

\$575,000 BOND LOOT GIVEN UP BY BANDIT GANG

Robbers Beat Raid, Leave
Fortune in Suitcase
on Corner.

CHICAGO, Jan. 6.—A suitcase packed with \$575,000 in bonds found in the dead end of a Chicago street corner today brought to a dramatic end a thrilling 80,000-mile search for the stolen securities of the Lincoln (Neb.) National bank. The bonds were part of \$2,875,000 loot from a machine gun holdup of the institution Sept. 17, 1930.

The story of the recovery of the securities, more reminiscent of a Sherlock Holmes yarn than routine police work, was told by Investigator Roy Steffans today.

Steffans is part of Chicago's mysterious "secret six," super crime-fighting organization of business men. He has been working for months on the case.

"I and other detectives had traveled 80,000 miles through forty states on the trail of the bank raiders," Steffans, whose black hair at 45 is graying, said in a husky voice. "We were close behind them. A west side Chicago apartment was located as their hideaway and we were about to raid the place."

"Tuesday at 2 a. m. I was awakened by a phone call. A voice said 'call off that raid or you'll be killed. We're bringing the stuff over to the corner by your house right now.'"

"I was afraid they meant to kill me and my wife and children. I called Detectives Charles Touzinsky and Hal Roberts and asked them to come over. Then my wife and I barricaded a room and hid the children there. She watched at

Bonded Stuff

NEW YORK, Jan. 6.—Edward E. Babcock is thankful for a burglar with a conscience that let him take only what he needed most. Monday, a chilly day, a burglar entered Babcock's office and took an overcoat. He left \$2,000 in securities, checks made out to "cash," and a bottle of gin, all of which were reported "good stuff."

a window while I got out my sub-machine gun."

When the officers arrived, they went to the corner and found a suitcase standing under a lamppost. In it were the securities.

"We were so close on the bandits' trail, they hadn't had a chance to clip a coupon from the bonds," Steffans said. "It was the largest amount of loot ever returned voluntarily by thieves."

In the presence of Alexander Jamie, chief investigator of the Secret Six, and Max Towle, Lincoln prosecutor, the 100-pound suitcase of bonds was turned over to W. E. Barclay, director, and D. E. Love, former vice-president of the institution which was forced to close by the tremendous loss in the raid.

The loss to the Lincoln bank was cut to \$15,000 by the return. Proof has been given the institution of destruction of \$2,217,000 of non-negotiable bonds, allowing issuance of duplicate certificates. Insurance covers the remainder of the loss.

Both Jamie and Towle denied the recovery was facilitated by Gus Winkler, Capone gangster and friend of Fred Burke, notorious bank robber. Winkler, when held in connection with the Lincoln holdup, offered to obtain the bonds if given freedom. He subsequently was released when an alibi was proved.

"Winkler had nothing to do with the return of the bonds," Jamie said.

It is estimated that railway porters in the United States receive about \$7,000,000 a year in tips.

LEGION PLEDGES DRIVE FOR JOBS

One Million More Employed,
Committee's Goal.

NEW YORK, Jan. 6.—A national drive for 1,000,000 jobs was planned by the American Legion today, following adoption of an employment program in an all-day committee session here yesterday.

The five-day week and the six-hour day in its plan to relieve unemployment. The million men in the legion ranks, and the women's auxiliary will begin the campaign by urging employers in every section of the country to add 10 per cent more workers to their pay rolls "as a patriotic duty."

The program also included a request to the government for extension of existing bureaus of the United States veterans' employment service.

Industrial leaders and spokesmen for labor unions attended the session. Henry L. Stevens, national commander, reported co-operation was pledged by those at the meeting.

THE proposed closing of
schools in Chicago due
to lack of funds thus far has
brought no protest from the
pupils.

CHICAGO will adopt the six-
hour day and will no doubt
discover that the usual eight-
hour job can easily be done in
six hours.

BY this time New Year's
resolutions are beginning
to resemble something the
cat dragged in.

AND it's not amiss to men-
tion that wet, slippery
streets and smooth tires make
a nice combination for an acci-
dent. If your tires are smooth,
replace them now for safety and
economy. Miller Tires, with the
famous Geared-to-the-Road
Safety tread are now selling at
the lowest prices in the history
of the industry.

WITH 9,000 bills intro-
duced since the open-
ing of Congress and more being
presented daily, we believe
that this is another instance
where the supply greatly ex-
ceeds the demand and steps
should be taken to curtail
production.

AND now we learn that
Congressmen will have
their speeches transcribed on
records and sent to local sta-
tions to be broadcast. Well,
anyway, there's a remedy for
that.

AND we also learn that
plans are being made to
broadcast the entire Con-
gressional proceedings over a
national network. If they can
furnish us with a little diver-
sion that will help us overlook
a lot of things.

What's your VERDICT?

Light up... Convince Yourself that Chesterfields Satisfy

FLIP OPEN a pack of Chesterfields! Help yourself
to a cigarette...Light up...and let's get the facts.
Mister...you're dead right. They're milder! And
when the cool, fresh Chesterfield smoke hits the
taste-spot...there's no question about it...they do
taste better!

It's no secret in tobacco circles that Chesterfield
buys the finest tobaccos that grow...Turkish and
Domestic...sun-ripened, mellow, pure!

Chesterfields are blended first...then cross-blended
...to make them milder...and milder still! There's
no mistaking that rare balance of flavor built up by

Cross-Blending. You enjoy it in every fragrant puff!
Even the cigarette paper is different. Cleaner,
whiter, tasteless...the purest that money can buy.
Listen, smokers...this is straight. You can't put
taste in a cigarette...unless quality goes in, too.
You can taste the goodness in Chesterfields...
actually tell the difference. But light up...and
convince yourself.

● Pass your verdict on Chesterfield's Radio Program, too! Nat
Shilkret's 35-piece Orchestra with Alex Gray, soloist, are on the
Columbia Network every night except Sunday, at 10:30 E. S. T.
