

## MOSES TO FACE DEFEAT AS NEW SENATE'S HEAD

Full Force of Heels of 'Sons of Wild Jackasses' to Be Heard.

By Scripps-Howard Newspaper Alliance  
WASHINGTON, Feb. 5.—Senator Moses (Rep., N. H.) will feel the full force of the heels of "the sons of the wild jackasses" when the senate elects the presiding officer of the next session.

With the senate vote split almost evenly, it was learned today that enough westerners will oppose him to prevent his re-election as president pro tem.

Moreover, several members of the old guard whom he has offended or slighted plan to absent themselves from the chamber during the contest, thereby reducing the support Moses normally would get.

May Decline to Run

It is not expected, however, that Moses will go through to the bitter end. The progressives already have informed old guard leaders of their intentions, and the expectation is that Moses will decline to run for re-election.

Should he retire of his own accord, the progressives will agree to vote for any other satisfactory candidate the G. O. P. puts up.

Though not interested in Moses' successor so much as in forcing him out, it is known that Senator Wesley Jones (Rep., Wash.), author of the five-and-ten law, would be agreeable to the progressives.

Two Votes Spell Defeat

On some issues Jones votes with the progressives, and all admire his sincerity. The progressives feel they would receive fair treatment, and no jibes from him either while on or off the rostrum.

Oddly, Jones is as serious and solemn a man as Moses is sarcastic and scintillating.

Two votes will be enough to defeat Moses if he insists on a showdown, and two who are believed to be ready to cast the adverse ballots are George W. Morris (Rep., Neb.), and Gerald P. Nye (Rep., N. D.), Moses, in the opinion of the progressives, sanctioned the Lucas attack against the Nebraska, and he always has been contemptuous of the farm bloc.

LUESSE WANTED JOB:  
COURT PROVIDES ONE

Soup Line Fracas Results in Offer of Emergency Berth.

Ted Luesse, 933 South Senate avenue, a frequent guest at city prison, because of unemployed demonstrations he has led, no longer is one of the army of nonworkers.

In municipal court three today, where Luesse was charged together with three companions, with creating a disturbance in a downtown soupline Wednesday, Luesse and the others accepted emergency relief committee jobs.

Captain Otto Pettit told them to report at city hall at 9 Friday morning. Luesse accepted readily, the others reluctantly.

P. T. A. TO PRESENT PLAY

Comedy Will Be Staged for Benefit of Relief Committee.

A comedy, "The Cross Roads Store," will be staged by the Dramatic Club of the Edgewood Parent-Teacher Association at 8 Friday night in the new Southport high school.

Proceeds will go to the Central relief committee of Perry township for benefit of the township's poor. Mrs. A. F. Dewsaup is director of the production.

Three Face Liquor Charges

Three Batesville men were to be given a hearing before a United States commissioner here on liquor charges this afternoon. Sheriff Albert Pelsor, Ripley county, brought Harvey Linville, 32, and Charles Ellis, 34, charged with transportation, and George Arthur, charged with possession, to Indianapolis today.

## Young Thaw Wins Race

It's in the role of prize winning aviator that Russell W. Thaw, 20-year-old son of Harry K. and Evelyn Nesbit Thaw, is shown above, at right, with his mechanic, after defeating William Patterson, New York, transport pilot, in a special race for a \$500 award.

Flying over a circuit from Roosevelt field, Long Island, to the Newark, N. J., airport, Thaw forged in 11 seconds ahead of his competitor. The youth learned to fly at the age of 15.

## SOUTH AMERICA FLIGHT UNFOLDS BEAUTY SCENES

Constantly Changing View Is Seen by Writer on Air Journey.

This is one of a series of articles written by John D. Montgomery, newspaper man, during an airplane flight around Central and South America.

BY JOHN D. MONTGOMERY

St. Elena, Ecuador, is the summer resort for wealthy people living in Guayaquil. The few buildings on the barren neck of land are frame and look like the resort buildings along the Atlantic coast in the United States.

We were only a few miles from the equator, but it was very chilly at night. The Pacific breeze made us use blankets.

At daylight the Sikorsky flew over the ocean. As we rose, we could see great salt beds on the St. Elena peninsula.

These beds are formed by the natives carrying up buckets of ocean water and pouring the water over the ground to let it evaporate and leave the salt.

Cameras are forbidden in most South American countries so we hid ours when we glided down to Guayaquil for custom's inspection and to refuel.

From the air, Guayaquil looks most attractive and typically Spanish. It has a golf course, race track and several parks and plazas. It seemed a progressive city.

Leaving there we followed the river out to sea and headed southward. An enormous surf was hammering the coast of Ecuador. I've

been told that the surf usually is fifteen feet high.

We make our first landing in Peru after two hours and twenty minutes of flight. A Peruvian civil guard acts as custom's official.

The town is Talara, oil center of Peru. It reminds us of Signal Hill, Cal., where oil derricks are as thick as trees. We transfer to a trimotored plane for the Lima trip.

The country from Talara to Lima is the most interesting and beautiful that I have ever seen.

A complete, new picture is unfolded every minute. Miles of barren country, river valleys, extinct volcanoes, solid rock and sand constantly are revealed.

Lima and its seaport, Callao, are enveloped in clouds. We fly over Callao, San Lorenzo Prison island and follow new paved roads to Lima, ten miles inland.

## PATTEN RITES SET

Corporation President to Be Buried Friday.

Funeral rites will be held at 8 tonight in Flanner & Buchanan mortuary, for James C. Patten, 3231 North Meridian street, who shot himself accidentally in front of his offices Wednesday.

The body will be taken to Sullivan, Mr. Patten's birthplace, for burial Friday morning. He was president of Metals Protection Corporation.

