

## TROOPS PATROL TUNIS TO GUARD CHURCH PARLEY

Arabs Organize Moslem Demonstration When Catholics Convene.

By Stewart Brown  
United Press Staff Correspondent

CARHAGE, Tunis, May 8.—Black Senegalese troops patrolled the streets of Tunis today to insure tranquility for the thirtieth international Eucharistic congress.

Simultaneously with opening the congress here with high masses Arab visitors to the city organized a Moslem demonstration in the native quarter of Tunis, a few miles away.

Authorities do not anticipate any trouble, and expect the Arabs to confine their activities to a religious fete.

The Senegalese, neither Christian nor Moslem, were ordered to patrol the city.

Buenos Aires virtually was agreed upon today for the site of the 1934 Eucharistic congress. Dublin previously was selected for the 1932 congress.

With the ceremonies opening the international Roman Catholic gathering completed, the 20,000 pilgrims from every land sat among the ruins or on the grassy slopes of ancient Carthage and prepared to hear, through the most modern loud-speaker equipment, four days of ceremonies and speeches on religious subjects.

Some 500 American pilgrims are here.

The martyrs who died for the Christian cause in the lion arena at Rome were honored at the first open air meeting this afternoon. Thousands of children crusaders sang hymns and marched solemnly past the martyrs' tombs, laying palms before them.

## Woman Leads S. Dakota Race for Governor

Miss Gladys Pyle

Tops Four Men in Primary, but Lacks Plurality Set by Law.

By United Press

HURON, S. D., May 8.—Miss Gladys Pyle, secretary of state for South Dakota and hopeful of being its next Governor, expects to bring about numerous reforms if she becomes the state's chief executive.

Miss Pyle led four men in the primary for nomination on the Republican ballot, but due to a law which requires that a candidate must obtain 35 per cent of the votes cast, a state convention will determine the winner. This convention will be held in Pierre on May 20.

Miss Pyle, who is 39, favors prohibition enforcement.

She advocates the removal of the Governor as an ex-officio member of any boards he appoints during his term in office and favors tax reforms.

Late returns from the primary indicated Senator W. H. McMasters and Governor W. J. Bulow will oppose each other for senator in the fall election.

## GROWTH RECORD SET

Beverly Hills Census Gain Is 2,486 Per Cent.

By United Press  
LOS ANGELES, May 8.—The southern California booster, whose enthusiasm for years has been held up to ridicule by other sectional ad-

herents and vaudeville jesters, was having his inning today.

The 1930 census enumeration is not completed yet, but already is showing phenomenal gains.

Local census enumerators were on record today as naming Beverly Hills the nation's fastest growing community.

The completed figures showed the 1930 population of Beverly Hills to be 17,428 while the census taker who

plodded through the cow pastures there in 1920 could find only 674 residents. The gain was 2,486 per cent.
