

RUSSIA BACK IN WORLD MARKET; U. S. AFFECTED

Exports Jump 14 Per Cent Under Stimulus of 5-Year Plan.

By United Press
WASHINGTON, March 19.—Extent of Soviet Russia's sudden and surprising re-entry into the world market, under the stimulus of her five-year economic development plan and its widespread effect on many countries, including the United States, was disclosed in a survey today.

Russia's exports jumped 14 per cent to a total of \$501,000,000 during the last fiscal year, closing September, 1930, figures published today by the commerce department showed.

Notable increases were shown in wheat, oil, coal and lumber, all of which compete with major products of this country.

The keen interest of the United States in the five-year plan and its effect on the United States and the whole Russian experiment is reflected in the investigation ordered by Secretary of State Stimson and the close watch kept by commerce department officials on every development.

Widespread agitation in congress last session for embargoes on Russian products is expected to be renewed at the next session.

Russia's re-entry into the world economic picture after several years of quiescence while the Soviet experiment was getting under way, particularly is perturbing to economists because she is "dumping" her products at prices far below the cost of production in other countries.

This she is enabled to do by the Communistic method of cheap production under government monopoly.

"Capitalism Doomed"

Success of the Russian five-year plan of industrial and agricultural communism means the death blow to world capitalism, according to speakers at a meeting sponsored

Jimmy Having Gay Time

Mayor Jimmy Walker of New York City is shown here grinning gaily as Indians and cowboys welcomed him to Palm Springs, Cal., on his western vacation trip. Smart cracks dropped easily from the mayor's lips, though back in New York civic forces are gathering in an effort to have him ousted.

by the Indianapolis section of the International Workers Order in Communal hall, 17 West Morris street, Wednesday night.

Every seat in the hall was filled and many were forced to stand. The meeting had been advertised for five days, the principal attraction was moving pictures of the recent trial of the eight engineers for sabotage in an alleged attempt to wreck the five-year plan.

The pictures were in charge of A. B. Magill, correspondent of the American labor press in Russia, who attended the trial. He also spoke on the five-year plan.

He predicted that it will succeed in four years, instead of five and that capitalistic countries will not

be able to compete in world markets with the Russian workers' government.

Joe Zimmerman, active local Communist organizer, presided. He recited the various attempts made to checkmate and overthrow the Socialist government in Russia and predicted that more and more such attempts are bound to fall.

Auto Gas Fatal

By Times Special
HAMMOND, Ind., March 19.—Monoxide gas caused the death of Charles Patton. He was overcome while working in the garage at his home with the engine of an automobile running.

OUR CHILD'S COLD needs attention. Mustero, safe "counter-irritant," applied every hour for 5 hours, should bring complete comfort.

Marriage Secret Kept

FT. WAYNE, Ind., March 19.—Their marriage in Philadelphia five years ago was kept secret until this week by Mr. and Mrs. Charles J. Dalton.

The association is formed by ten or more farmers who take stock in the association to the extent of 5 per cent of their loans. The association uses this money to buy stock in the Federal Bank of Louisville, which advances the loan money.

The wireless station in Franz Josef Land is the northernmost radio station in the world.

For 20 years men and women suffering from stomach troubles, pimples, listlessness and headaches have taken Dr. Edwards Olive Tablets, a successful substitute for calomel, a compound of vegetable ingredients, known by their olive color. They act easily upon the bowels without griping. They help cleanse the system and tone up the liver.

If you value youth and its many gifts, take Dr. Edwards Olive Tablets nightly. How much better you will feel—and look. 15c, 30c, 60c.—

King and Queen Begin Trip to U. S. for Eye Operation.

By United Press

BANGKOK, Siam, March 19.—King Prajadhipok and Queen Rambalbarn departed today, sailing down the Chao Phya river on the motorship Selandia, en route to the United States where the king will undergo an operation for removal of a cataract from one eye.

While good farm lands should be safe investments in the future, poor farm lands will continue to present a problem," he asserted.

"The fundamental quality of farms either from operation or investment standpoint is reflected in the fact our bank, which makes long-term amortized first mortgage loans in Ohio, Indiana, Kentucky and Tennessee, has continued to sell farms during one of the worst depressions agriculture ever has experienced."

The meeting, attended by officers of the 116 national farm loan associations in Indiana, which have 16,625 loans totaling \$59,445,000 outstanding, was for the purpose of exchanging ideas in an effort to increase the number of loans in the state.
