

# COUNCIL SCANS COUNTY'S ROAD 'WASTE' PLANS

## Gravel Fund May Be Pared to Prevent So-Called Squandering.

Attention of Marion county councilmen was focused today upon commissioners' plans for huge road expenditures, as the council began its study of 1932 budget requests.

Unless the council pares the 1932 free gravel road fund request of commissioners, between \$60,000 and \$70,000 of the taxpayers' money may be spent unnecessarily, John Shearer, minority board member, has charged.

First of a series of meetings to be held by the council before it approves the budget, Sept. 8, was held Wednesday night at the county auditor's office.

### Pledged to Economy

The council is pledged to economy, with the task of keeping the 1932 budget within the 1931 figure.

Proposed road expenditures labeled as wasteful by Shearer, may be slashed to a minimum by the council.

Commissioners George Snider and Dow Vorhies vigorously are defending increases in the road budget, which would raise the road levy from the road superintendent's estimate of 1/2-cent to 1 cent.

Regarding taxpayers' requests for lower budgets, Commissioners Snider and Vorhies, according to their budget requests, want to spend an extra \$37,000 next year on a tax-gravel road building scheme.

### Board Cuts Are Likely

Some counties of the state are obtaining gravel as low as 12 1/2 cents a yard, it is claimed.

Charles Mann, county road superintendent, with whom the commissioners do not agree, stated recently the county could obtain "all the gravel it wants for 20 cents a yard."

Should the council fail to prune the road fund from the \$188,509, requested by commissioners, to the \$149,505, estimated by Mann, the state tax board may make the cuts. The tax board has final ruling on all tax levies.

The Democratic council, however, firmly has declared each member will live up to his campaign pledge of "economy in government and lower taxes."

### Two County Outings Planned

Former Orange and Crawford county residents will hold their annual reunion Sunday afternoon at Brookside park. Arthur T. Mayfield is president and Owen C. Boyd, secretary.

## CAPITALIST'S SON HURT

### Thomas Leiter Escapes Death as Car Plunges Into Ravine.

CHICAGO, Aug. 13.—Thomas Leiter, 21, of Washington, was recovering today from injuries received when his automobile crashed through a fence and plunged thirty-five feet into a deep ravine in Lake Forest.

Leiter is the son of Joseph Leiter, the capitalist. His injuries consisted of facial bruises and cuts. Police who examined the wreckage, said it was little short of a miracle Leiter escaped alive.

# POOR AID DEBTS TO BRING LARGE TAX INCREASES

## Wayne, Perry and Center Townships Will Be Hit Hardest.

Payment of poor relief debts, which hang like heavy anchors upon the county treasury, will cause large increases in three townships' tax rates for 1932, County Auditor Harry Dunn stated today.

Increases ranging from 3.6 to 11.5 cents will be necessary in Wayne, Perry, and Center townships. Levies for 1932 merely will pay debts already incurred, while poor relief expenditures for the coming year must be financed by bond issues.

This cycle of refinancing for poor relief may keep the county in debt for several years, it is said.

### Wayne Levy to Rise

Wayne township must raise its rate for the poor budget from 1 1/2 to 13 cents, because of an alarming decrease in taxable property, Dunn stated.

The Wayne rate in Indianapolis will be approximately \$3.01, and outside the city the levy will be about \$1.82.

These rates are based on assumption, Dunn said, that city, school, county and state tax rates remain the same as the 1931 figures.

Perry township must increase its rate 8 1/2 cents, while the Center rate for poor relief will be 7 cents, as compared with 34 cents for last year. Warren township will show a decrease.

### Some Miss Levies

Poor relief levies will not be necessary in Pike and Franklin townships next year, Dunn said.

Other township relief levies compared with 1931 levies follow: Decatur, 1932, 3 1/2 cents, and 1931, 9 mills; Lawrence, 1932, 1 1/2 cents, and 1931, 1 1/2 cents; Warren, 1932, 1 cent, and 1931, 2 1/2 cents, and Washington, 1931, 1 cent, and 1931, 5 mills.

### South Side Civic Club Takes Stand Flatly Against Petition.

Recommendation to the Indiana public service commission that it refuse to grant the petition of the Manufacturers Natural Gas Association, Inc., that it be given a certificate of necessity and convenience for distributing natural gas was passed at a meeting of the South Side Civic Club Wednesday night.

The petition reads: "The proposal to grant rights to a new company to distribute natural gas in this city is ill advised and against the general interests of the city as well as the industries themselves that are asking for this special service."

# N. Y. COPS TO MAKE 'DRUNKS' DO THEIR STUFF

## 'Intelligence Quiz' Will Be Given Each Suspect of Intoxication.

NEW YORK, Aug. 13.—The word "intoxication," defined by Webster's successors as "drunkenness" and accepted by some others as defining the state of one "paralyzed by intoxicating liquors," is to be given new meaning by the New York police department.

Commissioner Edward P. Mulrooney has ordered mental and general examination of each person taken into police station and accused of driving a vehicle "while intoxicated" to be conducted by the arresting police and the desk sergeant. Heretofore this examination has been conducted by an ambulance surgeon.

John J. Hennessey, deputy chief inspector, who after profound study and research, has compiled an examination to determine the state of intoxication of any one so examined, indicated surgeons and physicians were inclined to help clients

stay out of court by pronouncing them sober.

Hereafter, the judge before whom the case will be heard will receive a report direct from the police. It will be based on answers to these questions and conduct in these situations:

"Is there anything the matter with you?"  
"Have you been drinking?"  
"Have you been taking some medicine?"

The patrolman here is to take a whiff of the subject's breath and record his own reaction.

"Can the motorist stand without aid?"

"Can the motorist stoop without staggering?" (For instance, pick up a nickel from the floor.)

"Is the defendant's speech thickened, blurred, loud, blasphemous, abusive, normal?"

"What time is it and what day is it?"

"Is he or her violent?"

"Can he read with or without glasses?"

"What is the condition of his face and clothing?"

## RULES AGAINST CANNON

By United Press

WASHINGTON, Aug. 13.—The senate campaign funds investigating committee, fortified by a favorable court ruling, prepared today to press its inquiry into the 1928 presidential election activities of Bishop James Cannon Jr., of the Methodist Episcopal Church, South.

The churchman's lawyers were drafting an appeal from the ruling of Justice Joseph W. Cox, District

FOR FEMININE HYGIENE —SAFE AND EFFECTIVE

In this intimate matter, you can not afford to take even the slightest chance either of ineffectiveness or injury. You will find, as so many other women have, that Zemo is a powerful antiseptic, yet safe and soothing and absolutely non-injurious to the most delicate tissues.

Even the odor of Zemo is fresh and pleasant. For twenty-five years this standard formula has been used by millions of people as a germicide; and now the modern woman has "discovered" how perfect it is for the vaginal douche. You too will be delighted with it. Liquid Zemo is sold by every druggist; 35c, 60c, \$1.00.—Advertisement.

of Columbia supreme court, who denied Cannon legal protection from the senate inquiry. But the appeal was not expected to gain a hearing early enough to halt the Nye inquiry.
