Could Hardly Do Her Work

"When I started taking Lydia E. Pinkham's Vegetable Compound I could hardly do my housework. I was so nervous and weak from Change of Life that I had to lie down very often. I heard about the Vegetable Compound in a booklet which was left at my door. I am doing all the housework for a family of four and it keeps me on my feet. I have taken six bottles and I have gained strength and flesh."—Minnie E. Hicks, R. R. #2, Rushville, Indiana.

COLDS MAY DEVELOP INTO PNEUMONIA

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth. Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs. Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)
