

PROTEST PHONE FIRM EXPENSES

Greencastle Group Would Halt Improvements.

Whether a public utility may make huge expenditures on properties, contrary to the desire of patrons in the community, and then obtain a service rate increase based on the new valuations, was a proposition put squarely before public service commissioners today for answer.

The point was raised by the visit to the statehouse of Greencastle city officials and citizens. The mayor, G. H. Lyon; city attorney, and H. B. Longdon, vice-president of De Pauw university, were in the delegation.

They told the commissioners that the Greencastle Telephone Company, newly purchased by a Wisconsin company said to have Insull backing, plans spending between \$80,000 and \$100,000 for "improvements" which citizens deem unnecessary and which they fear will increase rates.

Commissioners were of the opinion that they can not, under the Indiana law, halt such expenditures, but may disallow "unnecessary expenditures" in making rate valuations, they said.

AIR CHARGES OF HEAT WASTE AT CITY HALL

\$2,000 Yearly Saving Is Goal of Board of Works.

Saving of \$2,000 yearly to taxpayers by avoiding heat wastes at city hall is the goal of the works board today with appointment of Charles F. Britton, board member, as a one-man committee to supervise heating of the building this winter.

Meeting this morning, the works board heard charges that the janitorial staff under the present administration has been negligent in regulating heat. Heat is supplied by the downtown plant of the Indianapolis Power and Light Company.

Members directed Bernard F. Kelly, custodian, to make weekly reports to Britton on the building heating.

POSTAL WORKERS TO HEAR SIX SPEAKERS

Robinson, Ludlow, Hogg Included on Program for Saturday.

Indiana members of the Joint Association of Postal Employees meeting at 7:30 Saturday night at the Antlers, 750 North Meridian street, will hear Thomas F. Flaherty of Washington, secretary and treasurer of the national Federation of Postoffice Clerks, as speakers.

Other speakers will include Representatives Samuel A. Kendall of Pennsylvania; David Hogg of Ft. Wayne; Louis Ludlow, Senator Arthur R. Robinson and Robert H. Bryson, Indianapolis postmaster.

Let's Play 'Shinny'

That old cry of school-day sports, "Shinny on your own side" has taken on a modern slant at Washington high school, where Miss Opal Nance (upper left) and Miss Lucille Chamber (upper right) crossed sticks in a hockey duel. In lower photo Miss George Weatherford stepped into the contest eager for a chance at the ball.

'AMOS—I'SE REGUSTED'

'Fresh Air Taxicab' Climbs Curb, Smashes Window and Hurts Man.

LOS ANGELES, Oct. 24.—When a woman pedestrian stepped into the path of an Amos 'n Andy "Fresh Air Taxicab," a dilapidated vehicle used to advertise the black-face comedians, both the woman and the driver attempted to dodge with the result the car climbed a curb, smashed a drug store window and seriously hurt Ray Groom, 27.

BOOST IN DRY AGENTS LIKELY

Woodcock Pledges More as He Gets Funds.

Possibility that additional federal prohibition agents may be assigned to the southern Indiana district arose from a conference today between Amos Woodcock, national prohibition director, and George Jeffrey, United States attorney here.

"As soon as additional, or a larger appropriation is made by congress, this district will be given more agents," Woodcock promised Jeffrey.

"I really think you need them here," he added. Woodcock said he was "greatly pleased with the co-operation received from the district attorney's office."

John Wilkey, acting deputy prohibition administrator for the district, was present at the conference. Woodcock said there was little likelihood of a change in the personnel of the local dry agents bureau of ten agents and one investigator. Civil service examinations to be held here soon for a deputy prohibition administrator and a senior dry investigator are not to fill local posts.

This afternoon Woodcock will confer with Federal Judge Robert C. Baltzell.

H. Tingle and Joe Burrows.

RIOT DANGER OVER

Report All Peaceful at State Mines.

"All is quiet at the Sullivan county mines and danger of rioting, if any, has passed."

This was the report an undercover man sent into the district brought back to the office of Governor Harry Leslie today. Roy Price, president of the Hoosier Coal Sales Company, who had brought first report of possible mob action to the Governor, also called and said danger was passed, according to L. O. Chassey, the Governor's secretary.

Price was objecting to union picketing by huge crowds of nonunion miners. He also brought in some nonunion miners who said they had been threatened.

Tragic Guest

By United Press

NEW YORK, Oct. 24.—A stranger knocked on Mrs. Gustave Gunderson's door and asked excitedly if he could use the telephone.

Mrs. Gunderson heard him tell police a child had been killed in front of the house.

She ran outside and found the body of her 4-year-old son Walter, in the street, the victim of a hit-and-run driver.
