

# WORKING WIFE IS UPHELD BY MRS. PINCHOT

Declares Women Have as  
"Much Right as Men  
to Jobs."

Editor's Note: This is the first of a  
two-part interview with Mrs. Cornelia  
Bryce Pinchot, wife of Governor Pinchot  
of Pennsylvania, who opposes the dis-  
missal of American women in business to  
make way for unemployed men.

BY JAMES A. SULLIVAN  
United Press Staff Correspondent  
(Copyright, 1931, by United Press)

HARRISBURG, Pa., April 6.—  
women share equally with men in  
the present day economic organiza-  
tion of life—there is no sex dis-  
tinction in the problem of unem-  
ployment—according to Mrs. Cor-  
nelia Bryce Pinchot, wife of the  
Governor of Pennsylvania.

Mrs. Pinchot said that women  
suffer as well as men in period of  
depression, that their unemploy-  
ment problems are similar and that  
they can not be segregated as a  
group in any discussion of the ques-  
tion.

"One can not separate people on  
the basis of sex in the question of  
production and consumption. Each  
has a part in the arrangement of  
modern capitalist society," Mrs.  
Pinchot said today.

"It is ridiculous to place women  
in a separate class when consider-  
ing means of relieving unemploy-  
ment," she said in discussing the  
suggestion that married women  
whose husbands are employed turn  
their job over to unemployed.

## Upholds Working Woman

"Who shall say whether the wom-  
an's income is not necessary for the  
welfare of the family? Who shall  
determine whether her income  
provides for the family far better  
than that of her husband, permits  
the children to enjoy more advanced  
education, keep up payments on the  
home, on the automobile, on the  
radio, on the household expenses?"  
To determine whether the em-  
ployed woman's income, or that of  
the girl who lives at home where  
others in the family are working,  
is essential or not, we should have  
set up a board of inquiry with pow-  
er to hold hearings to determine  
the facts.

"It is as practical to recommend  
that a married man who has a  
family of only two children should  
retire in favor of the man who has  
six or seven children.

## Immediate Relief Necessary

"Immediate relief should be taken  
care of. There is no question about  
that. It is the responsibility of those  
who can, to give generously now."

The whole question of unemploy-  
ment, in Mr. Pinchot's opinion, is a  
"serious arrangement against the  
organization of present-day econ-  
omic society" in that it has failed  
to provide for such cycles of depres-  
sion and in that employers are as  
helpless as their employees in such  
periods.

"If these recurring cycles are in-  
deed inevitable, then it is up to the  
leaders of business and political  
science to think the thing through  
and to take measures to avert, if  
possible or at least to minimize the  
tragedy of unemployment."

## BANNER AVE. FIGHTS FOR DISANNEXATION

Suit is Filed to Prevent City From  
Collecting Taxes.

Residents along Banner avenue,  
which connects the new municipal  
airport with the National road, will  
fight for disannexation from the  
city of property along the street in  
a suit filed in Marion circuit court.  
The suit against the city and  
Clyde E. Robinson, county treasurer,  
and Harry A. Dunn, county auditor,  
would enjoin the city and county  
from collecting taxes from the resi-  
dents at the city rate, which is  
\$1.10 higher than the Wayne town-  
ship rate, formerly paid by the  
property owners.

Banner avenue was annexed to  
the city Dec. 30, 1929, in order that  
the highway might be paved by the  
city.

## Hemorrhoids

How to End Painful Piles Without  
Salves or Cutting.

Piles are caused by bad circula-  
tion of the blood in the affected  
parts. The parts become weak,  
flabby, almost dead. Only an in-  
ternal remedy can remove the cause  
—that's why salves, suppositories  
and ointments fail. Dr. Leonard's  
prescription, HEM-ROID, succeeds  
because it removes congestion, re-  
stores circulation, heals and  
strengthens the diseased parts.  
HEM-ROID has such a wonderful  
record of quickly ending even piles  
of long standing, that Hook's Drug  
Stores say one bottle of HEM-ROID  
Tablets must end your pile agony  
or money back.—Advertisement.

## MOTHER OF 4 KILLS HUSBAND IN ARGUMENT

Tells of Shooting Famed  
Finger Print Expert:  
Blames Temper.

BY ELIZABETH G. LAMB  
United Press Staff Correspondent

DENVER, Colo., April 6.—Quietly,  
almost disinterestedly, Mrs. Maud-  
line C. Axtell, an attractive, blue-  
eyed, middle-aged woman, gave her  
version today of the manner which  
she shot to death her husband,  
Captain Harold W. Axtell, nation-  
ally known finger-print expert.

Mrs. Axtell is the mother of four  
grown daughters, two of whom she  
put through college while working,  
and stepmother of four girls and  
two boys.

"I didn't do anything I was not  
forced to do," she repeated during  
her story as she sat in a dingy jail  
cell.

## Blames Violent Temper

"We were married," said Mrs. Ax-  
tell, "two and a half years. My  
husband had a violent temper which  
he did not attempt to control. We  
had many unpleasant scenes.

"Friday afternoon I was sewing a  
dress. My husband had been tak-  
ing a nap and I awakened him. He  
made some nasty remarks, then  
seized a glass pitcher and threw it  
at me.

"We quarreled some, and he  
threatened to shoot himself. Then  
he said he would shoot me. He got  
his gun out and laid it on the table.  
I never would have thought of the  
gun, myself.

"I picked the gun up—then I  
can't remember a thing until I saw  
him on the floor."

## Visited by Daughters

Mrs. Axtell has no attorney. She  
said she "didn't know who to get, if  
any one."

For the first time two of her  
daughters were permitted to visit  
their mother Sunday in the jail.  
All four came here to be with their  
mother, two from Imperial, Neb.,  
one from Hagler, Neb., and one from  
Oklahoma City.

Mrs. Axtell's husband died when  
she was 24. She said she worked  
for years to put two of the girls  
through the University of Nebraska,  
both of whom graduated.
