

## CORONER FUND CLAIMS WORRY COUNTY HEADS

They Don't Know Where to Get Money to Pay for Vehling Autopsies.

BY SHELDON KEY  
Why is County Coroner Fred W. Vehling spending his autopsy appropriation so fast?

This is the question raised today by county commissioners and County Auditor Harry Dunn, after Vehling submitted claims for \$1,050 to pay autopsy bills from March 1 to the middle of May.

The conundrum, however, is slight in comparison with a more practical problem that must be solved. This is—where will autopsy funds be obtained to run the coroner's office the rest of the year? Vehling already has spent \$2,850.

**Asks Additional Funds**

After exhausting his \$1,800 autopsy budget, first appropriated by the council, Vehling applied for an additional \$1,725. Last week the council pared this to \$1,500, which was to pay for autopsies until the council meets again in September.

When the \$1,050 in present claims are paid from the \$1,500, the coroner will have only \$450 to care for his summer business.

Claims for \$1,050 were allotted as follows: Doctor's Emil G. Winter, \$500; Roy A. Geider, \$125; Earl M. Koons, \$250; Henry R. Alburger, \$225; Clarence N. Harris, \$125; and Oscar D. Ludwig, \$25.

Vehling has been told by the council that he must cut his expense as much as possible. This ultimatum was delivered when Fred Barrett, attorney for Vehling, appeared before the body with a request for additional money.

**Adopt New Policy**

Barrett, at that time, declared that, following an investigation of excessive expenditures in the coroner's office, due to precedents followed for twenty years, Vehling had adopted a policy that would save the county \$3,000 a year.

This is being accomplished, Barrett declared, by firing an office constable, who was not allowed by law, and by reducing the pay of an office clerk from \$3 to \$2 a day. This office clerk makes extra money by doing "outside" stenographic work, it is reported.

At its last meeting the council, supporting its stand that expenses must be slashed, denied Vehling \$25 for postage and cut a \$320 printing request to \$100.

The investigation of irregular practices in the coroner's office was conducted by The Times, and brought from Vehling promises to change conditions and end graft that was bared in the probe.

"Naughty" Daughter Appeals to County for Aid; She's Overruled.

By United Press  
SPRINGFIELD, Mo., May 28.—Charles Barker, 64, may spank his 18-year-old daughter without fear of legal redress.

After he had exercised his own judgment in the matter, the daughter appealed to the county attorney.

The official substantiated Barker's right on advice that the paddling was administered because she sat on the front porch kissing boys.

## GIANT LIQUOR RING SMASHED IN MID-WEST

Twenty-Five Arrested by U. S. Agents in Drive at Kansas City.

By Times Special  
KANSAS CITY, Mo., May 28.—Smilingly protesting her innocence, Rosemary Lyons, attractive city hall employee, continued at work today as delinquent tax collector while facing charges of implication in a liquor conspiracy which did \$1,000,000 worth of business a year.

She was one of twenty-five persons arrested when federal dry agents closed in on an alleged wholesale whisky ring which they said operated in seven states of the middle west and southwest.

The government charged her with keeping books for the ring in its disposal of carload lots of illicit liquor to 800 dealers.

Henry F. McElroy, city manager, and other acquaintances of Miss Lyons at the city hall expressed confidence in her when they learned of the arrest.

"Miss Lyons has a record of fourteen years of efficient and faithful service to this city," said McElroy. "Miss Lyons worked up from a minor position in the city hall to the office of delinquent tax collector, which pays her \$3,000 a year, through her record as an expert accountant."

Chester A. Keyes, assistant United States district attorney, said at least fifty more persons would be arrested in addition to the twenty-five already captured. He said some arrests would be made in New York and Chicago.

Keyes said the ring had been affiliated with the Scarface Al Capone liquor interests in Chicago, and operated over seven states.