A firearms expert, Mr. Patten had two rifles in his auto to be cleaned at his plant. As he reached to drag them from the auto, a cartridge in one exploded. The bullet penetrated his head, and narrowly missed business associates in the office.

Survivors, besides the widow, are a son, Richard Patten, by a former marriage, and a sister, Mrs. G. A. Crawford, Terre Haute.

## WOMAN ROUTS THREE BANDITS

Shoots One, Puts Others to Flight.

By United Press

CHICAGO, Feb. 5.—Mrs. Ruth Pappas, 37, was sitting in her living room Wednesday night with her husband John and a roomer, Chris Kratikas. They were listening to the radio.

Three bandits entered. One of them, carrying two revolvers, held up Pappas and Kratikas, paying slight attention to Mrs. Pappas. His companions started searching the house.

Mrs. Pappas edged her way slowly toward a shelf. Upon reaching it, she seized a pistol which had been hidden from sight, turned and opened fire. The bandit fell.

She rushed into a bedroom, where a bandit was ransacking a bureau drawer. The robber, unarmed, yelled, jumped under a bed and crawled out the opposite side, yelled again, dived through a window and was seen no more.

During the excitement, the third bandit picked up his wounded com-

panion, carried him out, and escaped.

Two Women Injured

NOBLESVILLE, Ind., Feb. 5.—Mrs. Lora L. Keister, wife of the trustee

of Washington township, and Mrs. Homer Shaul were injured when the automobile in which they were riding was struck by another driven by William Whicker at the intersection of two roads in northwestern Hamilton county.

## GOLF LESSONS FREE FOR 40 CITY GIRLS

The rush is on! Indianapolis girls do want to take golf lessons, free of charge, with the hope that some day they may be links champions. Phone calls and letters to The Times today prove this beyond argument.

Forty of them will get this chance, under direction of Roy Smith, pro at the Avalon Club, and Dick Nelson, pro at Meridian Hills, at the Nelson-Smith academy, second floor Board of Trade Building.

The Times has arranged for lessons, three a week for two weeks, for four groups of ten girls each. Lessons will start at 6 p. m., Monday, Feb. 16, an hour at a time, Mondays, Wednesdays and Fridays. When one group of ten has completed the instruction, another will start, continuing through the week of April 2.

There's no charge and little work to be done to qualify. Just write an essay of not more than 150 words on "Why I Would Like to Take Up Golf." Specify briefly what you think would be the advantage of taking up the grand old game.

The ten best essays submitted before midnight, Wednesday, Feb. 11, will determine who'll compose the first class of ten.

Just sit down and give the subject a little thought and mail your masterpiece to The Times Golf Contest Editor.

The entire forty will be chosen by

PLAY SITES ADDED

Seven New Centers to Be Operated This Year.

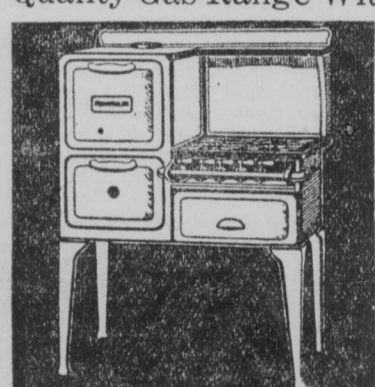

Opening and operation of seven new playgrounds this year was announced today by David B. Killgore, director of municipal recreation.

Location of the grounds: Porter, Deloss street and Hamilton avenue; Real, Silk, Spring and Walnut streets; Eagle Creek, from Grande avenue to Eagle creek and walnut street; Thirteenth and Ashland, Thirteenth street and Ashland avenue; Arnolda, Ketchum and Eleventh streets; Jackie W. Joseph, Forty-sixth street between Washington boulevard and Central avenue, and Fall Creek and Northwest, Burdall parkway and Northwest avenue.

In addition, forty other school and park playgrounds will be operated again this year.

## The Beauty of Motherhood

THE crown of womanhood is motherhood. But many women face the ordeal of maternity without sufficient preparation. At such times and later, the mother should take a vegetable tonic, sold by druggists and known in almost every home as Doctor Pierce's Favorite Prescription. Write Dr. Pierce's Clinic in Buffalo, N. Y., and send 10c for acquaintance package of Dr. Pierce's Favorite Prescription. Thousands of women have tested as to its efficacy. We have space here to print only two of the letters received from this vicinity.

"I could not do without Dr. Pierce's Favorite Prescription. I have taken it more than once for a few months during expectancy and I cannot find words to express myself when speaking of the benefit I received. I will simply say 'Favorite Prescription' was a wonderful benefit and help to me. As a medicine for expectant mothers I sincerely recommend it."—Mrs. Marie William, 619 S. 10th St., Terre Haute, Ind.

"When bringing up my family I would now and then become run-down in health—guess every mother who has raised a family knows how it is. I am glad to say that when I experienced a breakdown in health Dr. Pierce's Favorite Prescription never failed to be of the utmost benefit to me."—Mrs. Harry Poett, Chestnut St., Terre Haute, Ind.

Favorite Prescription

## A Word About Money

The money you deposit in a bank has to go to work.

Idle money, like idle hands, earns nothing. So it is the job of a bank to make money work—and to protect it while it works.

The bank makes money work by lending it at interest.

When you pay rent, you are paying for the use of a house. When a bank pays you interest, it pays you for the use of your money, which it in turn lends to the borrower, who pays the bank interest for use of the money borrowed.

Money works by being kept in circulation. There is still time to start the year 1931 with a savings account which will give you a CASH RESERVE when most needed.

Interest on savings compounded semi-annually.  
April 1st and October 1st

Hours: 8 A. M. to 5 P. M. Daily  
8 A. M. to 1 P. M. Saturdays
