of
Charles F. Miller.

8 DEATHS AUTO TOLL IN MONTH

Total Until Dec. 1 for City
Given at 110.

Indianapolis and vicinity had a
total of eight traffic deaths in four
weeks ending Dec. 1 against four
deaths for the same period last
year, according to statistics of the
department of commerce, bureau of
census, at Washington. Of eight
deaths, during November, this year,
five were inside the city limits, while
all four deaths during the same
period of 1928 were inside the city
limits.

The figures show a total of 110
accidental deaths in the Indian-
apolis territory in the fifty-two
weeks ending Dec. 1 against 105
accidental deaths during the same
period ending Dec. 1, 1928.
The figures show 28.9 deaths per
100,000 population from automobile
accidents during the fifty-two weeks
ending Dec. 1, 1929, against 27.6 per
100,000 during the same period end-
ing Dec. 1, 1928, in the city and its
adjacent territory. The city death
rate, however, decreased from 20.3
per 100,000 to 20.2 per 100,000, dur-
ing the same period, the figures
show.

An interesting figure of the report
is that seventy-seven deaths from
auto accidents occurred within the
city during the fifty-two weeks end-
ing Dec. 1, 1929, while exactly the
same number are listed for the
same period ending Dec. 1, 1928.

PARTY SPLIT IS CAUSE OF NEW DRY PRESIDENT

Ohio Man Becomes Leader;
Predecessor Worked
for Republicans.

By United Press
COLUMBUS, O., Dec. 12.—Wil-
liam F. Varney, Rockville Center,
N. Y., became president of the Na-
tional Prohibition party today, suc-
ceeding D. Leigh Colvin, who was
asked to resign because of his "po-
litical activities."

Colvin's enforced resignation was
decided upon at a meeting here of
the party's national executive com-
mittee which adopted a resolution
declaring Colvin "worked for the
success of the Republican party in
1928 instead of his own party." Col-
vin was not present at the meeting.
The opposition against Colvin
was led by W. D. Martin, New Jer-
sey committeeman, who admitted a
split in the party and warned the
delegates that "prohibition will not
be successful as long as we have a
divided party."

Martin charged the Republican
party "is afraid to enforce prohi-
bition because of the coming elec-
tion."

DECLARE \$90,500 FUND

Wesley Foundation Committee
Names Sum for Distribution.

Distribution of \$90,500 to tax-
supported colleges and universities
was decided by the Wesley Founda-
tion joint committee meeting at the
Claypool, Wednesday. The funds
were raised through contributions
of Methodists for Indiana and Pur-
due universities.

Bishop Edgar Blake of Indian-
apolis, F. C. Eiselen of Garrett
Biblical Institute, and W. H. G.
Gould of Philadelphia were ap-
pointed on a committee to plan ap-
propriations of the foundation.
