Township Trustee Accused of Refusing Aid to Poor.

**By United Press**  
CROWN POINT, Ind., July 5.—Lake county commissioners in session here Monday will hear evidence on charges of negligence and maladministration filed against Miss Mary Newlin, Calumet township trustee.

The charges were filed by John F. Burns, Democratic member of the Gary board of safety, acting as agent for a group of Negroes who claim Miss Newlin ignored their pleas for aid from the township poor fund.

Burns declares that state laws authorize county commissioners may give relief to poor as they see fit without regard to a township trustee's recommendations. He was campaign manager for Mrs. Margaret Szikora, who won the Republican nomination for trustee of the township in the May primary election, defeating Mrs. Alice Newlin Cothery, sister of Miss Newlin. The election is being contested by Mrs. Cothery.

According to Burns, each of the persons he is acting for was a campaign worker for Mrs. Cothery. However, her sister alleges that during the campaign they received from Mrs. Szikora and that after the primary she ceased to help them, and they turned to Burns.