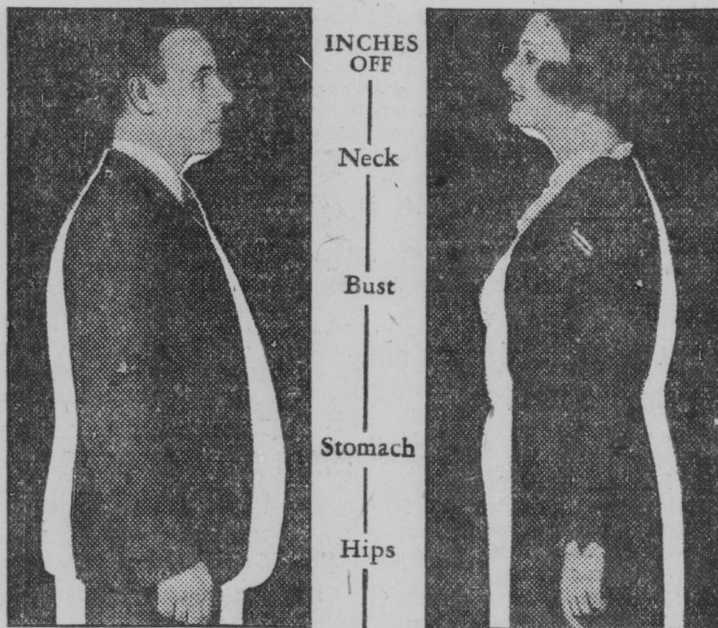

Many police and some higher officials were implicated, he said.

**Simple to Lose a Pound of Fat a Day on a Full Stomach**

**Do Just These Two Simple Things—Fat Melts Away**

Here is a quick and easy way to take off a pound a day—four to seven pounds every week!—with never a hungry moment. A way any doctor will tell you is safe and sure.

This is what you do: Take a teaspoonful ordinary Jad Salts in glass of water half hour before breakfast every morning. This reduces moisture-weight instantly. Also cleanses your system of the waste matter and excess toxins that most fat people have, and banishes puffiness and bloat.

Then do this about eating. FILL YOUR STOMACH—eat your fill of lean meats, vegetables like spinach, cauliflower, cabbage, tomatoes, etc., and lots of salads. Eat a lot. Eat all you can hold. Don't go hungry a minute. Cut down on butter, sweets and desserts, bread. Eat any fruit for dessert.

That's all you do. Fat seems to melt away. The coarse lines of overweight give way to the refined ones of slenderness. You lose as much as a pound a day. You feel better than for years. For in this treatment you achieve two important results. The Jad Salts clear your system of toxins. "The diet takes off fat with food that turns to energy instead of weight."

If you're tired of being embarrassed by fat, try this way. You'll be glad that you did. You can get Jad Salts at any drug store.

"Note particularly—the salts are urged purely as a poison-banishing agent—not as a reducing. The change in food does the work."—Advertisement.

## SIXTH POISON DEATH MAY BE LAID TO WOMAN

Accused Has 19 Policies Held by 10 Persons Payable to Her.

By United Press  
CHICAGO, May 28.—As state's attorneys prepared today to present evidence against Mrs. Margaret Summers, 45, to a grand jury, they revealed that a sixth person had died in her home within three years.

She is charged by a coroner's jury with causing the arsenic poisoning of four members of her household for insurance money.

Her husband, a nephew and two roomers were the men whose deaths led to her arrest.

The fifth man to die at her home was a brother, Louis Meyers, and the sixth was another brother, John, who came to Chicago from St. Louis last August to attend the funeral of Louis and died within a week at Mrs. Summers' apartment.

Insurance company records showed that five of the men held insurance policies payable to Mrs. Summers. She had paid most of the premiums.

C. Wayland Brooks, assistant state's attorney, said that nineteen policies, held by ten persons and totaling \$9,028 in benefits, were found payable to her in amounts ranging from \$400 to \$3,000.
