

FOUR CLUBS TO KEEP BUSY AT SCHOOL NO. 80

Dramatic, Science, Library and Art Groups Are Organized.

Pupils at Frances Willard school No. 80, Sixty-second and Bellefontaine streets, have made their bed. Starting Friday, they are going to lie in it—and the chances are that they will enjoy it.

At the beginning of the year, the sixth, seventh and eighth grades chose the four clubs which they wanted to have. Friday, a dramatic club, an art club, a library club and a science club will begin activities in earnest.

Meetings of these organizations are to be held every Friday morning at the beginning of school in the classrooms. Occasionally, when one of the clubs has a program which it wants to present before the entire school, the meetings will take place in the auditorium.

Officers Are Chosen

President of the dramatic club is Gladys Scott, 6519 Ferguson street. Other officers are Roberta Bathurst, 6008 Carrollton avenue, vice-president, and Alfred Winter, 6171 Carrollton avenue, treasurer.

The club aims to give its members a chance to produce plays, and to give them some knowledge of the history of the drama.

The fifty members are divided into three groups: Those interested in plays for older children, those interested in plays for younger children, and those who want to write original plays.

After a preliminary session, to be conducted under parliamentary rules of order, the club will hold informal periods at each of its meetings. This part will be given over to reading of plays, play practice, voice and speech work and stage and costume design.

Miss Louise A. Wheeler is club sponsor.

Will Help P.T.A.

Officers of the library club are Catherine Hamilton, 6001 Norvalle avenue, president; Betty Boettcher, 6386 Broadway, vice-president, and Anne Marie Heintz, 6552 Bellefontaine street, secretary.

The club will study pottery of all periods, from the earliest known clay products to present forms.

Pursuing this end, the club will study in the library, write to leading potters of the country to get explanations of methods, collect various kinds of pottery for an exhibit, conduct excursions to local pottery plants and to the John Herron Art Institute, and do original work in clay.

Miss Ruby Denison is sponsor.

Officers Are Chosen

Officers of the art club are Shirley Atkins, 6021 Carrollton avenue, president; Paul Van Auken, rural route No. 1, Carmel, Ind., vice-president, and Paul Pleckett, 6420 Park avenue, secretary.

Activities planned for the club are studies of astronomy, prehistoric life, chemistry, and electricity.

The club is sponsored by Miss Florence Schaub.

Treatment Expected to Bring Back
Six Pounds of Lost Weight.

By Times Special
EVANSTON, Ind., Oct. 14.—Sly Girl, a Flemish rabbit, is fortunate in that her owner, Dr. C. J. Folz, has an office neighbor, Dr. Norman Hanes, a dentist.

The rabbit's front teeth, once even and white, became discolored and sore, and she was hardly able to eat even lettuce.

With Miss Mary Fuqua, a nurse, as assistant, Dr. Hanes ground the teeth, and Sly Girl probably will soon regain weight, which dropped from sixteen to ten pounds.
