

SCARFACE AL IS IN MIAMI UNDER FEDERAL WING

Defies Florida Governor's Order With Permit of U. S. Judge.

By United Press
MIAMI, Fla., April 21.—Miami, a winter playground of America's millionaires, had in its midst today Scarface Al Capone, "big shot of the Chicago rackets."

He defied the authority of Governor Doyle E. Carlton and rolled into Miami Sunday under protection of a federal injunction.

His coming provoked a tense situation on exclusive Palm Island in Biscayne Bay, where he owns a beautiful home.

"I expect to stay here at least two weeks without molestation," Capone said. "I own a home here and have broken no Miami laws."

What will be done about his defiance of Governor Carlton's order to arrest him on sight remained to be seen.

Several weeks ago, after Capone was released from a jail at Philadelphia, the Governor issued an order to every sheriff in the state, ordering them to escort the big shot to the nearest Florida exit.

Capone's attorneys obtained an injunction from Federal Judge Hal J. Ritter, which effectively cut a swath of some twenty northern and eastern counties all the way south to Miami, and under that dispensation he came here.

CITY CHURCHES DRAW THROGHS

Thousands Attend Local Easter Services.

Undaunted by showers and leaden skies, huge crowds flocked to Indianapolis churches for Easter services, breaking attendance records in churches of all denominations, according to reports of officials today.

April showers drenching the city and its environs in the afternoon proved no damper to egg hunts held in four public parks where more than 10,000 children gathered to pay respects to Easter bunny.

Early morning worshippers filled 90 per cent of the seating capacity of Disciples of Christ churches, while Methodist congregations drew the heaviest representation in many years, officials said. Sunday school attendance records were broken in almost every instance.

Garfield park led all other parks in attendance records for egg hunts with 10,000 persons gathering around the community house at the start of festivities to hear addresses by public officials.

Rhodius, Brookside and Douglass park hunts drew heavy crowds to search for thousands of eggs secreted over wide areas.

LOVE COLD AS 'ATTIC ROMEO,' WIDOW MEET

Fight Murder Charges for Husband Killing Minus Sympathy Bond.

By United Press
LOS ANGELES, April 21.—A widow and the colorless little man who lived for years in a dark garret because of his love for her, met again today in a courtroom without even the bond of sympathy between them.

The affection grew cold after the murder of the widow's husband, Fred Oesterreich, former Milwaukee manufacturer, here eight years ago. Now Mrs. Walbruga Oesterreich and Otto Sanhuber, the "attic hermit," will fight alone the joint charge of murder against them.

Both have been indicted in connection with the slaying of the manufacturer, who did not know until the night of his death that Sanhuber also had lived in the Oesterreich home.

Sanhuber, who last week pleaded not guilty by reason of insanity, to the murder charge, will ask for a separate trial.

When the two accused first met last week, after a separation of eight years, there was no spark of recognition in the woman's eyes.

The man, nervous and unassuming, glanced frequently toward the widow, but always with humility. He had turned his affection, meanwhile, to another woman, whom he married in Portland, Ore., some time after the murder of Oesterreich, under the alias of Walter M. Klein.

STAY OF FRAUD TERM IS DENIED

Defunct Rubber Firm Head Must Serve Term.

Legal efforts of S. Homer Federman, former treasurer of the defunct Steinbrener Rubber Company of Noblesville, to obtain a stay of his three-year Leavenworth penitentiary sentence for using the mails to defraud, failed today.

Federal Judge Robert C. Baltzell denied his clemency petition, which was filed after Federman lost an appeal from the local federal court in the United States circuit court of appeals, and failed to get his case before the supreme court.

Attorneys indicated that Baltzell's denial of the petition also will be appealed. Federman offered to pay \$17,600 to the receiver for the company if the sentence service was withheld.

The company crashed after it was alleged \$200,000 in bad checks had been distributed. The Huntington County State bank and the First National bank of Noblesville failed as a result of the rubber company crash.

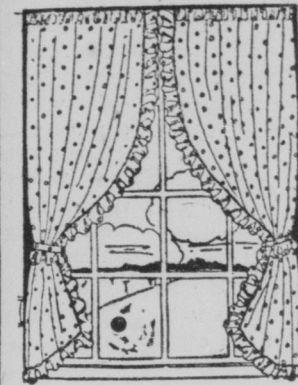

Presidents of these institutions were convicted in federal court in December, 1928 along with Federman, but their sentences were suspended.

Don't fool yourself!

Men won't forgive this in a girl

How can you expect attention from others—especially from the opposite sex—when you have halitosis (unpleasant breath)?

Many a vacation and pleasure trip that otherwise would have been jolly and romantic has been a failure because of it.

Don't fool yourself that you never have halitosis. Because you simply cannot know when you are a victim. Halitosis does not announce itself. Unknowingly, you may offend.

Why take the chance at all? Simply use Listerine every day. Then, if you have halitosis, Listerine ends it. If you haven't—your mouth has had the benefit that Listerine always gives.

Being an active germicide capable of killing 200,000,000 germs in 15 seconds, full strength Listerine checks mouth fermentation and infection—both a cause of odors; it is an instant deodorant. Lambert Pharmacal Co., St. Louis, Mo., U.S.A.
