

## MEMORIAL DAY CEREMONIES ARE TO BE OUTLINED

Monument Services Are  
Planned Tentatively by  
Group for May 30.

Final plans for the observance of Memorial day will be made at the meeting April 30 of the General Memorial Association of Indianapolis at Ft. Friendly, 512 North Illinois street. Tentative arrangements for the service at the Soldiers' and Sailors' Monument under the supervision of the Veterans of Foreign Wars at 8:30 o'clock the morning of May 30 were discussed at the meeting Thursday night.

It is planned to have the parade follow the services at 10:30 a.m. Services and ceremonies will be held at various cemeteries during the day with the foremost at Crown Hill at 3 p.m.

Civil war veterans will attend the monument services and will appear in the parade. They will be served with dinner at noon at Ft. Friendly and transportation will be provided to Crown Hill.

Two memorial services will be held before the holiday proper.

One will be May 24 at the Meridian street bridge over Fall Creek to honor the sailor and aviator dead; and another will be held May 29 in the Grove of Remembrance in Garfield drive.

Organizations and heads of the various Memorial day committees are:

Flags, E. L. Miller; Flowers, Mrs. Ella Almond; honor roll, Mrs. Augusta Stratford; automobile American Legion; visiting veterans, Mrs. Anna Johnson, who are unable to attend the ceremonies; Mrs. Clara G. Gandy, Mrs. William S. Boyle, evergreen, William and Oliver Wright; transportation, William A. Evans, Indianapolis Park; Mrs. John Hill, Wilson C. HITS SOCIAL 'BABOON'  
IN TALK ON MANNERS

Decrees Peanut Eater, Highway  
Ho to Y. M. C. A. Audience.

The lobby loungers in hotels, the peanut-eating parasites of theaters, the highway hog behind and automobile wheel and the bus baboon who sprawls over a seat were described Thursday night at the first of a series of lectures on "Manners and Mannerisms" at the Y. M. C. A. John W. Atherton, financial secretary of Butler university, gave the talk before 125 young men.

"There is nothing more uncomfortable than to be seated in a theater near the proverbial 'peanut crucher' or a chronic talker."

"Thoughtlessness and carelessness are the two great crimes in public conduct today," he said.

## CHEMISTS END SESSION; VISIT PLANTS IN CITY

Inspection Trips Are Made  
as Final Phase of  
Meeting Here.

The eighty-first annual meeting of the American Chemical Society closed today in Indianapolis with inspection trips of manufacturing plants.

Busses and motor cars took those chemists, who remained for the trip, to the various city plants.

Plants visited were: Republic Creosoting Company, Reilly Chemical Company, Reilly Laboratories, Van Camp Packing Company, Real Silk Hosiery Mills, United States Encaustic Tile Works, Marietta Manufacturing Company, Prest-O-Lite Storage Battery Corporation, Esterline-Angus Company, Link-Belt Company, G. & J. Tire Company, Indianapolis Water Company, Eli Lilly & Co. main plant and the city sewage disposal and garbage reduction plants. A trip to the Eli Lilly & Co. biological laboratories, near Greenfield, also was made.

The mid-year meeting of the society will be held in Buffalo, N. Y., on Aug. 31.

Railroad Veteran Retires

VINCENNES, Ind., April 3—Gus Hamer, 74, for fifty-six years an employee of the Baltimore & Ohio railroad, has been retired on pension. He has served as brakeman, conductor, engineer and yardmaster.

when he received word that he was to be made a member of the fire fighting forces. On that memorable morning when he took the oath of duty, his comrade was John J. O'Brien, since chief and now training school instructor.

With the exception of eight years and five months when Moore served at engine house No. 2, Roosevelt avenue and Sixteenth street, all of Moore's service has been in the downtown area.

He has driven an engine, or fire tower truck for twenty-nine years of that forty years and has figured in only one serious accident. "And he was driving a team of horses from headquarters company when that happened," he chuckled.

Ten years ago when the horses were discarded and the fire tower motorized, Moore took his place behind the wheel as driver, where he has remained ever since.

Moore is indignant at only one thing he was not allowed to remain in the service until April 11, which would have made his record forty full years to the day.

It was a happy day, Moore said, on with his duties.

Chaufeur Is Retired After  
Life of Faithful Work  
for City.

BY DICK MILLER

After forty years of faithful service in the fire department Lewis M. (Bud) Moore, 1126 Hamilton avenue, chaufeur in the fire tower Engine House 13, hung up his raincoat, gloves and helmet today, stood his boots in the corner and bid his comrades, many of them pals of years' standing, good-bye.

Safety board members retired Moore last Tuesday. Not because he was incapacitated, Moore said. For he boasts of good health, strong arms that have guided the speeding fire tower through the most congested downtown streets with "nary a scratch," year after year. But he beamed his eightieth birthday crest upon him.

Moore is indignant at only one thing he was not allowed to remain in the service until April 11, which would have made his record forty full years to the day.

It was a happy day, Moore said, on with his duties.

## NEWS REEL SHOWS RETURN OF HOOVER

Return of President Hoover from his relaxation cruise of Uncle Sam's southern seas, along with the enthusiastic reception accorded him in the Virgin Islands, is the highlight of The Times-Universal news reel, now showing in leading theaters of the city.

After the festivities in St. Thomas, the President is seen aboard the battleship Arizona, near home. He is given a thrill when a great army plump lowers a mail pouch to the deck of the Arizona and the President receives his mail for the first time in many days.

Ellinor Smith's crash at Mineola, after she had become unconscious more than five miles up in the air, is another vivid unit of the news reel.

Additional thrills come from England, showing how Cambridge defeated Oxford in their annual boat race on the Thames. Also from England, at Richmond, comes the

## \$10 DAMAGES GIVEN PATIENT OF DENTIST

Alleged Careless Treatment Followed Extraction of Tooth.

By Times Special

VALPARAISO, Ind., April 3.—A

Jury in Porter circuit court, after a

trial which lasted two days, re-

turned a verdict for \$10 in favor of

Gilbert St. John, Gary barber, in a

damaged suit against Dr. August

Fehrenbach, a dentist.

St. John alleged that the dentist

was not skillful and failed to use

sanitary measures in extraction of a tooth, and that as a result infection developed. The plaintiff alleged he suffered impairment of the salivary glands and disfigurement of his face, neck and jaws.
