

STARK TO WAR ON 'INDEMNITY' FIRM CHARTERS

Compiles With Request of Wysong on Horsethief Officer 'Schemes.'

Attack on schemes used by solicitors for horsethief detective organizations functioning as "indemnity" companies, was launched today by Prosecutor Judson L. Stark.

Cognizant of a formal request received from Clarence C. Wysong state insurance commissioner, in which Wysong asks that information be filed in circuit court revoking charters of two local organizations, Stark declared today that "the organizations have no right to function because they are prompted by financial interests in many instances."

Protection Is Offered

Wysong's efforts to bring the companies under control were directed at the Detective Guarantee Association, Incorporated, 2029 North Meridian street, and the Federal Indemnity Bureau, Incorporated, both failing to come under the general insurance statutes or the requirement to have insurance solicitors licensed, according to Wysong.

The companies offer protection to merchants, against dishonest employees, holdups, safe burglaries, bad checks and other risks.

Stark declared that he has refused in two instances to deputize "constables" giving them rights to apprehend felons with criminal prosecution in view.

Extortion Charged

In the absence of this deputation, Stark asserted, the "constables" continue to operate with no intentions of bringing offenders before courts, but to collect fees for clients by resorting to "mild forms of extortion" against offenders, he declared.

"It is not the intent of the law to have enforcement officers profit by the pursuit of offenders," Stark said, "and evidence points toward the fact that some of these indemnity companies operate with pecuniary benefits in mind, and not with an aim to enforce the law."

Daughter of Italian Premier Is Married

Edda Mussolini

By United Press

ROME, April 24.—Edda Mussolini, daughter of Premier Benito Mussolini, became the wife of Count Galeazzo Ciano, secretary of the Italian legion accredited to the Holy See, today.

The marriage vows were read by Mgr. Giovenale Pascucci, priest of the Mussolini's parish, in the church of St. Joseph, one of the less imposing churches in Rome.

The ceremonies were simple, in accordance with the orders of Mussolini, but the profusion of flowers about the altar, in every part of the church, and the gorgeous tapestries and carpets that had been placed for the occasion, lent an air of grandeur.

It is not the intent of the law to have enforcement officers profit by the pursuit of offenders," Stark said, "and evidence points toward the fact that some of these indemnity companies operate with pecuniary benefits in mind, and not with an aim to enforce the law."
