

## PARLIAMENT IS OPENED; PEACE, IS KING'S PLEA

George V Appeals for World to Use Knife on Vast Armaments.

By KEITH JONES  
United Press Staff Correspondent  
LONDON, Nov. 10.—King George opened the new parliament today with an appeal for international cooperation to solve world disarmament and economic problems.

"My government is giving particularly close attention to the preparations for the approaching disarmament conference," the king said in his speech delivered to parliament assembled in the house of lords.

"I am convinced that the success of the conference will produce great universal benefit."

Without mentioning the tariff question, the king called the attention of the nation to the fact that in the general election it gave "a clear and emphatic mandate" to the national government to carry out any proposals deemed necessary to revive confidence in British finances and to restore a favorable trade balance. The Conservatives, who control parliament by a large majority, have demanded establishment of tariffs.

### Ceremony Is Colorful

The usual impressive ceremony and colorful costumes at the banquet belie a business depression and a depressed currency.

The king indicated the government would accept the Canadian invitation to attend the forthcoming Empire conference at Ottawa and said "it is my earnest prayer" that the India round table conference may be successful.

Lady Astor, American born member of parliament, was one of the first to enter the house of commons in the usual helter-skelter rush to lay claim to the best seats. She bantered with the Laborite extremists as they tagged their seats with white cards and then trooped out into the lobby.

"My lords, members of the house of commons," the king said in beginning his speech with reference to foreign affairs, "my relations with foreign powers continue friendly. My government intends to pursue a policy of promoting peace and good will and to continue an active interest in the work of the League of Nations."

### Prays for Success

"The India round table conference continues its work and the conference with representatives of Burma will assemble very shortly.

"It is my earnest prayer that the deliberations of both may be crowned with success."

"My government received from the government of the Dominion of Canada a proposal that the economic conference which was adjourned in 1930 should be convened at Ottawa as soon as possible. This invitation has been welcomed by my ministers and will be considered in a most sympathetic spirit and with earnest desire to come to some mutually advantageous arrangement with the governments of my dominions."

BOY, 15, TURNED INTO TORCH BY OLDER 'PALS'

Lad, Seriously Burned, Tells How Chums Set Clothes Afire.

By United Press  
CLEVELAND, Nov. 10.—Harry Nawrocki, 15, his lips compressed with pain, told police today how two older boys poured oil on his clothing and then set fire to his garments.

While police were more inclined to believe the boy's plight was the result of an accident, his parents insisted the older boys ignited his clothing and then fled, leaving him to extinguish the flames as best he could. He was burned seriously, although expected to recover.

Harry, who is small for his age, said he was playing with the other boys when they seized him, poured oil on him from a can they found and then touched him with a flaming stick. He rolled down an embankment into a draining ditch to put out the flames, he said.

## ALLEGED LIQUOR KING OF MARION GIVEN GRILLING

Special Prosecutors Race Against Time in Probe of Ogden Charges.

By United Press  
MARION, Ind., Nov. 10.—An answer to charges that Marion is "seething in corruption" was sought today by George Hufsmith, special prosecutor, in questioning of two men, both reputed liquor dealers. Racing against time, Hufsmith hoped to have his evidence ready to present to the grand jury before it is discharged Saturday.

Harry Miller, alleged liquor "king" of Grant county, surrendered to Hufsmith and his assistant, E. H. Graves, on charge of transporting liquor. A few hours before Miller surrendered, his brother-in-law, Ashely Quirk, was arrested.

The affidavit against Miller and

## Not in Clover

By United Press  
PIGCHER, Okla., Nov. 10.—When Mrs. Josephine Clover returned from a two week's vacation her house was missing. An investigation revealed neighbors, fearing a hard winter, had made kindling wood out of it.

Quirk was signed by Arthur Bruner, investigator for Attorney-General James M. Ogden, who made the corruption accusation. It was filed over the protest of Harley F. Hardin, Grant county prosecutor, whose office is being investigated by Hufsmith.

Hufsmith today hoped to establish a link between Marion officials and law violators. Hardin, in protesting against the affidavit, pointed out that he had prosecuted eighty-nine liquor cases in Grant county since Jan. 1. "In view of that record, how could I be connected with them?" Hardin asked.

Ogden announced that the special investigation would not halt with dismissal of the grand jury Saturday. "We have no intention of quitting," he said. "We'll continue until this thing is cleaned up."

Challenge to a statement by Mayor Reginald H. Sullivan that "nobody went hungry in Indianapolis last winter" was sounded today when officials of the Unemployed Council invited public officials and heads of charity organizations to an unemployment meeting at 2 Sunday at Workers' Center, 932½ South Meridian street.

The letters, signed by Walter Knickerbocker, secretary of the Unemployed Council, said:
