

RADIO PLAYING GREAT PART IN VOTE CAMPAIGN

Estimated Cost of Time Donated by Two Chains Is \$150,000.

BY CECIL OWEN
United Press Staff Correspondent

WASHINGTON, Oct. 30.—The great extent to which political campaigners in the current contest have relied on radio was shown by a United Press survey today.

In national broadcasting alone, ordinary programs have been suspended thirty-one times to permit transmission to the voters of speeches by national political figures of both leading parties.

Thirty-one political speeches broadcast over the national networks of the Columbia and National broadcasting companies have consumed about fifteen hours at an estimated cost to the companies of \$150,000.

Aside from these national broadcasts hundreds of speeches have been broadcast locally by candidates in state and congressional campaigns. Most of these latter were paid for by the candidates. But the national broadcasts were without charge.

No charge was made for these broadcasts partly because they are considered informative to voters, and therefore, of public service, and partly because the Columbia system recognized that if this time were offered for sale to the two national committees, one of the parties apparently better financed than the other, would be able to buy more time," an official of that company said.

Speaking for the National Broadcasting Company, an official said his organization was glad to offer this free time on the air for political broadcasts because it was helping to educate the voters.

FUND DRIVE ON FOR FAMILIES OF MINE DEAD

Twenty-Nine Explosion Victims Are Taken From Oklahoma Shaft.

By United Press

MCALESTER, Okla., Oct. 30.—As

individual funeral services were held today for twenty-nine men who were killed when an explosion wrecked the No. 4 Wheatley coal mine. Red Cross officials started a campaign to raise \$25,000 to care for the families of the victims.

Relatives were not eligible to receive compensation from the Oklahoma industrial commission because of a flaw in the industrial insurance act, state officials held.

Bodies of the victims, carried from the mine last night, were identified by metal discs carried in their pockets.

Rescue workers broke through the last barriers of debris late Wednesday to reach the victims, entombed 2,500 feet under McAlester's residential section.

It is an old belief that if a person's teeth are set far apart his or her life will be a prosperous and happy one.

"God's River," an unpublished composi-

Fishing the Air

"Honeymoon Time," a comedy of young bachelors who playset of their wedding and who almost missed the boat that was to take him and his bride to their honeymoon, will be the main program Thursday from 7:30 to 8 p. m. over WABC.

Innermost secrets of rangeland and its functions will be revealed during a dramatic presentation by Detective Story Magazine over the Columbia network and WABC from 8:30 to 9 p. m. Thursday. Prologue and introduction to the scenes will be given by "The Shadow," anonymous announcer of these unique mystery

programs.

"Honey, Honey," a comedy in two acts, will be presented Thursday night in the Victor Herbert Opera broadcast over WJZ.

Captain James Cook, noted British navi-

gator and discoverer of the Hawaiian Islands, will be the hero of the "Arco Birthday Party" broadcast over KDKA and an NBC network Thursday at 9 p. m.
