

Fillies in Rich Event

Top Flight Favorite of Big Field; Leiter Stable Reinstated.

By United Press
CHICAGO, July 8.—Top Flight, owned by C. V. (Sonny) Whitney, was a 5-2 favorite to capture the \$10,000 added Lassie stakes for 2-year-old fillies at Arlington park race track today.

Twenty-five fillies were named over night for the five-and-one-half-furlong race. If all twenty-five go to the post, the race will have a gross value of \$28,150, and the winner will get \$24,530.

Joseph Leiter, millionaire sportsman, who was suspended and fined \$250 a week ago, has been restored to good standing and his three fillies, Princess Ivre, Princess A. O. and Princess Camelia, were eligible for today's race. Leiter apologized Tuesday for remarks made to the stewards after Princess Camelia was disqualified in a race last week.

In addition to Top Flight, the outstanding contenders in the Lassie stakes are Marcasite, Butter Beans, At Sunrise, Palonaise, Gala Flight, Dark Seeker, Lady Teddy and Princess Camelia.

TWO BOYS BOTH HAVING THE SAME NAME, JAMES DOWNEY, ARE BURIED HEAD TO HEAD AND BOTH USE THE SAME GRAVESTONE ALTHOUGH THEY WERE TOTAL STRANGERS! © 1931 King Features Syndicate, Inc., Great Britain rights reserved.

Following is the explanation of Ripley's "Believe It or Not" which appeared in Tuesday's Times:

A Piece of Flying Steel Removed an Eye Cataract—Robert F. Lanharn of Bessemer, Ala., who had been practically blind in one eye

for many years, was recently employed as a mechanic in an auto repair shop of Leon Mulkey, 341 Monroe avenue, Memphis, Tenn., and in the course of his work had a slight accident in which his eye was hit by a flying bit of steel. The steel shaving mirac-

ulously removed the obstruction over his eyeball, causing him to regain his sight completely after a period of a few days.

William Beckford Wrote a Book at a Single Sitting—William Beckford (1759-1844) wrote "The History of the Caliph Vathek," a belleristic masterpiece, without a stop for food or sleep within three days and two nights. Beckford, who was an English eccentric of colossal wealth, wrote "Vathek" in the French language, in 1781. It was subsequently translated into English, and is described as a volume of oriental fiction which has no equal in European literature in its power to impress the imagination.
