

'TONY' HEADED FOR JAIL CELL, SAYS 'BIG BILL'

'Tax Dodger,' Thompson's Label on Cermak, His Foe for Mayor Job.

CHICAGO, March 26.—Should all "the kings and diplomats," who attend the Chicago world's fair in 1933, call upon the mayor and find him in jail, said Mayor William Hale Thompson today, it might be a little embarrassing.

Thompson (Rep.), mentioned jail in the most heated of his fiery campaign speeches against Anton J. Cermak (Dem.), who is running against him for election as mayor of the nation's second largest city on April 7.

"With a \$10,000 salary as president of the county board, how could Tony Cermak ever save \$6,000,000?" demanded Thompson of an audience at the Great Northern theater. The audience replied with hisses, whereupon Thompson continued:

Says It's Common Talk
"It is common talk that Tony will be indicted for income tax frauds as soon as the election is over. The government hopes to collect \$800,000 from him."

"Republican influence at Washington is holding off the investigation. But I have a man at Washington investigating. I talked to him on the telephone just a few minutes ago and he swears the story is true."

"There is a lot of talk about electing a world's fair mayor. Kings and diplomats and potentates will be coming here. It will be rather embarrassing for them to have to go to jail to meet the mayor."

"Not Idle Charges"

"I don't make charges idly and I don't care how many Republicans protect him, it'll be all up with Tony when the people get on to this bird."

Cermak, born in Bohemia and risen to the heights of local wealth and power as politician and real estate dealer, didn't reply. But his friends did. They said the mere fact that Cermak was wealthy proved him a first-class business man, "the kind of man Chicago needs for mayor."

SHOWROOM WILL OPEN

Ice Company Will Display Models, Sizes of Refrigerators.

A new downtown display room at 16 West Ohio street, where many models and sizes of modern ice refrigerators will be on view is to be opened Friday by the Capital Ice and Refrigerating Company, according to E. E. Colburn, manager. The company has extended an invitation to all women to visit the showroom Friday, when demonstrations will be held throughout the day.

Heads Club

Lawrence A. Wiles

Mercurator Club today was headed by Lawrence A. Wiles, Fletcher Trust Company vice-president, following the annual election Tuesday in the Columbia Club.

New officers will be installed at a dinner-dance of the club Monday evening at the Columbia Club. Judge Clarence R. Martin, Indiana supreme court, is the new vice-president; F. J. Hemerlin, treasurer; Josiah Stepler, secretary, and Lewis Meier and Harry Woodbury, directors.

TARIFF TREATY TO FACE FIGHT

Britain and France Oppose Austro-German Pact.

BERLIN, March 26.—The "conclusive steps" of the Austro-German tariff union agreement will be delayed until after the project is discussed at the next league of nations council meeting in May.

The governments of Germany and Austria reiterated today their intention of carrying out the agreement, but they emphasized that they "do not fear" consideration of the economic aspects of the plan by the council.

It officially was emphasized, however, that the government considered the council could deal with the agreement only as an economic matter. Both Germany and Austria warned that they would object to league of nations discussion of the pact from the political viewpoint.

In Paris it was understood that Sir Arthur Henderson, British foreign secretary, and Aristide Briand, French foreign minister, had agreed that the Austro-German project conflicted with the 1922 league protocol, whereby Austria engaged herself to maintain her sovereignty in return for a foreign loan.

Oldest Teacher Dies
FRANKLIN, Ind., March 26.—Mrs. Hattie Moxingo Neal, 87, oldest teacher in Johnson county, is dead at her home here.

INVITE TOM MIX TO SHRINE RITE AT TEMPLE HERE

Several Hundred Expected to Attend Spring Ceremonial.

Among guests invited to the annual spring Shrine ceremonial of Murat temple Friday afternoon and night is Tom Mix, motion picture star, who is a member of Malakiah Temple of the Shrine, Los Angeles, Cal., and now is with a circus in Peru, Ind.

Several hundred Shriner from all parts of the state are expected to attend the initiation to be given by a cast of 200 members, Paul Richey, dramatic director, and Fred B. McNeely, chief ceremonial director, have devised a new style initiatory work for the occasion.

A pre-ceremonial event will be a luncheon for Shriner by the Murat Caravan club at noon.

Entertainment to include the Moslem feat at 4 o'clock and a program introducing the Murat band, patrol, gun squad and chanters has been arranged. Andrew A. Fendrick is banquet chairman and Clarence R. Green heads the reception committee.

HOOVER RETURNING

President Ends Visits to Caribbean Islands.

ABOARD U. S. S. ARIZONA, At Sea, March 26.—President Hoover is en route back to Washington today after visits to Porto Rico and the Virgin Islands. The President is scheduled to arrive at Norfolk Sunday night and reach Washington Monday.

He will devote himself entirely to rest on the return trip after a strenuous three days on the islands.

Lloyd George Aids MacDonald

LONDON, March 26.—David Lloyd George, Liberal leader, announced in the course of a speech at Caxton hall today that he favored "giving the Labor government another chance" with the understanding that Prime Minister J. Ramsay MacDonald's cabinet will be ousted if it fails "to retrieve the situation."

