SEVEN SAVED FROM 'ISLAND OF RICHES'

Guadalupe Defeats Another Expedition in Search of Wealth.

By United Press
SAN DIEGO, Cal., Sept. 7.—Guadalupe island, which rears its rocky head a mile out of the blue Pacific off the Mexican coast, today had defeated another expedition in search of riches. Seven persons, one a woman and another cutter Tamarina in San Diego Sunday, rescued from the island.

Guadalupe lies 235 miles southwest of San Diego. The seven went there last July expecting to become rich as a result of rumors of controversy between King Carol and Nicholas Jorga.

Entirely unconfirmed reports said the gifts of King Carol to Mme. Magda Lupescu, with whom he lived in exile in France, were responsible for the crisis and that the premier had renounced with the monarch, threatening to resign.

Princess Helene, divorced wife of Carol, who has been in Scotland recently, was reported to have started back to Bucharest as a result of recent rumors that the king was seeking marriage with Princess Maria of Italy.

Everett Woagener, 33, of Gary, and his two companions, Harold Shears, 28, and Norman Brand, also of Gary, were halted by the bandits near the fairground and forced to drive to the scene under threat of being shot.

4-CENT SLICE IN COUNTY TAX LEVY PROPOSED

Chamber of Commerce
Would Lop \$166,096
From General Fund.

Proposing a 4 cents reduction in the 1932 county tax levy, the civic affairs committee of the Chamber of Commerce today had prepared a detail budget reduction that would set the levy at 33.5 cents.

The Chamber of Commerce would lop \$166,096 from the general fund, and cut \$54,410 from the county highway department budget.

The committee's recommendation would reduce the general fund levy from 20.5 to 17.5 cents, and its statement shows that the latter levy would produce \$1,343,000, while elimination of \$166,096 from the general fund would leave only \$1,328,382.07 to be raised for this fund.

Next to the highway department slash, the biggest cut proposed by the committee is in elimination of the sheriff's road patrol system, which the statement describes as a luxury too expensive to be maintained.

Cost \$50,000 Annually

The patrol is maintained at a cost estimated at \$50,000 annually. Salary reductions and elimination of employees would slice \$84,500 of the \$166,096 general fund decrease, and \$4,000 more would cut wages and team hire in the highway department.

County council will meet Tuesday to take formal action in fixing the budget and tax levy. Action probably will be brief, inasmuch as the councilmen have held several informal sessions over the budget, and final cuts were made at a meeting Sunday.

Councilmen have indicated there will be wholesale cuts in county employees, and have estimated the levy will be between 32 and 34 cents on each \$100 of taxable. The 1931 levy is 34.5 cents.

Recommend Salary Cuts

Salary reductions of deputies recommended by the Chamber of Commerce included:

Clerk, \$6,300; treasurer, \$650; recorder, \$690; coroner, \$1,410; Franklin township assessor, \$690; Warren township assessor, \$1,000; Washington township assessor, \$4,690; Wayne township assessor, \$5,155; per diem of petit jurors and meals and lodging in all county courts, \$7,600; per diem of special judges in four municipal courts, \$3,500; bookkeeper for probation department of municipal courts, \$1,900.

Recommendations also would cut salary of the county attorney from \$4,500 to \$3,500; salary of the county garage superintendent from \$1,800 to \$1,500, and eliminate the post of garage help with a salary of \$1,200 a year. Weights and measures clerk, with a salary of \$1,800, also would be cut out.

Anemia

That's One of Many Things You Can Learn About at Fair.

If you're thin and want to see yourself as others see you, then visit the Indiana university's exhibition. They've got white rats that never eat a spinach leaf and if you've neglected the "greens," too, you'll see what anemia that is anemia is.

Play with fire and you may get burned, but while you're near twenty Indiana boys this week.

For Thursday at the fair, Z. C. Sanderson, deputy state fire marshal, will commission twenty youths as junior state fire marshals. They will be inducted into office in front of the grandstand at 11:30 a. m.

One of Major Hoople's inventions has come to light—the larynx man's chair, a rockless rocker.

See it at the Manufacturers' building. It works, so Major Hoople couldn't have had much to do with it.

Farm experts—how can a W. F. Blalock of Greensburg get a squash out of a gallon tin showing in the agricultural building? Break the jug? Hm. That's an idea.

Be careful with that broadcasting set—you might start the farm tractor. A tractor at the fair is operated on the same principles as those used in remote control of airplanes, battleships and automobiles.

It's the only college newspaper in the world to publish a state fair edition. The Indiana Daily Student, published by fifteen students from Indiana university, made its first appearance today.

RUM SUSPECTS PINCHED AFTER 'THRILL CHASE'

Plain and Fancy Driving Is
Exhibited by Cops and
Pursued Pair.

When it comes to catch-as-catch-can driving, Police Sergeant Wayne Bear and his two partners, patrolmen Moore and Ritter, have it all over three alleged rum runners whom they captured Sunday.

Starting in pursuit of William Eads, 844 Church street, and Riley Mason, 442 Chadwick street, at Missouri and Norwood streets, the policemen followed the pair through alleys and streets on the south side until Eads, who was driving the car of the bootleg suspects, crashed the auto into a barn at the rear of 516 Abbott street.

Flees on Foot

Eads continued his flight on foot, allegedly smashing a gallon of alcohol as he jumped from the car. Patrolman Ritter took after Eads on foot while Sergeant Bear and Patrolman Moore seized Mason who was pinned in the car's wreckage.

Ritter's chase of Eads lasted for three-quarters of a mile, ending at Missouri and Wyoming streets. Eads was charged with transporting liquor, reckless driving and operating a blind tiger. Charges against Mason were operating a blind tiger and vagrancy.

A short time later, Bear and his squad arrested Archie Gaitner, Negro, 527 Douglas street, in the 500 block on Douglass street.

Foiled in Escape

Gaitner put his car in reverse when the police car blocked him, but Bear leaped to the running board of his car. Gaitner is said to have smashed a quart of alcohol by knocking it in the street, but another quart was found in his car, police say. He was charged with reckless driving, transporting liquor and operating a blind tiger.

Paul Ash, 750 North Holmes avenue, was charged Sunday with operating a blind tiger after Sergeant Jones and Patrolmen Timmerman and Burkett found sixty quarts of beer when raiding his home, they reported.
