

UTILITY'S HEAD ASKS U. S. TO BAR NEWSPAPER

Charges Publication With Meddling in Sale of Securities.

NEW YORK, July 7.—Henry L. Doherty, head of the Cities Service Company, has charged the Kansas City Star with influencing a state order barring sale of certain Cities Service securities and has applied to Postmaster-General Walter Brown to have the newspaper barred from the mails.

Doherty made public a telegram he had sent to Governor Harry Woodring accusing him of having "fallen under the evil influence of the men who control the Kansas City Star."

He said he had notified Commerce Secretary Robert P. Lamont that Woodring had intimated he would throw certain Cities Service subsidiaries into receivership.

The telegram to Governor Woodring read in part:

"You have in some ways been peremptory and arbitrary, and when you had your banking department issue, without warning and without cause, and immediately after and undoubtedly because we had failed to comply with your demand for a reduction in gas rates, you did, in my opinion, a most unwise thing, and one which hardly can be characterized as anything less than vicious."

Doherty's telegram to the postmaster-general read in part: "I assert that the Kansas City Star doesn't hesitate to color the news as it sees fit, and that they are more than untruthful and resort to deliberate lies, and I think their paper should be suppressed from the mails."

"Fighting" Fitzgerald, Champion Duellist—George Robert "Fighting" Fitzgerald (1748-1768) descendant of a distinguished Irish family, fought his first duel at the age of 14. A life noted for gallantry, recklessness and continuous duels earned him the sobriquet of "Fighting" Fitzgerald.

THE NUMBER OF DUELS HE FOUGHT IS STATED AS 112, AND 70 OF THEM ARE REPORTED TO HAVE BEEN FATAL.

In the end he was convicted of accidental murder, and ended his adventurous life on the gallows at Castlebar. See "Life and Times of G. R. Fitzgerald," William S. Orr, London.

MRS. SIMMONS TO BE TRIED SEPT. 28

Battle Against Charges Prepared by Attorneys for Mother.

LEBANON, Ind., July 7.—Battle of Mrs. Carrie Simmons of Greenfield against the grand jury's accusation that she murdered her daughter, Virginia, and Alice Jean by inserting poison in picnic food June 21, was being prepared today by her attorneys.

Pleading not guilty Monday afternoon, Circuit Judge John Hornaday set Sept. 28 as the date for her trial in the Boone county court. The county grand jury returned the indictments Friday.

When Mrs. Simmons appeared in court for the hearing, it was the first time she had been out of her cell in the county jail since she was brought here two days after the funeral of the daughter, who died after eating sandwiches in which strychnine capsules had been placed.

Report of Coroner C. A. Owsley, filed shortly before the hearing, set forth that "evidence shows conclusively that the poison was put in the sandwiches at the home of John and Carrie Simmons and by some member of the Simmons family, and the evidence further tends to show that the poison was inserted in the sandwiches by one Carrie Simmons."

No effort has been made to obtain Mrs. Simmons' release.
