

## DEATH FUGITIVE IS PICTURED AS NEW BLUEBEARD

Poses as Heir to Vast Estate, Weds Widows, Police Believe.

By United Press  
CHICAGO, Oct. 10.—The reputation of George W. E. Perry became that of a modern Bluebeard and specialist in high-pressure love making today as search for him on a charge of murdering his third wife spread to a fifth state.

St. Louis police learned that Perry, posing as the heir to a vast estate, has lived there for the past three weeks and in that short time married a widow and proposed to a divorcee. He checked out of a St. Louis hotel Thursday, narrowly escaping apprehension.

It was reported that Perry had married Mrs. Harriet Milligan, a 40-year-old widow of Belleville, Ill., last Monday. He was said to have continued his courtship of Mrs. Dorothy Haggerty, the divorcee, on Tuesday and that she had promised him an answer to his proposal today.

**Two Wives in Poverty**  
Mrs. Haggerty said Perry had shown her an automobile driver's license bearing the name of Mrs. Cora Bell Hackett, a comely Chicago widow who was found shot to death on a lonely northern Wisconsin reservation a few weeks after she left for that region on a honeymoon with Perry.

Perry's first and second wives are living in Cleveland and Milwaukee, both of them in poverty and the latter working to support his two children.

Mrs. Haggerty and several other persons in St. Louis were said to have identified Perry from newspaper photographs and descriptions. The widow quoted Perry as saying in his proposal to her:

"You are the only woman I ever met who has been a good influence in my life."

**Met Through Want Ad**

Mrs. Hackett met Perry when he inquired about a newspaper want ad in which she advertised for a woman companion to accompany her on a trip to California.

Perry convinced her that he soon would inherit a large fortune, persuaded her to marry him, and they left on the Wisconsin honeymoon, paying the expenses with \$500 borrowed by Mrs. Hackett from a loan agency.

Six weeks later, during the second week of July, Perry appeared at the home of his first wife in Cleveland. He drove an automobile which resembled Mrs. Hackett's and his luggage contained feminine wearing apparel.

He disappeared from Cincinnati and the next report of him was that from St. Louis.

Authorities of Illinois, Ohio, Wisconsin, California and now Missouri were drawn into the search for him when Mrs. Hackett's body was found.

**Infant Has Five Teeth**  
EVANSVILLE, Ind., Oct. 10.—Robert Kendall, 11-weeks-old son of Mr. and Mrs. Howard A. Kendall, has five teeth. At the age of 7 weeks he had four teeth. The baby weighed nine pounds at birth and now weighs fifteen pounds.

## GEN. BUTLER TO LEAVE MARINE FORCES SOON

Picturesque Figure to Enter Private Business After 33 Years Service.

By United Press  
WASHINGTON, Oct. 10.—Brig. Gen. Smedley Butler, long a picturesque figure in the United States marine corps and now commandant at the Quantico (Va.) base, is planning to retire soon and enter private business.

Butler said today he has been negotiating with a private business group, which he did not designate, and expects to make a decision in the near future.

He explained that he will not resign, but will retire under the provision permitting retirement after thirty years' service.

The marine corps officer, who has served with distinction for thirty-three years in all parts of the world, said the recent selection of Major General Ben H. Fuller as commandant of the marine corps, a position to which it was thought in some quarters he would be appointed, had no connection with his decision to retire.

Butler was passed over, it was indicated, because of his criticism in a speech at Pittsburgh some months ago.

Nicaragua, which created quite a stir at the time.

Butler declined to discuss specifically reports that he would lecture or write about his experience in Philadelphia a few years ago when he conducted a number of sensational liquor raids as director of public safety, but indicated that some such plan had been presented to him. He spent a year in Philadelphia on leave from the marine corps.

**SNEEZE FOILS SUICIDE**  
Bullet Fired by Man at Own Head Narrowly Misses Policeman.

By United Press  
NEWARK, N. J., Oct. 10.—Charles Curcio's attempt to commit suicide nearly was fatal to Patrolman Kinsella.

Kinsella was walking his beat when Curcio, standing nearby, put an automatic to his temple. As he pulled the trigger he sneezed. The bullet entered a wall two inches from the policeman's head.
