

AUBURN, CORD SHIPMENTS SET ALL-TIME MARK

5,649 Cars Are Produced in March, Doubling 1930 Figures.

By Times Special
AUBURN, Ind., April 3.—E. L. Cord, chairman of the board of the Auburn Automobile Company, announced today that the company had shipped 5,649 Auburn and Cord cars in March, an all-time record for any month. In March, 1930, Auburn shipments were 2,499 cars. Cord pointed out that the March shipments were 67 per cent of the total number of cars the company built and delivered in the first quarter of the present fiscal year, which ended Feb. 28.

During January, February and March Auburn's total shipments have been 11,718 units and by April 10, Cord said, the company will have shipped more cars than during the entire year of 1930.

Steady Rise in Shipments
There has been a steady rise in shipments since the first of the year and Cord asserted that a checkup throughout the country shows that Auburn dealers and distributors have the smallest stock of new and used cars on hand of any spring season.

Unfilled orders on April 1 were 2,000 over the number carried over from February into March, and he anticipated a production of 6,000 cars as the minimum for April.

Present production of the Auburn plant at Connersville is averaging upward of 200 cars daily and the additional plant facilities here now are producing about sixty-five cars daily. Production at Connersville will be increased to 250 Auburn cars daily by April 10, he said.

Additional Equipment Added
Additional equipment recently added to the local Auburn plant will make possible a production of more than 100 cars daily, bringing total

daily production of Auburn cars to 340.

This is in addition to the regular Cord front-drive, made here, which is in excess of shipment of these models last year.

All plants of the company now are operating at capacity with many department working night shifts.

ECZEMA Itching Skin

If you want instant relief just apply Peterson's Ointment. The minute this soothing and great healing ointment touches your inflamed, irritated skin—you obtain blessed comfort. Generally you need only a few applications to completely end this distressing condition.

Always have Peterson's Ointment on hand. Can't beat it for quickly healing chafed, irritated, erupted skin, for eczema and bad cases of pimples and blackheads.

H. A. Daniels of Hartford, Conn., writes: "For 6 months I was bothered with Eczema—it would itch so I could tear it to pieces. I had lo-ions and different ointments which did no good. I saw your ad in the Hartford Times and I went and got a box of Peterson's and in one night it almost disappeared."

The mighty healing power of Peterson's Ointment overcomes Eczema and one 35c box will prove it—all drug stores.—Advertisement.
