

**CONGRESS ROW  
IS STIRRED BY  
IMMIGRATION**

Restrictions on Mexicans  
Are Demanded by  
Harris-Box Bill.

*By Scripps-Howard Newspaper Alliance*  
WASHINGTON, June 13.—Congress is dividing into two opposing camps on the question of Mexican immigration.

Led by Senator McNary of Oregon, one faction wants an investigation of the whole question of agricultural labor. The McNary bill, backed, it is said, by the state department, was on Wednesday reported out of the senate agricultural committee and is before the upper house.

It calls for a committee of five appointed by the President to make a survey of all farm labor in the United States, Mexican, Filipino and even Canadian, as it relates to the immigration law.

The other bill, backed by labor, is the Harris-Box bill, placing Mexicans under quota. This has passed the Senate by a big vote and was reported out of the House immigration committee 12 to 2. Senator Harris (Dem., Georgia) and Representative Box (Dem., Texas), both declare they will fight the McNary bill if it appears in any way inimical to their proposal.

The Harris-Box bill would cut the number of quota immigrants to 1,800 a year and admit a total of between 2,000 and 3,000, including non-quota immigrants. According to Box, Mexicans have been coming across the border legally at an average rate of 48,000 a year since 1924. By a recent tightening of border regulations, the number has been cut to 12,000 this year, it is claimed.

"The lowest estimate as to the number of Mexicans in the United States is 2,000,000," said Box. "It is more likely that the number almost equals our own unemployed."

Authors of both measures want action at the present session of Congress. The McNary bill calls for a report by Dec. 30.

**DANCES AND SINGS AT 96**

Utah Man Contends Age Does Not Interfere With Talents.

*By United Press*  
SPANISH FORK, Utah, June 13.—Just to prove age makes little difference to one who already is talented, John Tuckett Sr. danced, sang and boxed several rounds with one of his grandsons when sixty-five children, grandchildren and great-grandchildren gathered to celebrate his ninety-sixth birthday.

**BENEFITS THAT  
KONJOLA BRINGS  
COME TO STAY**

Indianapolis Lady Who Took Master Medicine Three Years Ago Is Still Enjoying Good Health.

Konjola, the medicine that has won and kept more than a million friends in seven years, is not designed to give mere temporary relief. Its goal is new, glorious and abundant health. The records of Konjola fairly overflow with the enthusiastic endorsements of those

MRS. NINA CARTER

who found lasting health in this blend of 32 ingredients. And on such actual experiences rests the fame of this amazing medicine for the stomach, liver, kidneys and bowels, and for rheumatism, neuritis and nervousness. See what Konjola did for Mrs. Nina Carter, 18 North Highland avenue, Indianapolis, who suffered from many ailments before she found Konjola. Resolve to hear all about this remarkable medicine. Visit the Konjola Man at the Hook Dependable Drug Store, Illinois and Washington streets, this city. Ask questions. Find out why a medicine, unknown seven years ago, is today the best known medicine in America. Learn the reason why seven million bottles of Konjola were used in two years. A medicine must have merit to create such a demand. Right now—before you do anything else—read the statement of Mrs. Carter, who said to the Konjola Man:

"Failing health had almost deprived me of my eyesight. I was a Saleslady. For a number of years I was troubled with indigestion, kidney trouble and nervousness. And in addition to these ailments I suffered from pains of the ribs in the shoulder and arms. Food fermented in my stomach causing gas and pains. My kidney weakness caused me to get up several times during the night, and many nights I could sleep at all because there were so many pains. My complexion was bad, and I had headaches and dizzy spells."

"Three years ago I decided to give Konjola a trial. Almost from the first of the treatment I began to feel better. A full treatment surely worked wonders in my stubborn case. It conquered all my ills. My appetite improved and my kidneys returned to normal functioning. My bowels were regulated and then neuritis pains vanished. I have not taken Konjola or any other medicine since the past three years, and I am still blessed with perfect health."

That Konjola does not give mere temporary relief is certain, proven in the testimonies of Mrs. Carter. And it is reasonable to expect Konjola to do for you what it did for her.

The Konjola Man is at the Hook Dependable Drug Store, Illinois and Washington streets, Indianapolis, where he is meeting the public daily, explaining the merits of this new and different medicine.
