

BRIAND FACES GREATEST TEST OF HIS CAREER

Bitter Attack Launched on Policies May Unseat Foreign Minister.

BY RALPH HEINZEN

United Press Staff Correspondent
PARIS, May 8.—Aristide Briand, veteran of many European political crises, was threatened today by the bitterest and one of the most serious parliamentary tests of his career.

Known among admirers of his conciliatory policy as the "man of peace," Briand has been made the center of a furious struggle in which the nationalistic elements have taken the lead against the foreign minister in a determined effort to oust him from the foreign ministry in a test vote, probably late today.

Bitterness of the controversy and possibilities of violence have been indicated by the heavy police guard at the chamber of deputies and by riotous demonstration Thursday night by royalist students.

A crowd of 300 students created a tumult at the chamber of deputies during the debate on foreign policy. The anti-Briand demonstration was ended only by the charge of police. Little resistance was offered by the students, many of whom were arrested, but released later.

Despite his policies in the foreign office, Briand has promised as vigorous an attack as that already under way by his political foes. Not only the question of foreign policy, but the question of the presidential election is involved in the debate in the chamber, which started calmly enough Thursday but was expected to become more tense today and Saturday.

MUSICALS TO BE GIVEN

Crispus Attacks to Present Final Sunday Afternoon Program.

Musical department of Crispus Attacks will present its final Sunday afternoon musicale in the school auditorium at 4.

Mrs. Lillian Le Mon, president of the National Association of Negro Musicians, and Mrs. Marjorie T. Brown, formerly director of music in Northeastern Junior high school, Kansas City, will be featured as guest artists.

They will be supported by advanced pupils of the high school pipe organ class—Elsie Young, Bessie Patterson, Sylvia McCann and Hilda Mitchell.

FEDERAL CREDIT STILL IS GOOD

\$50,000,000 Treasury Issue Oversubscribed 5 Times

By United Press

WASHINGTON, May 8.—Federal credit is not impaired, despite forebodings to the contrary, it appeared today with announcement that a \$50,000,000 treasury issue offered May 5 had been oversubscribed nearly five times.

Applications for the ninety-one-day noninterest-bearing bills were opened at the treasury Thursday, and were found to total \$231,600,000, or nearly six times as much as offered.

Secretary Mellon announced that the average price of the bills issued would be 99.701, equivalent to an interest rate of about 1.13 per cent on an annual basis.

HOOVER FROWNS ON REOPENING TARIFF ISSUES

Fears Effect on Business, Even Though Existing Rates Too High.

By Paul R. Mallon

WASHINGTON, May 8.—The administration is preparing to frown down officially two widely circulated ideas of how to get out of the depression.

Both President Hoover and the federal farm board, who are concerned with the suggestions are represented as desiring to nip them before they get too well started.

The first suggestion was brought forward by prominent Republicans as a measure of farm relief. It was proposed that the farm board take over one-fourth of the wheat crop, charge the farmers an equalization fee from the product, and sell it abroad.

The plan would work about the same as the old equalization fee embodied in the McNary-Haugen bill. It would be putting into effect the principles of the bill without passing it.

The second suggestion contemplates a downward revision of the tariff at the coming session of congress.

For some time it has been known that Mr. Hoover is reluctant to enter upon any general reopening of the tariff question. His friends say he fears business would suffer more that way than it does now, even if the rates of the existing law are too much.

War Mothers to Attend Tablet Rite

John B. Hudson

Ernest E. Cloe

WASHINGTON, May 8.—The administration is preparing to frown down officially two widely circulated ideas of how to get out of the depression.

A delegation of American War Mothers will be an honored group at the English opera house Sunday afternoon when the Fraternal Order of Eagles unveils a bronze tablet commemorating the first known public appeal for a nation-wide observance of Mother's day, made in the theater Feb. 7, 1904 by Frank Otto P. Deluse.

The unveiling ceremony will be carried out by the tablet committee of the Indiana Eagles aerie, of which Otto P. Deluse, Indianapolis, is chairman. Members are Mayor John B. Hudson, Lafayette, state Eagles president; Ray C. Brock, Kokomo, past state president; Ernest E. Cloe, Noblesville, state secretary, and Dr. Fred C. Dilley, Brazil, chief medical examiner of the insurance department. Music for this part of the program will be given by the quartet of Columbus aerie, which has as a member Mayor Karl Voland, state trustee of the order.

A program on the stage of the theater will follow the unveiling, and from 2:45 to 3:30 will be broadcast from WFBM. Sound amplifiers will carry the program to an overflow audience on Monument Circle.

MOB TRIES TO RUSH EMBASSY

Argentine Headquarters in Uruguay Menaced.

By United Press
MONTEVIDEO, Uruguay, May 8.—Tenseness of the Argentine political situation was reflected here Thursday night, when a crowd of 100 persons attacked the Argentine embassy.

Shouting threats against the Argentine government, the mob rushed the embassy doors, after a hostile demonstration in the street. The doors were closed by police on guard there, but the attackers attempted to enter violently.

Police discharged their guns into the air, dispersing the rioters, who continued to shout their threats. Two persons were arrested.

TRUCKING CONFAB FAILS

Lack of Indiana Legislation Holds Back Agreement.

By United Press

LANSING, Mich., May 8.—Little progress toward co-ordination of the trucking laws of Michigan, Indiana, Ohio and Illinois was made at a conference here of officials of the four states, Clarke Brown, deputy secretary of state, said today.

The chief barrier to united action, he said, is the fact that Indiana has little legislation which could be linked with those of her neighbor states. It was attempted to co-ordinate the reciprocal provisions of statutes so that identical requirements would be set up.

Another conference has been called for late May or early June at West Baden, Ind., at which time a program for two years from now will be outlined.
