

BUTLER HELPED DEFEND HOOVER IN BOXER WAR

Won Promotion to Captaincy for Bravery in Fighting at Tientsin.

Following is the second of the series on the spectacular career of General Butler.

WASHINGTON, Feb. 2.—At 16, Smedley Butler was still a boy to his mother. His father thought he belonged in school. But there was going to be a hot time in Cuba, and the lad wanted to fight.

He ran away to Philadelphia and tried to enlist, but could not convince recruiting officers he was 18. Then he went to Washington and signed up to take examinations for a commission in the marine corps. He dated back his birth to April 20, 1880.

Young Butler got his second lieutenant's bar, standing second in a class of 200. He was assigned to the U. S. S. New York attached to Sampson's fleet.

Then he went to the Philippines for guerrilla warfare. This toughened him up, sharpened his eye and made a first-class fighting man out of him. The Quaker schoolboy was no more.

Helped Defend Hoover
Over in China the Boxers were out for blood. They murdered the German minister at Peking.

Next, the frenzied Chinese pushed toward Tientsin, where 600 white foreigners lived. These included a young American engineer named Hoover and his wife.
"Thirty thousand Chinese troops with a wild mob of equal size, charged the city. About 1,500 European troops threw up defenses. "American marines in the Philippines were rushed across, among them Lieutenant Butler. Fighting was desperate. The Chinese hordes were overwhelming in size and disaster threatened. Young Hoover helped build defenses, operate the waterworks and organize the fighting inside the defenses. Young Butler was wounded in the leg while fighting with reckless disregard for his safety.

A young British officer, Captain Wynne of the Royal Welch fusiliers, picked Butler up and carried him to safety.

Promoted for Bravery
Possibly Mrs. Hoover, helping with bandages and care of the wounded, saw the young officer when he was brought in. It so happened the incident is history. They were only two individuals in a crisis which threatened to result in massacre.

The city was saved. Young Hoover returned to his engineering work. Young Butler was promoted to captain, advanced two numbers in grade for eminent and conspicuous bravery, and soon after returned to the United States. Their paths would not cross again for many years.

On April 27 last there occurred a colorful and moving sequel to this episode.
Thirty years have passed. One of the figures of that crisis, as commander-in-chief of the army and navy, may soon be reviewing the findings of a navy court-martial of the heroes of the defending forces.

Next—Vera Cruz and a medal of honor.

Hoover A. C. Is Robbed
Thieves who entered the Hoosier Athletic Club, Pratt and Meridian streets, Sunday obtained merchandise and equipment valued at \$30, police were told.

Indiana Girl is Rewarded
When children are weak and run-down, they are easy prey to colds or children's diseases. So it is never wise to neglect those weakening and depressing symptoms, such as bad breath, coated tongue, fretfulness, feverishness, biliousness, lack of energy and appetite, etc.

Nine times out of ten these things point to one trouble—constipation. Mothers all around you are coming right out in public to tell how their children are being relieved of this trouble by California Fig Syrup.

Mrs. Ray Bundy, of 245 South Randolph Street, Indianapolis, says: "A neighbor told me about it, so I decided to give my little son, a California Fig Syrup when I saw by her bad breath, coated tongue and feverishness that she was constipated."

"She has been more than rewarded for taking Fig Syrup. It made her a well, happy girl promptly. She never complains of any symptoms of constipation now."

The genuine, endorsed by doctors for 30 years, always bears the word California. All drugstores.

Sacrificed to Kindling Raids

Those without fuel are bound to keep warm on cold days—and kindling sometimes is hard to come by. Down at Michael and Wyoming streets, in the southwestern section of the city, are three houses that are mute evidence of this.

Bit by bit these houses—all vacant—have been disappearing under raids of woodhunters. Now the walls are mere skeletons. Little more than the roofs remain. Boards, timbers and laths have been torn off. Inspection discloses no sign of hammer, hatchet or saw.
