

ENVOY IS HOST TO LINDY, ANNE

Rest at Summer Villa as
They Map Route.

By United Press
TOKIO, Sept. 1.—Colonel and
Mrs. Charles A. Lindbergh retreated to
a mountain resort today to re-

cuperate from their flight across
the Pacific and six days of official
receptions and banquets in Tokio.

They made a five-hour automobile
journey over rough mountain
roads to Karuizawa, popular summer
resort, where they are guests
at the summer villa of United States
Ambassador W. Cameron Forbes.

"We hope to get a good rest,"
Colonel Lindbergh said. "While we
are in the mountains we will plan
the remainder of our trip. We have
not decided when we will leave for
China or whether we will go to
the Philippine Islands."

RHODIUS SWIM STARS FETED

Celebration Marks Closing
of Pool for 1931.

Members of the Rhodius Park
Aquatic Club swimming team and
water polo team held a celebration
Monday night at the Rhodius park

pool, marking the closing of the
pool for the 1931 season.

The swimmers all turned to "cake
eaters" as they broke training for
home made cakes, baked by the
mothers of the athletes, and tackled
large dishes of ice cream.

Francis Hodges, director of the
Indianapolis chapter of the American
Red Cross, spoke briefly. Bob
Goodwin, representing the city re-crea-
tion department, also praised the
swimmers.

James Clark, head life guard and
coach of the swimming and polo
teams at Rhodius, presented each of
the thirty-three boys and thirteen
girls of the swimming team with
certificates showing the records of
the athletes for the season.

Similar awards were given twenty-
six members of the Rhodius water
polo squad.

Bandits Sentenced

By Times Special
BRAZIL, Sept. 1.—Claude Phoe-
nix, 39, and Francis Brooks, 22, both
of Dallas, Tex., were sentenced to
ten to twenty-five-year terms in the
Indiana state prison when they
pledged guilty here to charges of
automobile banditry.

AIRPORT FUNDS ACTION TAKEN

Creditors to Be Partially
Paid, Says Attorney.

Steps for making partial payment
to creditors in the municipal airport
administration building construction

are being taken by city and bonding
firm officials.

Works board members were noti-
fied Monday by James E. Bingham,
attorney for Commonwealth Casu-
ality Company, which provided bond
for Charles T. Caldwell & Co., in
the airport construction.

Bingham said payments of from
5 to 75 cent will be made to credit-
ors within a few weeks from the
city funds representing the balance
of the contract price. Charles O.
Britton, works board member, is re-
sponsible for the fund.

Total claims represent about
\$103,000, Bingham said, but these

may be reduced to approximately
\$80,000, he added. Whether or not
the bonding company will finance
the difference will depend on out-
come of a large number of pending
suits filed by creditors.

Work on the airport building was
completed by the bonding company
when the contractor became in-
volved in litigation.
