

## VOTER TO FACE LENGTHY ARRAY OF CANDIDATES

55 Offices Will Be Filled When Electors Go to Polls Tuesday.

Marion county voters probably will be staggered Tuesday when entering the voting booths when they see its array of fifty-five offices to be filled.

Each of the two major parties has presented a full slate, while the Prohibition, Socialist, and National parties are presenting candidates for major state offices.

A voter is allowed but one minute in a booth where a machine is used. To vote properly, don't wait until you enter the booth before making a choice of candidates for whom you wish to vote.

Study the candidates on each ticket and then provide yourself with a list of those who measure up to your ideas of public servants.

### Try to Vote Early

The polls will be open from 6 a. m. to 6 p. m. To facilitate voting of others who are engaged in work which prohibits their early appearance, be sure, if possible, to vote early.

All citizens should vote on the question of convening a constitutional convention. It is of major importance to every citizen.

If you feel that you want aid in voting properly, declare your desire for instruction to the clerks and be sure that both Democratic and Republican clerks accompany you into the booth.

The election laws make it a duty of the clerks to aid you.

Don't permit yourself to be stampeded into voting for a ticket or candidate you did not intend to favor.

### How They Line Up

Here is how the list of candidates read from left to right: First come the state officers to be voted upon. These are secretary, auditor, treasurer, clerk of the supreme court, superintendent of public instruction, two judges for the supreme court and four judges for the appellate court.

Then comes the name of the candidate for congressional representation.

The office of probate judge leads the county ticket. Following in the order named, are the candidates for prosecuting attorney, judges of superior courts one, two, three, four and five; judge of the criminal court and judge of the juvenile court.

One state senator will be voted for in Marion county this year and his name is followed by those of the eleven candidates for state representative and one candidate for joint representative from Johnson and Marion counties.

### Many Others on List

After the legislative offices, in the order named, are the candidates for county clerk, auditor, treasurer, recorder, sheriff, coroner, surveyor, assessor, two candidates for county commissioner, one from the First district and the other from the Third. These are followed by name of the district candidate for county councilman.

But the voter is not finished yet. He must vote for township officers, which includes township trustee, assessor, justice of the peace, constable and three members of the township advisory board.

To make the voting easier, remember to study all tickets in the field, and make your choice before going to the polls.

## Times Big Twin Contest Now Past Halfway Mark

Past the halfway mark and The Times big Twin Contest is clicking at a whirlwind rate. Contestants by the hundreds are out for the liberal prizes offered if you can match up the pictures of twins now being printed in this newspaper.

Fifty will be printed and it's up to you to match the twenty-five sets and mail or bring them in to The Times Twin Contest Editor after the close of the competition on Nov. 14.

With your solution you must turn in one subscription to The Times of not less than thirteen weeks from some one who has not been a Times subscriber in the last thirty days.

You get plenty of pleasure out of matching up the twins, and remember that some of them are mixed duos, a boy and a girl, making it a little tougher to identify.

## ELECTION FRAUD WARNING ISSUED

Federal Action Threat Is Sounded by Officials.

Warnings to election officials in each of 331 polls in Marion county that Tuesday's election will be conducted under surveillance of federal authorities were sounded today by election commissioners.

Addressing poll inspectors at a meeting Sunday afternoon, George O. Hutsell, county clerk, charged the officials with responsibility for honesty, and urged absolute fidelity to election laws.

Violators of election laws will be liable to federal action, Hutsell said. Poll judges and clerks were instructed by George L. Denny, Republican commissioner, and Harry Toner, Democratic members.

They urged return of vote tabulations in each precinct to courthouse headquarters as early as possible, to facilitate the official count.

## MURDERER OF OWN DAUGHTER CLINGS TO LIFE

Father Fights to Recover From Four Wounds Self-Inflicted.

On a city hospital cot today a 61-year-old man fought to recover from four self-inflicted bullet wounds only to face murder charges if his battle succeeds.

He is Richard Guiry, 4916 Caroline avenue, who early Saturday slew his 22-year-old daughter Isabella, after worry over her debts had distressed him perhaps to the point of insanity.

"My little girl is out of her mind. I am doing this to benefit society," Guiry wrote in eleven pages of notes he dedicated to his wife, friends and police.

### Shot Self Four Times

Guiry accompanied the daughter out of their house as she left for work. On the lawn he suddenly drew a revolver and shot her through the heart.

He then fired two shots into his body and two others into his head, staggered to the ground, rose again, and reeled around the lawn until a police emergency squad arrived.

Nannie Guiry, the wife and mother, told police her husband worried about a debt on their home, and another on an auto he purchased for the daughter.

### Worked as Doorman

These worries were augmented when the daughter passed a worthless check on a downtown store in payment for a coat, she said.

"She got in trouble at two banks that I couldn't get her out of," Guiry whispered to police Sunday. He is charged with murder.

For many years Guiry was door-

man at a downtown clothing store, and formerly was a bartender. The daughter was an employee at the Indiana Bell Telephone Company.

No one ever has to "acquire" a taste for Chesterfields. You don't have to learn to like them. Smokers take to their pleasing flavor instinctively . . . and here's why:
