

COMPOSER OF JEWISH LAMENT IS DEAD IN N. Y.

Author of "Eli, Eli" Gets Little of Royalties for Work.

NEW YORK, March 6.—Jacob Koppel Sandler, composer of "Eli, Eli," a song of lamentation that achieved an ever-increasing international popularity in the last thirty-five years, became a part of many Jewish rituals and is included in most programs of so-called Jewish folk songs, died in comparative obscurity here, it was learned today.

Although hundreds of thousands of copies of his song had been sold here and in Germany and Russia, the fact that he failed to copyright it until nearly twenty-five years after he composed it, robbed him of all but a small amount of the royalties he might have received.

He was 74 years old when he died in Jewish hospital, Brooklyn, after an illness of four weeks. The widow, three daughters and three sons, all of Brooklyn, survive him.

Sandler was born in Russia and came to this country in 1888. He was a choirmaster and teacher of music, working in the Jewish theater—"Manhattan" and in charge of preparations for music festivals in the various synagogues.

In 1896 he was choirmaster at the Windsor theater in the Bowery. There he rehearsed actors in the songs and choruses for plays. A lament was needed and time

ANNUAL INCOME TAX BATTLE ON; RATE IS HIGHER

Receipts on Collections Due March 16 Expected to Show Drop.

WASHINGTON, March 6.—An army of approximately 4,000,000 federal taxpayers prepared today for the annual "battle of the income tax."

a rate of 1 per cent higher than in 1930, when a temporary tax cut was in effect. The change back to the 1929 rate was the only important difference between the terms this year and last.

Indicating the size of the job confronting the internal revenue bureau, fifteen car loads of paper were needed to print forms distributed to the nation's taxpayers. Receipts from income tax collections due at midnight, March 16, are expected by the treasury to be considerably less than last March, despite the increased tax rate. Last March the treasury received \$59,000,000 from this source.

For the last calendar year the treasury collected in income taxes \$2,332,968,393, which was \$170,000,000 less than for the preceding year. Income taxes account annually for about half the total revenue of the government. Cost of government is about \$4,000,000 annually. Corporations, though, numbering only about a fourth of the individual taxpayers, contribute most of the income tax to federal revenues.

The corporation normal tax rate is now a flat 12 per cent.
