

WARNS DRIVERS AND CHILDREN TO USE CAUTION

Summer Traffic Hazards Are Increased as 60,000 Leave School.

Summer traffic hazards were increased today as 60,000 school children, dismissed for summer vacation, left the schools for streets, playgrounds and parks.

Chief of Police Jerry Kinney warned children and parents to observe safety rules strictly to keep deaths from accidents at a minimum during the summer months.

"I want drivers, who in many cases are more responsible than the pedestrian, to take special care to protect the lives of our children," the chief declared.

Warnings for children to keep away from dangerous water points and to refrain from playing in the streets were reiterated by police and safety officials.

Opening of the forty-two city playgrounds Monday with well organized and supervised opportunities for play were recommended as the best medium of recreation for children.
