

## 5,000,000 FACE IDLENESS, LABOR SURVEY SHOWS

Estimate Means 20 Million Menaced by Dire Need, Says A. F. of L.

By United Press  
WASHINGTON, Oct. 30.—The size of the job confronting federal, state and municipal agencies dealing with unemployment was indicated today in a forecast of the American Federation of Labor that 5,000,000 persons were threatened by idleness this winter.

On the basis of this estimate, the federation said 20,000,000 persons—one-sixth of the entire population—were threatened with acute need during the cold months.

The estimate was based on figures compiled by the federation in previous years. In 1928, when employment conditions were good, the federation found the jobless increased by 47 per cent from October to February. Last year the increase was 71 per cent from October to January and by February the number of jobless had doubled.

President Hoover's estimate of the number now unemployed is 3,500,000. The federation said an increase in the usual proportion would bring the number well over 5,000,000 by late winter.

Of the federation's membership of 200,000, approximately 168,000 are idle and 120,000 are working part time. Unemployment did not improve from September to October, but the federation said this was not cause for discouragement, as it is a usual annual development.

—Fifteen cities reported improved employment in October, but eight showed worse conditions. The latter cities were Boston, Buffalo, Chicago, Cleveland, Los Angeles, Milwaukee, Paterson, N. J., and Seattle. Railroads, service industries and theaters reported decreases in employment.

## BISHOP SCORES SELFISH CLERGY

U. B. Convention Addressed by Methodist Official.

An American clergy that is wearing a cloak of selfishness was attacked for hiding God from the world by Bishop U. V. W. Darlington, Methodist Episcopal Church, South, in an address at the annual state convention of the United Brethren church here Wednesday.

"The ministry is tucking God away in the corner of the church," the bishop told preachers and laymen.

Declaring that the nation is in the spiritual and material distress ever known, Darlington blamed the spiritual leaders for forgetting their jobs and turning to material things.

The convention was to close today following discussions on policies and goals by conference superintendents. The Rev. Charles W. Brewbaker and the Rev. S. S. Hough, both of Dayton, O., were principal speakers.

Warning against the "isms" in Bible study was issued by Dr. Frederick E. Taylor, First Baptist church pastor, Indianapolis, at the Wednesday session.

Dr. I. J. Good, president, presided at a dinner-rally of Indiana Central college alumni and students Wednesday night.

### PROLONGS LIFE OF SILK HOSE

All women will be interested in the recent discovery of a leading New York fashion expert. She learned that silk garments absorb an oily excretion from the sebaceous glands that causes silks to rot.

Solvent and water can not dissolve this destructive oil film—it requires a solvent like Energine. So when next washing silk hose or lingerie, add a quart of Energine to a quart of lukewarm water.

Wash thoroughly, rinse well—and note the new fresh cleanliness—see how magically the original color is revived and will not lose running. You won't appreciate how many washes and water fill short till you make this Energine test. More wear, too, from every pair of hose.

Don't forget that millions use Energine daily for quick removal of dirt and grease spots from suits, hats, dresses, gloves, shoes, etc. Large can 35c. Get Energine today.—Advertisement.