ITCHING SKIN BANISHED BY ANTISEPTIC ZEMO

If itching, burning skin makes life unbearable, quickly apply Zemo, the soothing, cooling, invisible family antiseptic. Thousands find that Zemo brings swift relief from itching, helps to draw out local infection and restore the skin to normal. For 20 years Zemo has been clearing up skin, relieving pimples, rash and other skin irritations. Never be without it. Sold everywhere—35c, 60c and \$1.00.—Advertisement.

Dynamic Race

NEW YORK, March 26.—Ordinary human beings, flowers, mountains and stars all are made of basically the same material—electrical particles—Dr. Arthur H. Compton says. Dr. Compton, professor of physics at University of Chicago and Nobel prize winner, told an audience of 2,000 that man is composed of the same fundamental elements that compose light and the rest of the physical universe. The three fundamental elements of all matter, he said, are protons, electrons and photons.

CITY FIRM GETS FORT CONTRACT

15 Will Be Employed in Building Clubhouse.

Construction of an enlisted men's service club at a cost of \$33,890 will begin April 1 at Ft. Benjamin Harrison. The contract has been awarded the American Construction Company of Indianapolis by the war department because the total cost, \$28,000 is slightly above the appropriation.

Plans call for completion in fifty days. Fifteen men will be employed, according to E. E. Davenport, in charge of construction. The clubhouse will be of red brick and will harmonize with other buildings at the fort. Chaplain F. J. Miller will have charge of the club.

The American Construction Company also was low bidder on two double houses for noncommissioned officers at the fort. Contracts have not yet been awarded by the war department because the total cost, \$28,000 is slightly above the appropriation.

The fishmonger who sold bad fish in the Middle Ages had to stand in public with his malodorous wares suspended beneath his own nose.

DOES YOUR HEART EVER PALPITATE?

In many cases palpitation is caused by the pressure of a gas-distended stomach upon the heart, the gas being generated by the action of excess acid on the food in the stomach. This acidity interrupts digestion, causes food to ferment and attacks the delicate stomach lining, paving the way for gastritis and even dangerous stomach ulcers. One safe way to stop the trouble and avoid possible serious consequences is to neutralize this excess acid. To do this quickly and surely, take a little "Bisurated" Magnesia after meals or whenever pain is felt. "Bisurated" Magnesia instantly stops the painful fermentation, dispels the gas and relieves dangerous pressure on the heart. You feel better right away, and in a few minutes you feel fine. Get a trial package—either powder or handy tablets—at Hook Drug Co., or the nearest drug store, and forget all about the trouble your acid-filled stomach used to make.—Advertisement.

SOUTHWEST IS TOUGH PUZZLE FOR DRY CHIEF

Mobile Army of Federal Agents Needed, Says Woodcock.

KANSAS CITY, Mo., March 26.—The southwest—Missouri, Kansas, Oklahoma, Arkansas and Texas—presents a perplexing problem in prohibition law enforcement and can be purged of violators only by maintenance of a mobile army of federal agents, Colonel Amos W. Woodcock, the country's dry chief, said here.

"Outside of the large cities such as Kansas City, Wichita, Oklahoma City, Tulsa, Ft. Smith, Ark., and Dallas, prohibition administrators and agents report active rural rings," the colonel, here on an inspection trip, said. "Marcus Georges' ring in southwestern Kansas is a striking example."

"That gang has stills operating on large farms; a highly organized crew of distillers, a gang of truckers, even a group to circulate among city and county officials to learn of planned raids. But we broke them up."

Woodcock will visit the southwest's cities the latter part of this week to meet personally enforcement officials and discuss their work in this section.

"Both Oklahoma and Arkansas have moonshiners, and most of the liquor consumed in the cities of

those states comes from plants hidden away in the country," he said. "Only by a most diligent and persistent campaign can we stamp out these whisky sources. But we'll do it."

Deny Wilbur Will Retire
WASHINGTON, March 26.—Rumors that Lyman T. Wilbur, interior secretary, would retire from the cabinet and that William V. Hodges of Denver, former treasurer of the Republican national committee, would succeed him, unofficially have been denied.

Super-Shell Ethyl

Livelier, quicker anti-knock gasoline... because science has found a way to REMOVE EVERY SLOW-VAPORIZING, LAZY PARTICLE

Now... science's new, perfected anti-knock fuel!

Super-Shell Ethyl is different. It contains Ethyl fluid, of course—a generous charge that assures positive anti-knock value. But with this is now blended a special gasoline.

Shell engineers developed it. They knew that inferior gasoline—no matter what was added—doesn't deliver best performance in your car. They set out to make anti-knock fuel utterly free of slow-firing, harmful, "heavy" gasoline particles. Months of experiment... then they succeeded!

It is a matter of "washing" the gasoline in a series of huge refining towers where the gasoline vapors travel over Shell's

amazing system of "bubble cap trays." Here all the harmful, heavy "fractions" so often left in gasoline are "scrubbed" out. Into a special pipe flows only the volatile, lively gasoline which Shell blends with Ethyl fluid!

Thus Super-Shell Ethyl gives you finest engine operation. Quick starting. Smooth, even power. High anti-knock value.

Now... see what really fine performance your motor is capable of giving. Try this new Super-Shell Ethyl today. One test will convince you.

Super-SHELL ETHYL

Visualizing a section of one of the multiple "bubble cap trays" in Shell's refining and "scrubbing" towers. Here all the heavy, lazy particles are washed out, producing the volatile, lively gasoline base for Super-Shell Ethyl!
